Message from Director General Telecom

I extend my sincere congratulations to the officers and staff associated with the compilation and publication of this Compendium of important circulars on Infrastructure Providers (IP-1) under DoT guidelines.

The consolidation of various circulars issued from time to time into a single, well-structured Compendium is a significant and timely initiative. It will greatly facilitate ease of reference, ensure uniform understanding, and support effective implementation of policies and instructions across the organization.

Such an effort reflects institutional foresight and a commitment towards strengthening administrative efficiency, transparency, and informed decision-making. I appreciate the meticulous efforts, coordination, and dedication of all those involved in compiling and presenting the circulars in a systematic and user-friendly manner.

I am confident that this Compendium will serve as a valuable reference document for officers and stakeholders and will contribute meaningfully to the effective discharge of official responsibilities.

I convey my best wishes to the team for continued success in their future endeavors.

Ramesh Kumar Goyal
Director General Telecom

Message from Addl. Director General Telecom

भारत दूरसंचार

Dear Readers

I am happy to note that Technology Unit of DGT HQ and Maharashtra LSA under the able guidance of the Head of Madhya Pradesh LSA has prepared a comprehensive compendium on Infrastructure Providers (IP-1) under DoT guidelines.

Infrastructure Providers (IPs) constitute a vital pillar of the telecom ecosystem by enabling the establishment, upkeep, and strengthening of telecom infrastructure across the country. Their contribution is essential for ensuring network reliability, timely expansion of services, and improved connectivity, particularly in remote and challenging regions. The sustained efforts of IPs are central to building a resilient, secure, and future-ready national communications network.

INDIA TELECOM

I commend the team for their meticulous effort in collating this resource, which will serve as a useful reference. It is hoped that this compendium will be continually updated and serve as a guiding beacon for stakeholders interested in Infrastructure Providers related endeavors.

My best wishes to the editorial team for these excellent initiatives.

Suresh Puri
Addl. Director General Telecom

1.Introduction

Telecom infrastructure companies provide the physical and virtual components that enable telecommunication networks. These companies build, maintain, and operate the towers, cables, and other equipment that transmit voice, data, and video signals. Key players include those specializing in tower construction, fiber optic networks, and active network equipment like routers and switches.

Examples of Telecom Infrastructure Companies:

- **Tower Companies:** Indus Towers, Summit Digitel (formerly ATC), GTL Infrastructure, and Ascend Telecom Infrastructure are major players in building and managing cell towers.
- **Fiber Optic Network Providers:** Companies like HFCL are involved in the manufacturing of optical fiber cables and other telecom equipment.
- **Active Network Equipment Providers:** Companies like Tejas Networks are involved in designing and manufacturing active network equipment like routers and switches.
- **Other Infrastructure Providers:** Companies like IBus Networks and Kavveri Telecom Infrastructure also contribute to the telecom infrastructure landscape.

2.Key Areas of Telecom Infrastructure:

- **Towers and Antennas:** Provide physical structures for mobile network antennas and other wireless communication equipment.
- **Fiber Optic Cables:** Carry large amounts of data over long distances, forming the backbone of many networks.
- **Active Network Equipment:** Includes routers, switches, and other devices that process and transmit data signals.
- **Backhaul Networks:** Connect the core network to the access network, often using microwave or fiber optics.
- **Small Cells and DAS:** Used to enhance network coverage in specific areas, particularly in dense urban environments.

Telecom infrastructure forms the foundation for various services like:

- **Mobile Networks:** Enables voice calls, text messaging, and mobile internet access.
- **Fixed Broadband:** Provides internet access to homes and businesses through fiber optic or other wired connections.
- **Cloud Computing and Data Centers:** Requires robust network connectivity and infrastructure to support data storage and processing.
- **5G Deployment:** Requires significant investment in new infrastructure, including small cells, millimeter-wave technology, and fiber optics.

3.Infrastructure provider category- I (IP- I)

The Infrastructure Providers Category-I are those Infrastructure Providers who provide assets such as Dark Fiber, Right of Way, Duct space, Tower and Poles. This was opened to private sector with effect from 13.08.2000. Indian companies registered under Companies Act 1956/2013 are eligible to apply. No license is issued for IP-I. The applicant company is required to be registered with DoT only. There is no restriction on foreign equity and number of entrants. There are no entry fee and no bank guarantee. The applicant company is required to pay Rs. 5000/- as processing fee along with the application.

Infrastructure Providers Category I (IP-I) can establish and maintain the assets such as Dark Fibers, Right of Way, Duct Space, Tower and Poles for the purpose to grant on lease/rent/sale basis to the licensees of Telecom Services licensed under Section 4 of Indian Telegraph Act, 1885 on mutually agreed terms and conditions. In no case the company shall work and operate or provide telegraph service including end to end bandwidth as defined in Indian Telegraph Act, 1885 either to any service provider or any other customer.

<https://dot.gov.in/infrastructure-provider>

4.Guidelines for the registration of IP-I:

The following are the guidelines for the registration of Infrastructure Providers Category-I to be called IP-I:

1. The applicant must be an Indian company, registered under the Companies Act, 1956/2013.
2. FDI upto 100% under automatic route subject to Para 3.1.1 of FDI policy 2020 (as amended vide Press Note 3 (2020) series dated 17.04.2020) and observance of conditions of IP-1 Registration by the company as well as investors as notified by the Department of Telecommunications (DoT) from time to time.
3. An entity of a country, which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, can invest only under the Government route.
4. In the event of the transfer of ownership of any existing or future FDI in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the restriction/ purview of para (3) above, such subsequent change in beneficial ownership will also require Government approval.
5. Both direct and indirect foreign investment in the applicant company shall be counted for the purpose of calculating total FDI.
6. The applicant company/ Indian Promoters/ Investment Companies including their holding companies shall comply relevant provisions of extant FDI policy of the Government.
7. FDI shall be subject to laws of India and not the laws of the foreign country/countries. The applicant company shall comply with the relevant provisions of FDI policy of the Government and such modifications to the policy as may be issued from time to time.
8. The company shall submit the application for registration in the prescribed form in online mode.
9. The applicant company shall make its own arrangement for Right of Way (ROW).

भारत कनेक्ट
INDIA TELECOM

10. Change in the name of the applicant company or the licensed IP-I, as the case may be, shall be permitted in terms of the provisions under the Companies Act, 1956/2013.
11. The applicant company shall be informed of the approval or rejection of the application as far as practicable within 15 days of submission of the application.
12. The registration for IP-I shall be on **non-exclusive basis** without any restriction on the number of entrants.
13. The IP-I registered company shall provide **dark fibres, Right of Way, duct space, towers, Poles on lease *I* rent out *I* sale basis** to the licensees of telecom services on mutually agreed terms and conditions.
14. The IP-I registered company **shall submit a copy of an agreement** entered with the telecom service providers **to DOT within 15 days** of signing of such agreement.
15. IP-1 registered company shall provide for the use of infrastructure in a nondiscriminatory manner.
16. The applicant company shall pay a processing fee of Rs. 5,000/- along with the application.
17. IP-I registration application are to be submitted through online portals such as SaralSanchar and NSWS (National Single Window System).
18. The company shall in no case, grant in any manner the infrastructure to any erstwhile Licensee whose license is either terminated or suspended or not in operation at given point of time.
19. IP-I registration holders shall not enter into any exclusive contract for establishing the infrastructure (under the scope of IP-I registration) or RoW with any public entity or person.

5.Annual Inspection Requirements of IP-I:

The frequency of Inspection is once in three year. The following details are required during inspections.

- Name, CIN, Registration No. of IP-I

- Contact details of Authorized Signatory & Nodal Officer
- Details of services offered
- Disclosure of service withdrawal to TSPs (past 2 years)
- Sample agreements & compliance records

6.PM GatiShakti Nation Master Plan: Mapping of optical fiber

भारत दूरसंचार

The PM Gati Shakti National Master Plan is a transformative approach to infrastructure development in India, aiming to achieve coordinated and integrated planning for multi-modal connectivity and economic growth. Launched on October 13, 2021, it focuses on synchronizing various infrastructure projects across different ministries and state governments. The PM Gati Shakti National Master Plan includes mapping of Optical Fiber Cables (OFC) to facilitate better planning and execution of infrastructure projects. The Department of Telecommunications (DoT) is actively involved in mapping OFC laid by various entities, including PSUs like RailTel, BSNL, and GAIL, as well as state governments. This mapping is part of a larger effort to create a comprehensive digital platform with integrated data layers for infrastructure planning and execution

INDIA TELECOM

Key aspects of OFC mapping within PM GatiShakti:

- **Data Collection:** The Department of Telecommunications (DoT) is coordinating with various stakeholders, including state governments and telecom infrastructure providers (IP-1s), to gather data on OFC installations.
- **GIS Platform:** The collected data is integrated into the PM GatiShakti National Master Plan platform, which uses a Geographic Information System (GIS) for visualization and analysis.
- **Utilizing Existing Infrastructure:** Mapping OFC helps identify underutilized or unused fiber, enabling better utilization and potentially generating revenue for OFC owners.

- **Fiberization of Towers:** The mapped OFC data helps in the rapid fiberization of mobile towers, improving broadband connectivity, especially in rural and remote areas.
- **Integration with Other Infrastructure:** The OFC data is integrated with other infrastructure layers, such as roads, railways, and power lines, enabling holistic planning and coordination for multi-modal connectivity.
- **Facilitating Telecom Rollout:** The PM GatiShakti platform helps in streamlining the Right of Way (RoW) process for OFC laying and telecom infrastructure setup, reducing delays and facilitating faster rollout of telecom services

<DoT - PM GatiShakti National Master Plan Platform>

भारत दूरसंचार

7. Right of Way (RoW)

The Centralized Right of Way (RoW) Permissions system serves as a collaborative institutional mechanism, uniting all stakeholders, including Central and State/UT Governments, local bodies and service providers, to streamline the Right of Way (RoW) application process through a unified interface. This initiative aims to foster transparency, accountability, and responsiveness among stakeholders while processing applications. It marks a significant step forward in enhancing "Ease of Doing Business" by simplifying and expediting the procedures for the installation of digital infrastructure.

INDIA TELECOM

The Centralized Right of Way (RoW) Permissions system offers a comprehensive suite of services designed to streamline the RoW application process and ensure efficient implementation of digital infrastructure across India. Key features and services include:

Unified Application Platform: Applicants can submit RoW permission requests for any state in India through a single interface, simplifying the process and eliminating the need to interact with multiple authorities.

Centralized Application Tracking: Users can track the status of their applications in real-time, ensuring transparency and providing visibility into the progress of the approval process.

Automated Alerts: Applicants receive automated notifications and updates at each stage of the application processing, ensuring timely awareness of any changes or requirements.

Faster Application Approvals: By centralizing and monitoring the application pendency at a Higher level, this system ensures faster and more timely approval of applications, reducing delays and accelerating the process.

Centralized Help Desk: A dedicated help desk is available to assist applicants with any queries or issues, offering support throughout the application process and facilitating smoother interactions with authorities.

Accelerated Service Rollout: The streamlined RoW approval process directly contributes to the faster deployment of services such as 5G, Fiberisation of Towers, and broadband connectivity, enhancing access for citizens and institutions across the country.

This system enhances operational efficiency by facilitating the rapid and seamless deployment of digital infrastructure.

8. IP-1 role in Disaster Management

IP are expected to provide important role in **Disaster Management** of Telecom Network by way of

- Share CoW BTS details for effective utilization and diversion in case of emergencies.
- Details of Spares like movable Engine Alternators, cards, TX Equipment's, Tools & Testers, Fuel etc be submitted.
- Details of Experts in each technology, OEM, AMC vendors be identified and circulated.
- Use of New Technology like Drones, Satellite Communications etc., sharing of each other resources, Coordination with IP etc. be ensured by TSPs.

For Disaster-Resilient Telecommunication Infrastructure, the SoP for Telecommunication Services for responding to disasters are as follows.

- Install telecom equipment at safe and suitable locations in disaster-prone areas
- In flood/coastal zones, ensure: Exchanges/equipment are at higher altitudes, Plinth levels are elevated
- Avoid concentration of critical equipment in one building
- Equip all sites with fire protection systems (detection & extinguishing)
- Ensure compliance with seismic zone building bylaws for earthquake resistance
- Use underground ducts for communication cables wherever feasible
- Disaster management centers should be connected via underground cables

The following actions for Green Energy in Telecom Infrastructure can be done by IPs.

- Adopt renewable energy sources like solar and hybrid systems for powering telecom sites
- Deploy energy-efficient equipment (low-power BTS, rectifiers, cooling systems)
- Utilize Lithium-ion or advanced batteries to reduce diesel generator dependency
- Implement smart energy management systems for monitoring and optimizing energy use
- Upgrade to passive infrastructure sharing to reduce energy consumption per operator
- Promote green building standards for new infrastructure (energy-efficient lighting, HVAC {Heating Ventilation and Air Conditioning}, etc.)
- Participate in carbon credit and sustainability initiatives https://dot.gov.in/green-telecom

Subject: Amendment in para 6 of IP-I Registration Certificate.

The undersigned is directed to convey the approval of the competent authority for amendment of para 6 of the IP-I Registration Certificate as given below with immediate effect.

6.0 The Registered company can provide the infrastructure as stated above to any licensee of Telegraph services Licensed under section 4 of the Indian Telegraph Act 1885. The company shall, in no case, grant in any manner the infrastructure to any erstwhile Licensee whose licence is either terminated or suspended or not in operation at given point of time. In the event of any infrastructure allowed before hand, then the Registered company shall be obliged to withdraw the grant of infrastructure and to disconnect or sever connectivity immediately without loss of time and further, upon receipt of any reference from the Licensor in this regard, disconnection shall be made effective within an hour of receipt of such reference. On the question of disconnectivity the decision of the Director General Telecom shall be final.

2. Other terms and condition of the IP-I Registration Certificate shall remain unchanged.

REVISED GUIDELINES FOR REGISTRATION OF INFRASTRUCTURE PROVIDERS-CATEGORY-I (IP-I)

The Infrastructure Providers Category-I are those Infrastructure Providers who provide assets such as dark fibres, Right of Way, duct space & tower.

The following are the guidelines for the registration of Infrastructure Providers Category-I to be called IP-I.

1. The applicant must be an Indian company, registered under the Companies Act, 1956.
2. FDI up to 100%, with 49% under automatic route and beyond 49% through FIPB route subject to observance of conditions of IP-I Registration by the company as well as investors as notified by the Department of Telecommunications (DoT) from time to time.
3. Both direct and indirect foreign investment in the applicant company shall be counted.
4. The applicant company/Indian Promoters/Investing Companies including their holding companies shall comply with relevant provisions of extant FDI policy of the Government.
5. The company shall submit the application for registration in the prescribed form.
6. The applicant company shall make its own arrangement for Right of Way (ROW).
7. Change in the name of the applicant company or the licensed IP-I, as the case may be, shall be permitted in terms of the provisions under the Companies Act, 1956.
8. The applicant company shall be informed of the approval or rejection of the application as far as practicable within 15 days of submission of the application.
9. The registration for IP-I shall be on non-exclusive basis without any restriction on the number of entrants.
10. The IP-I registered company shall provide dark fibres, Right of Way, duct space, towers on lease / rent out / sale basis to the licensees of telecom services on mutually agreed terms and conditions.
11. The IP-I registered company shall submit a copy of an agreement entered into with the telecom service providers to the DOT within 15 days of signing of such agreement.
12. IP-I registered company shall provide for the use of infrastructure in a non-discriminatory manner.
13. The applicant company shall pay a processing fee along with the application of Rs. 5,000/- in the form of Demand Draft/Pay Order payable at New Delhi in the name of Pay & Accounts Officer (Headquarter) DOT and the same shall not be refunded for any reason whatsoever.
14. The application is to be submitted to the Section Officer, CS-III, Department of Telecommunications, Room No.713, Sanchar Bhavan, 20 Ashok Road, New Delhi-110 001.

REVISED APPLICATION FOR REGISTRATION OF INFRASTRUCTURE PROVIDER – CATEGORY-I (IP-I)

1. Name of Applicant Company: _____

_____

2. Complete postal address with Telephone/FAX Nos./E-Mail

i) Corporate Office _____

_____

_____

ii) Registered Office _____

_____

_____

3. Address for correspondence with Telephone/FAX Nos./E-mail _____

_____

_____

4. Name of Authorised contact person, his designation, address and Telephone/FAX Nos./Email _____

5. Details of payment of processing fee (DD/PO to be enclosed in a Separate envelope).

6. Certified copy of Certificate of Registration along with Articles of Association and Memorandum of Association to be attached.
(To be certified by the Certificate from Company Secretary/Statutory Auditor and countersigned by Director duly authorised by the company)

7. Details of Promoters/Partners/Shareholder in the Company: The Promoters to be indicated.

S.No.	Name of Promoter / Partner	Indian / Foreign	Equity %age.
____	_____	_____	_____
____	_____	_____	_____
____	_____	_____	_____
____	_____	_____	_____

(Complete break-up of 100% of equity must be given. Equity holding upto 5% of the total equity shared among various shareholder can be clubbed but Indian and Foreign equity must be separate.)

8. Certified copy of approval of Government of India for Foreign Equity (To be applicable if FDI is more than 49%) (Certificate from Company Secretary/ Statutory Auditor countersigned by Director duly authorised by the company to be attached)

9. Resolution of Board of Directors / other proof that the person signing the application is authorized signatory, to be attached.

Certificate:

(I) I hereby certify that I have carefully read the guidelines, for the registration as Infrastructure Provider-I and I undertake to comply with the terms and conditions therein.

(II) I understand that this application if found incomplete in any respect and/or if found with conditional compliance shall be summarily rejected.

(III) I understand that all matters relating to the application will be subject to jurisdiction of courts in Delhi / New Delhi only.

(IV) I understand that if at any time any averments made or information furnished for obtaining the registration is found incorrect then my application and the registration if granted thereto on the basis of such s application shall be cancelled.

(V) I understand that in case it is decided to grant licence under section 4 of Indian Telegraph Act, 1985 to Infrastructure Provider Category-I (IP-I) instead of registration, at a later date, the said registration shall stand cancelled after the prescribed period as decided by the competent authority and the Infrastructure Provider (IP-I) shall have to apply for grant of specified licence/authorisation at that point of time as per terms and conditions applicable for such license/authorisation.

Date :
Place:

Signature and name of the
Authorised Signatory
(Company's seal)

CHECK-LIST

The Following documents should be submitted along with the application for IP-I Registration:

S.No	Particulars
1.	Application form in prescribed format.
	Corporate Office address/ Registered Office address given along with address for correspondence with Telephone / FAX / Email and Name of Authorized contact person, his designation, address and Telephone/FAX No./Email.
2.	Processing fee as prescribed.
3.	Certified copy of 'Certificate of Registration' along with AoA & MoA duly certified by Company Secretary / Statutory Auditor and countersigned by Director duly authorized by the Company.
4.	a) Details of Promoters / Partners /Shareholders in the Company provided in the format prescribed as given in the application form.
	b) Equity details of Indian & Foreign (Certified by Company Secretary/Statutory auditor and duly counter signed by Director duly authorised by the Company).
	c) Certified copy of approval of Government of India is given for Foreign equity, if Foreign equity is more than 49% (Copy of FIPB approval).
5.	a) Resolution of Board of Director that the person signing the application is authorized signatory. Such resolution should be signed with stamp by a Director but not by authorized signatory himself clearly mentioning the name of the Director signing the document.
	b) Signature of the authorized signatory should be attested by any of the other Director of the company or company Secretary as the case may be.
6.	List of Board of Directors along with their nationality (It should be clearly indicated that whether they are Resident Indian Citizen/NRI/Foreign Nationals).

Registration Certificate No.: /20xx **Dated:**

Registration Certificate For Infrastructure Provider Category-I (IP-I)

This is to certify that M/s .....with registered office at ..... is registered as Infrastructure Provider Category I (IP-I) to establish and maintain the assets such as Dark Fibres, Right of Way, Duct Space and Tower for the purpose to grant on lease/rent/sale basis to the licensees of Telecom Services licensed under Section 4 of Indian Telegraph Act, 1885 on mutually agreed terms and conditions.

2.0 In no case the company shall work and operate or provide telegraph service including end to end bandwidth as defined in Indian Telegraph Act, 1885 either to any service provider or any other customer.

3.0 The company shall submit a copy of an Agreement entered into with the telecom service providers within 15 days of signing of such Agreement.

4.0 The company shall provide the said infrastructure in a non-discriminatory manner.

5.0 In the event of any question, dispute or difference arising under this Registration, or in connection thereof, except as to the matter, the decision of which is specifically provided elsewhere under this Registration, the same shall be referred to the sole Arbitrator appointed and nominated by the Director General Telecommunications or by whatever designation Director General Telecom may be called, hereinafter called the "ARBITRAL TRIBUNAL".

5.1 This Registration Certificate and any dispute thereof shall be governed by the substantive provisions of Indian law.

5.2 The venue of Arbitration shall be New Delhi or as may be fixed by the ARBITRAL TRIBUNAL anywhere in India.

5.3 The arbitration proceedings shall be conducted in accordance with the provisions of the Indian Arbitration and Conciliation Act, 1996 and rules framed there under or any modifications or re-enactment thereof made from time to time.

6.0 The Registered company can provide the infrastructure as stated above to any licensee of Telegraph services Licensed under section 4 of the Indian Telegraph Act 1885. The company

shall, in no case, grant in any manner the infrastructure to any erstwhile Licensee whose licence is either terminated or suspended or not in operation at given point of time. In the event of any infrastructure allowed before hand, then the Registered company shall be obliged to withdraw the grant of infrastructure and to disconnect or sever connectivity immediately without loss of time and further, upon receipt of any reference from the Licensor in this regard, disconnection shall be made effective within an hour of receipt of such reference. On the question of disconnectivity the decision of the Director General Telecom shall be final.

7.0 The Registered company shall provide necessary facilities depending upon the specific situation at the relevant time to the Government to counteract espionage, subversive act, sabotage or any other unlawful activity.

7.1 The Registered company shall make available on demand to the agencies authorized by the Government of India, full access to the network for technical scrutiny and for inspection which can be visual inspection or any operational inspection.

7.2 All foreign personnel likely to be deployed by the Registered company for installation, operation and maintenance of the Registered company network shall be security cleared by the Government of India prior to their deployment. The security clearance will be obtained from the Ministry of Home Affairs, Government of India, who will follow standard norms in the matter.

7.3 The Registered company shall ensure protection of privacy of communication and ensure that unauthorized interception of messages does not take place.

7.4 The Government shall have the right to take over the equipment and networks of the Registered company or revoke/terminate/suspend the Registration of the company either in part or in whole as per directions if any, issued in the public interest by the Government in case of emergency or war or low intensity conflict or any other eventuality. Provided any specific orders or direction from the Government issued under such conditions shall be applicable to the Registered company and shall be strictly complied with. Further, the Government reserves the right to keep any area out of the operation zone of the service if implications of security so require.

7.5 Government reserves the right to modify these conditions or incorporate new conditions considered necessary in the interest of national security and public interest.

7.6 The Registered company will ensure that the Telecommunication installation carried out by it should not become a safety hazard and is or in contravention of any statue, rule or regulation and public policy.

7.7 In case it is decided to grant licence under section 4 of Indian Telegraph Act, 1985 to Infrastructure Provider Category-I (IP-I) instead of registration, at a later date, the said registration shall stand cancelled after the prescribed period as decided by the competent

authority and the Infrastructure Provider (IP-I) shall have to apply for grant of specified licence/authorisation at that point of time as per terms and conditions applicable for such license/authorization.

8.0 Any breach of the above terms will lead to cancellation of the registration without any further notice.

No. 16-10/2012-CS-III (Pt.-I) Dated: 24.02.2016

To,

All Telecom Service Providers

Subject: Mandatory use of Telecom Tower Standards issued by Telecommunications Engineering Centre.

This has the reference of this office letter of even no. dated 11.12.2012 regarding mandatory use of Telecom Tower Standards i.e. Generic Requirements (GRs) issued by Telecom Engineering Centre (TEC) for all telecom towers erected/used by Telecom Service Providers (TSPs).

This has been further reviewed by the Government and the following decisions are hereby conveyed:

1) The guidelines dated 01.08.2013 for issue of clearance for mobile tower installation issued by Department of Telecommunications (DoT), which were issued at a later date adequately cover the structural safety aspect of telecom towers and obviates the requirement of insisting on mandatory use of tower specifications or GRs.

2) Accordingly it has been decided that instead of mandatory use of Telecom Tower Standards i.e. Generic Requirements (GRs) issued by TEC for all telecom towers erected/used by TSPs, it is left to the industry to follow TEC GRs as one of the options for design and deployment.

3) All TSPs should ensure that structural safety related provisions as stated in guidelines dated 01.08.2013 are adhered to.

No. 16-10/2012-CS-III (Pt.)

Dated: 24.02.2016

To,

Chief Secretaries of all States and Union Territories

Kindly refer to DO letter no. 17-2/2013-S-I dated 08th August, 2013 of Secretary, Telecom to the Chief Secretaries of all States and Union Territories regarding advisory guidelines to State Governments for issue of clearance for installation of mobile towers. (Copy enclosed herewith for ready reference.)

2. As per these guidelines, the Telecom Service Providers/ Infrastructure Providers needs to submit various documents including structural stability certificate for ground based tower and structural stability certificate for the building and tower in case of roof top BTS towers, based on written approvals of any authorized Structural Engineer of state/local bodies/Central Building Research Institute (CBRI), Roorkee/ IIT/NIT or any other agency authorized by local body for obtaining clearance from local bodies / state governments for installation of mobile towers.

3. It is to bring to your kind notice that Department has finalized a specific list of institutes/ agencies for issuance of Structural Stability Certificate for BTS towers which are as follows:

a) Any Indian Institute of Technologies (IITs).
b) Any National Institute of Technologies (NITs).
c) Central Building Research Institute (CBRI), Roorkee.
d) Rail India Technical and Economic Service (RITES), Gurgaon.
e) Structural Engineering Research Centre (SERC), Chennai.
f) Any Qualified Registered Structural Engineer of the State.

4. It is therefore, requested that the State Governments may accordingly take necessary action including publishing/ providing the list of Qualified, Registered Structural Engineer of the State, for issuance of Structural Stability Certificate for BTS towers.

Dated : 26.10.2016

To

All Infrastructure Provider Cat-I (IP-I) Registered Companies.

Subject:- Intimation about change of particulars of IP-I Registered companies like name, address, equity details, etc.

Department of Telecom (DoT) has been issuing registration certificates to Infrastructure Provider Category I (IP-I) to establish and maintain the assets such as Dark Fibres, Right of Way, Duct Space and Tower for the purpose to grant on lease/rent/sale basis to the licensees of Telecom Services licensed under Section 4 of Indian Telegraph Act, 1885 on mutually agreed terms and conditions. Para 7.5 of IP-I registration terms and conditions mentions – "*Government reserves the right to modify these conditions or incorporate new conditions considered necessary in the interest of national security and public interest.*" Accordingly, instructions are being issued to IP-I companies from time to time.

DoT had earlier issued instructions regarding monitoring of the activities of IP-I providers under the scope of IP-I registration by TERM Cells vide DoT letter No. 10-12/2012-CS-III/Vol. II dated 07.07.2012 (Copy enclosed). TERM Cells of DoT have been entrusted the work of ensuring compliance to these instructions. In this regard, it has been observed that some of the IP-I registered companies have changed their particulars like name, address, equity details, etc and they have not intimated the same to DoT HQs for taking on record the same.

All IP-I Registered companies are hereby instructed to intimate to DOT HQs and respective TERM Cell about change of particulars like name, address, equity details, etc., immediately on taking effect of such changes, failing which their IP-I registration is likely to be cancelled.

This may be treated as MOST URGENT.

Encl: As above.

Rajwa 26/X/2016

No. 10-12/2012-CS-III | Vol-II | Dated 04.07.2012

To

All Infrastructure Providers Category-I (IP-I Providers)

Subject: Monitoring of Infrastructure Providers Category-I

It is to intimate that the Telecom Enforcement, Resource and Monitoring (TERM) Cells of DoT shall be monitoring the activities of IP-I providers under the scope of IP-I registration.

2. Accordingly, TERM Cell, in whose area of jurisdiction, the registered office of the IP-I registered company falls, shall obtain the reports from IP-I company in the following format on routine basis on the 7th of the first month of every quarter:

(i) The list of the customers of the IP-I company to whom the infrastructure has been provided on lease/rent out/sale basis:

Sl No.	Name of the Customer	Type of service(s) being offered i.e. dark fibres/ Right of way/ duct space/ towers etc.	Type of agreement i.e. Lease/ Rent out/ Sale	Date of agreement	Date of submitting the copy of agreement to DoT

(ii) Any other services related to the telecommunications offered by the Company in last month.

(iii) Total revenue earned by the company in last 4 quarters against the services provided under IP-I registration.

3. The IP-I company is requested to keep ready the data/ records as per format mentioned above and to cooperate with TERM Cell in the inspection carried out by them.

To

All Infrastructure Provider Cat-I (IP-I) Service Providers

Subject: Clarification regarding scope of IP-I providers.

With reference to DOT Letter No. 10-51/2008-CS-III dated 09.03.2009, the undersigned is directed to convey the following clarification regarding scope of IP-I Providers:-

"The IP-I providers are not permitted to own and share active infrastructure. The IP-I provider can only install the active elements (limited to antenna, feeder cable, Node B, Radio Access Network (RAN) and transmission system only) ***on behalf*** *of Telecom licensees i.e. these elements should be owned by the companies who have been issued license under section 4 of Telegraph Act, 1885.*

Keeping in view, that some IP-1 companies have invested into creation of active network infrastructure, which requires a license under Indian Telegraph Act, 1885, all IP-1 providers are hereby provided an opportunity to take either a Unified License or a Virtual Network Operator(VNO) license of requisite authorization or a UL(VNO) Cat-B license for specific geographical area within six months of issue of this letter and move all such operations involving active network elements under the license. Alternatively, within a period of six months, the IP-1 providers can transfer all such active network elements to a holder of valid license."

2. This issues with the approval of Competent Authority.

REVISED GUIDELINES FOR REGISTRATION OF INFRASTRUCTURE PROVIDERS-CATEGORY-I (IP-I)

The Infrastructure Providers Category-I are those Infrastructure Providers who provide assets such as dark fibres, Right of Way, duct space & tower.

The following are the guidelines for the registration of Infrastructure Providers Category-I to be called IP-I.

1. The applicant must be an Indian company, registered under the Companies Act, 1956/2013.
2. FDI up to 100%, with 49% under automatic route and beyond 49% through FIPB route subject to observance of conditions of IP-I Registration by the company as well as investors as notified by the Department of Telecommunications (DoT) from time to time.
3. Both direct and indirect foreign investment in the applicant company shall be counted.
4. The applicant company/Indian Promoters/Investing Companies including their holding companies shall comply with relevant provisions of extant FDI policy of the Government.
5. The company shall submit the application for registration in the prescribed form.
6. The applicant company shall make its own arrangement for Right of Way (ROW).
7. Change in the name of the applicant company or the licensed IP-I, as the case may be, shall be permitted in terms of the provisions under the Companies Act, 1956.
8. The applicant company shall be informed of the approval or rejection of the application as far as practicable within 15 days of submission of the application.
9. The registration for IP-I shall be on non-exclusive basis without any restriction on the number of entrants.
10. The IP-I registered company shall provide dark fibres, Right of Way, duct space, towers on lease / rent out / sale basis to the licensees of telecom services on mutually agreed terms and conditions.
11. The IP-I registered company shall submit a copy of an agreement entered into with the telecom service providers to the DOT within 15 days of signing of such agreement.
12. IP-I registered company shall provide for the use of infrastructure in a non-discriminatory manner.
13. The applicant company shall pay a processing fee of Rs. 5,000/- (non-refundable) through digital payments like e-transfers/NEFT/RTGS/Debit Card/Credit Card, as per the process given in the user guide for NTRP at http://www.dot.gov.in/sites/default/files/2016_12_14%20NTRP-TA-II.pdf.
14. The application is to be submitted to the Section Officer, CS-III, Department of Telecommunications, Room No.713, Sanchar Bhavan, 20 Ashok Road, New Delhi-110 001.

Department of Telecommunications
Sanchar Bhavan, 20, Ashoka Road
New Delhi-110001

Registration Certificate No.: xxx/2xxx **Dated: xx.xx.xxxx**

Registration Certificate For Infrastructure Provider Category-I (IP-I)

This is to certify that **M/S** ---------- with registered office at ---------- is registered as Infrastructure Provider Category I (IP-I) to establish and maintain the assets such as Dark Fibres, Right of Way, Duct Space and Tower for the purpose to grant on lease/rent/sale basis to the licensees of Telecom Services licensed under Section 4 of Indian Telegraph Act, 1885 on mutually agreed terms and conditions.

2.0 In no case the company shall work and operate or provide telegraph service including end to end bandwidth as defined in Indian Telegraph Act, 1885 either to any service provider or any other customer.

3.0 The company shall submit a copy of an Agreement entered into with the telecom service providers within 15 days of signing of such Agreement.

4.0 The company shall provide the said infrastructure in a non-discriminatory manner.

5.0 In the event of any question, dispute or difference arising under this Registration, or in connection thereof, except as to the matter, the decision of which is specifically provided elsewhere under this Registration, the same shall be referred to the sole Arbitrator appointed and nominated by the Director General Telecommunications or by whatever designation Director General Telecom may be called, hereinafter called the "ARBITRAL TRIBUNAL".

5.1 This Registration Certificate and any dispute thereof shall be governed by the substantive provisions of Indian law.

5.2 The venue of Arbitration shall be New Delhi or as may be fixed by the ARBITRAL TRIBUNAL anywhere in India.

5.3 The arbitration proceedings shall be conducted in accordance with the provisions of the Indian Arbitration and Conciliation Act, 1996 and rules framed there under or any modifications or re-enactment thereof made from time to time.

6.0 The Registered company can provide the infrastructure as stated above to any licensee of Telegraph services Licensed under section 4 of the Indian Telegraph Act 1885. The company shall, in no case, grant in any manner the infrastructure to any erstwhile Licensee whose licence is either terminated or suspended or not in operation at given point of time. In the event of any infrastructure allowed before hand, then the Registered company shall be obliged to withdraw the grant of infrastructure and to disconnect or sever connectivity immediately without loss of time and further, upon receipt of any reference from the Licensor in this regard, disconnection shall be made effective within an hour of receipt of such reference. On the question of disconnectivity the decision of the Director General Telecom shall be final.

7.0 The Registered company shall provide necessary facilities depending upon the specific situation at the relevant time to the Government to counteract espionage, subversive act, sabotage or any other unlawful activity.

7.1 The Registered company shall make available on demand to the agencies authorized by the Government of India, full access to the network for technical scrutiny and for inspection which can be visual inspection or any operational inspection.

7.2 All foreign personnel likely to be deployed by the Registered company for installation, operation and maintenance of the Registered company network shall be security cleared by the Government of India prior to their deployment. The security clearance will be obtained from the Ministry of Home Affairs, Government of India, who will follow standard norms in the matter.

7.3 The Registered company shall ensure protection of privacy of communication and ensure that unauthorized interception of messages does not take place.

7.4 The Government shall have the right to take over the equipment and networks of the Registered company or revoke/terminate/suspend the Registration of the company either in part or in whole as per directions if any, issued in the public interest by the Government in case of emergency or war or low intensity conflict or any other eventuality. Provided any specific orders or direction from the Government issued under such conditions shall be applicable to the Registered company and shall be strictly complied with. Further, the Government reserves the right to keep any area out of the operation zone of the service if implications of security so require.

7.5 Government reserves the right to modify these conditions or incorporate new conditions considered necessary in the interest of national security and public interest.

7.6 The Registered company will ensure that the Telecommunication installation carried out by it should not become a safety hazard and is or in contravention of any statue, rule or regulation and public policy.

7.7 In case it is decided to grant licence under section 4 of Indian Telegraph Act, 1885 to Infrastructure Provider Category-I (IP-I) instead of registration, at a later date, the said registration shall stand cancelled after the prescribed period as decided by the competent authority and the Infrastructure Provider (IP-I) shall have to apply for grant of specified licence/authorisation at that point of time as per terms and conditions applicable for such license/authorization.

8.0 Any breach of the above terms will lead to cancellation of the registration without any further notice.

GUIDELINES FOR REGISTRATION OF INFRASTRUCTURE PROVIDERS-CATEGORY-I (IP-I)

The Infrastructure Providers Category-I are those Infrastructure Providers who provide assets such as dark fibres, Right of Way, duct space & tower.

The following are the guidelines for the registration of Infrastructure Providers Category-I to be called IP-I.

1. The applicant must be an Indian company, registered under the Companies Act, 1956/2013.
2. FDI upto 100% under automatic route subject to Para 3.1.1 of FDI policy 2020 (as amended vide Press Note 3 (2020) series dated 17.04.2020) and observance of conditions of IP-1 Registration by the company as well as investors as notified by the Department of Telecommunications (DoT) from time to time.

   Notwithstanding with the above provision, foreign investment shall be subject to following conditions:

   (i) An entity of a country, which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, can invest only under the Government route.

   (ii) In the event of the transfer of ownership of any existing or future FDI in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the restriction/ purview of the clause no. (i) above, such subsequent change in beneficial ownership will also require Government approval.

   (iii) Both direct and indirect foreign investment in the applicant company shall be counted for the purpose of calculating total FDI.

   (iv) The applicant company/ Indian Promoters/ Investment Companies including their holding companies shall comply relevant provisions of extant FDI policy of the Government. While approving the investment proposals, the Government may take into accounts security concerns.

   (v) FDI shall be subject to laws of India and not the laws of the foreign country/countries. The applicant company shall comply with the relevant provisions of FDI policy of the Government and such modifications to the policy as may be issued from time to time.

   (vi) The words, mentioned hereinabove, such as FDI, foreign equity, investment companies, FIPB, etc., shall have the same meaning as defined by Department for Promotion of Industry and Internal Trade (DPIIT) in its FDI Policy.
3. The company shall submit the application for registration in the prescribed form (Annexure-I). The documents may be submitted as per checklist at Annexure-II.
4. The applicant company shall make its own arrangement for Right of Way (ROW).
5. Change in the name of the applicant company or the registered IP-I, as the case may be, shall be permitted in terms of the provisions under the Companies Act, 1956/2013.

No. 10-12/2012-CS-III/Dec 2021

6. The applicant company shall be informed of the approval or rejection of the application as far as practicable within 15 days of submission of the application.
7. The registration for IP-I shall be on non-exclusive basis without any restriction on the number of entrants.
8. The IP-I registered company shall provide dark fibres, Right of Way, duct space, towers on lease / rent out / sale basis to the licensees of telecom services on mutually agreed terms and conditions.
9. The IP-I registered company shall submit a copy of an agreement entered into with the telecom service providers to the DOT within 15 days of signing of such agreement.
10. IP-I registered company shall provide for the use of infrastructure in a non-discriminatory manner.
11. The applicant company will be issued a Registration Certificate for IP-I, a draft copy of which is attached herewith as Annexure-III. The terms & conditions of these guidelines as well as that of the Registration Certificate will be binding on the IP-1 registered companies.
12. The applicant company shall pay a processing fee of Rs. 5,000/- (non-refundable) through digital payments like e-transfers/NEFT/RTGS/Debit Card/Credit Card, as per the process given in the user guide for NTRP at http://www.dot.gov.in/sites/default/files/2016_12_14%20NTRP-TA-II.pdf
13. The application is to be submitted to the Section Officer, CS-III, Department of Telecommunications, Room No.713, Sanchar Bhawan, 20, Ashoka Road, New Delhi-110 001.

CHECK-LIST

The following documents should be submitted along with the application for IP-1 Registration:

S. No	Particulars	Parameters to be checked	Status (Y/N)
1.	Application form in prescribed format with Date, sign and Stamp	Signed by authorized signatory with stamp	
		Date & place mentioned	
2.	Processing fee as prescribed.	Presently Rs. 5000/- to be submitted under the IP-1 Registration head	
3.	Resolution of Board of Director that the person signing the application is authorized signatory. Such resolution should be signed with stamp by a Director but not by authorized signatory himself clearly mentioning the name of the Director signing the document.	Contains name of authorized signatory	
		Signed with stamp by a Director but not by authorized signatory himself	
		Mentions name of the Director signing the document.	
4.	Signature of the authorized signatory should be attested by any of the other Director of the company or company Secretary as the case may be.	Suitable Document attached	
5.	Certified copy of 'Certificate of Registration' duly certified by Company Secretary / Statutory Auditor and countersigned by authorized signatory with stamp.	Certified by Company Secretary / Statutory Auditor	
		Countersigned by authorized signatory with stamp	
6.	Certified copy of MOA along with the required clause duly certified by Company Secretary / Statutory Auditor and countersigned by authorized signatory with stamp.	Contains the required clause*	
		Certified by Company Secretary / Statutory Auditor	
		Countersigned by authorized signatory with stamp	
7.	Certified copy of AOA duly certified by Company Secretary / Statutory Auditor and	Certified by Company Secretary / Statutory	

No. 10-12/2012-CS-III/Dec 2021

	countersigned by authorized signatory with stamp	Auditor	
		Countersigned by authorized signatory with stamp	
8.	Equity details of Indian & Foreign (Certified by Company Secretary/Statutory auditor and countersigned by authorized signatory with stamp)	Certified by Company Secretary / Statutory Auditor	
		Countersigned by authorized signatory with stamp	
9.	Certified copy of approval of Government of India for Foreign Equity **(To be applicable if FDI is from an entity of a country, which shares land border with India or beneficial owner of an investment into India is situated in or is a citizen of any such country)** (Certificate from Company Secretary/ Statutory Auditor and countersigned by authorized signatory with stamp to be attached)	Approval attached, if applicable	
		Certified by Company Secretary / Statutory Auditor	
		Countersigned by authorized signatory with stamp	
10.	List of Board of Directors along with their nationality (It should be clearly indicated that whether they are Resident Indian Citizen/NRI/Foreign Nationals).	Nationality Status i.e. Resident Indian Citizen/Non Resident Indian/Foreign Nationals mentioned against each director	
		Countersigned by authorized signatory with stamp	

* MoA shall contain clause which allows the company to do business related to provisioning of telecom infrastructure. In case the required clause has been inserted after incorporation of the company, the revised MoA along with certificate issued by ROC regarding alteration of MoA is to be submitted. Both of these documents (MoA & certificate issued by RoC) are to be duly certified by Company Secretary/Statutory Auditor and countersigned by authorized signatory with stamp.

New Delhi-110001

Registration Certificate No.: xxx/2xxx **Dated: xx.xx.xxxx**

Registration Certificate For Infrastructure Provider Category-I (IP-I)

This is to certify that **M/s** ---------- with registered office at ---------- ---------- is registered as Infrastructure Provider Category I (IP-I) to establish and maintain the assets such as Dark Fibres, Right of Way, Duct Space and Tower for the purpose to grant on lease/rent/sale basis to the licensees of Telecom Services licensed under Section 4 of Indian Telegraph Act, 1885 on mutually agreed terms and conditions.

2.0 In no case the company shall work and operate or provide telegraph service including end to end bandwidth as defined in Indian Telegraph Act, 1885 either to any service provider or any other customer.

3.0 The company shall submit a copy of an Agreement entered into with the telecom service providers within 15 days of signing of such Agreement.

4.0 The company shall provide the said infrastructure in a non-discriminatory manner.

5.0 In the event of any question, dispute or difference arising under this Registration, or in connection thereof, except as to the matter, the decision of which is specifically provided elsewhere under this Registration, the same shall be referred to the sole Arbitrator appointed and nominated by the Director General Telecommunications or by whatever designation Director General Telecom may be called, hereinafter called the "ARBITRAL TRIBUNAL".

5.1 This Registration Certificate and any dispute thereof shall be governed by the substantive provisions of Indian law.

5.2 The venue of Arbitration shall be New Delhi or as may be fixed by the ARBITRAL TRIBUNAL anywhere in India.

5.3 The arbitration proceedings shall be conducted in accordance with the provisions of the Indian Arbitration and Conciliation Act, 1996 and rules framed there under or any modifications or re-enactment thereof made from time to time.

No. 10-12/2012-CS-III/Dec 2021

6.0 The Registered company can provide the infrastructure as stated above to any licensee of Telegraph services Licensed under section 4 of the Indian Telegraph Act 1885. The company shall, in no case, grant in any manner the infrastructure to any erstwhile Licensee whose license is either terminated or suspended or not in operation at given point of time. In the event of any infrastructure allowed before hand, then the Registered company shall be obliged to withdraw the grant of infrastructure and to disconnect or sever connectivity immediately without loss of time and further, upon receipt of any reference from the Licensor in this regard, disconnection shall be made effective within an hour of receipt of such reference. On the question of disconnectivity, the decision of the Director General Telecom shall be final.

7.0 The Registered company shall provide necessary facilities depending upon the specific situation at the relevant time to the Government to counteract espionage, subversive act, sabotage or any other unlawful activity.

7.1 The Registered company shall make available on demand to the agencies authorized by the Government of India, full access to the network for technical scrutiny and for inspection which can be visual inspection or any operational inspection.

7.2 All foreign personnel likely to be deployed by the Registered company for installation, operation and maintenance of the Registered company network shall be security cleared by the Government of India prior to their deployment. The security clearance will be obtained from the Ministry of Home Affairs, Government of India, who will follow standard norms in the matter.

7.3 The Registered company shall ensure protection of privacy of communication and ensure that unauthorized interception of messages does not take place.

7.4 The Government shall have the right to take over the equipment and networks of the Registered company or revoke/terminate/suspend the Registration of the company either in part or in whole as per directions if any, issued in the public interest by the Government in case of emergency or war or low intensity conflict or any other eventuality. Provided any specific orders or direction from the Government issued under such conditions shall be applicable to the Registered company and shall be strictly complied with. Further, the Government reserves the right to keep any area out of the operation zone of the service if implications of security so require.

7.5 Government reserves the right to modify these conditions or incorporate new conditions considered necessary in the interest of national security and public interest.

7.6 The Registered company will ensure that the Telecommunication installation carried out by it should not become a safety hazard and is or in contravention of any statue, rule or regulation and public policy.

7.7 In case it is decided to grant license under section 4 of Indian Telegraph Act, 1885 to Infrastructure Provider Category-I (IP-I) instead of registration, at a later date, the said registration shall stand cancelled after the prescribed period as decided by the competent authority and the Infrastructure Provider (IP-I) shall have to apply for grant of specified license/authorisation at that point of time as per terms and conditions applicable for such license/authorization.

8.0 Any breach of the above terms will lead to cancellation of the registration without any further notice.

M/S ----------

No. 10-12/2012-CS-III/Dec 2021

I/3044743/2022

File No. 24-18/2022-DGT/2
Government of India
Ministry of Communications
Department of Telecommunications
O/o DGT HQ

Dated 06-06-2022

To
All LSA Heads

Subject: Monitoring of IP-1 registrations holders-regarding.

This has reference to this office earlier letter of even number dated 22.03.2022 on above mentioned subject vide which all LSAs were requested to submit the summary report regarding monitoring of IP-1 registrations to this office on quarterly basis for further submission to CS Wing. The said summary report has now been received from all the LSAs.

2. The reports received form the LSAs have been examined and some discrepancies are observed in the reports submitted by LSAs. Therefore, LSAs are requested to take care of following while sending next quarterly report**:-**

i. LSAs to collect the data **from all IP-1 registered entities having registered address within jurisdiction of LSA** and provide summary report positively by 10th of each quarter. The summary report should mention **the names of all IP-1 registered entities** having registered address within jurisdiction of LSAs **as per list of IP-1 registrations uploaded by CS Wing on DoT website.** If some IP-1 is not responding then the same may be appropriately mentioned in summary report but list of IP-1 should be complete in Summary report.

ii. LSAs may check that under column "*Type of Service(s) being offered i.e. dark fibers/Right of Way/duct space/towers etc.*" of Summary report, only services that can be offered as per terms and conditions of IP-1 registration can be mentioned. However, in some of the reports other types of services is also mentioned. As per terms and conditions of IP-1 Registration, IP-1 can only provide passive infra (Tower, Duct space, RoW and Dark Fiber) to only TSPs on lease/sale/rent basis. Further, IP-1 cannot provide passive infra to any other IP-1 and also cannot use infra for their own purpose. In case any IP-1 is providing any other service not permissible within terms and conditions of

IP-1 registration the action may be initiated by the concerned LSA against such companies for violation of Indian Telegraph Act and a report may be sent for taking further action by CS Wing against IP-1 entity.

iii. In some of the reports submitted by LSA, under Column "*Type of Service(s) being offered i.e. dark fibers/Right of Way/duct space/towers etc.*", details of service offered by the IP-1 entity is mentioned but Under Column "*Whether providing services to Telecom Licenses as per the agreements submitted to LSA*" NIL is mentioned. Therefore, LSAs are requested to ensure uniformity in the data in different columns.

iv. Before sending compiled summary report to this office, LSAs are requested to kindly ensure the completeness and correctness of the report so that there is no mismatch of details in different columns.

3. The next quarterly report may be submitted to this office latest by 10.07.2022 positively after taking care of above discrepancies as mentioned in para 2 above.

This is issued with the approval of Competent Authority.

(Carrier Services Wing)

Dated 30.08.2023

To,

All Infrastructure Providers – Category-I (IP-1) registration holders

Subject PM GatiShakti Nation Master Plan: Mapping of optical fiber(OFC) by IPs

1. As you may be aware that the PM Gatishakti National Master Plan (NMP) platform - brings together data from 16 central ministries like Telecommunications, Railways, Roadways, Power, Tourism etc., to achieve sector-specific development goals with the help of GIS-based integrated planning and coordination tools, by mapping all the available infrastructure across the ministries. It is being developed by BISAG-N at no cost to the departments.

2. DoT is coordinating to get various telecom assets like optical fiber cable (OFC), Tower/ BTS etc. mapped on the NMP platform. It may be noted that already about ~12 lakh RKM of OFC of Government PSUs like BSNL, BBNL, GAIL, POWERGRID, RAILTEL etc. has been mapped on this portal. In addition, 7.7 lakh towers with about 27.45 lakh BTSs have also been mapped. This mapping not only helps in the quick Fiberisation of the unfiberised towers but also helps in the utilization of the unused OFC and will generate additional revenue for the OFC owner ISPs.

3. In this regard, OFC laid by IP-1s also need to be mapped on the PM GatiShakti NMP. Once the OFC is mapped, it can be opened for viewing by the users/buyers like Telecom Service Providers (TSPs) for their use and even by BSNL/DoT in Bharatnet Phase-3.

4. DoT has already asked all the TSPs to use the mapped OFC for the fabrication of fiberized mobile towers.
    a. The benefits of fiberization for IPs are as follows:
        i. Once the OFC(via API) is listed on the DoT NMP, it can be utilized by other TSPs, governments, ministries, etc.
        ii. To fiberize their mobile towers

iii. To buy bandwidth or lease the fiber

iv. To provide FTTH connections to institutions like colleges, hospitals, government offices, etc.

b. Hence the mapping will bring more business to the IPs and also assist DoT in meeting broadband mission targets, creating a win-win situation for both TSPs and DoT.

5. Accordingly, it is requested that the GIS data of OFC Network (.shp or .kml files) of all the IP-1 registration holder across India be provided to **Shri Himanshu Sharma, Director, NMP (Email: dir1@broadbandmission.gov.in, Mob: 9416070989)** who will act as the Single Point of Contact (SPOC) from DoT. Further, the attributes to be provided along with the .shp files are on **Annexure-1** to be forwarded to ISPs. The LSAs are also likely to coordinate for the project and IP-1 registration holders are accordingly also requested to coordinate with concerned LSA unit of DoT.

To

All Infrastructure Providers-Category-I (IP-I) Registration holders

Subject: Amendment in the scope of IP-I Registration.

In pursuance to Condition 7.5 of the Infrastructure Providers Category-I (**IP-1**) Registration Certificate, the Department of Telecommunications, Government of India hereby amends the scope of IP-I Registration as mentioned in the first clause of IP-I Registration Certificate as under.

Existing Clause	**Amended Clause**
Clause 1.0 of Registration Certificate This is to certify that M/s ---------- with registered office at ----------is registered as Infrastructure Provider Category I (IP-I) to establish and maintain the assets such as Dark Fibres, Right of Way, Duct Space and Tower for the purpose to grant on lease/rent/sale basis to the licensees of Telecom Services licensed under Section 4 of Indian Telegraph Act, 1885 on mutually agreed terms and conditions. IP-1 registration holders shall also share the abovementioned infrastructure with the entities as may be specified by the Central Government in the interest of national security and public interest and as per terms and conditions which may be specified by the Central Government	**Clause 1.0 of Registration Certificate** This is to certify that M/s ---------- with registered office at ---------- -is registered as Infrastructure Provider Category I (IP-I) to establish and maintain the assets such as Dark Fibres, Right of Way, Duct Space, Tower and ***poles*** for the purpose to grant on lease/rent/sale basis to the licensees of Telecom Services licensed under Section 4 of Indian Telegraph Act, 1885 on mutually agreed terms and conditions. IP-1 registration holders shall also share the above mentioned infrastructure with the entities as may be specified by the Central Government in the interest of national security and public interest and as per terms and conditions which may be specified by the Central Government. **Further, IP-I registration holders shall not enter into any exclusive contract for establishing the infrastructure (under the scope of IP-1 registration) or Right of Way (RoW) with any public entity or any person."**

Annexure-I: **Definition of Terms and expressions,** New definition inserted.	**Annexure-I:** **Definitions and Interpretations:** — **"Person"** shall include an individual, any company or association or body of individuals, whether incorporated or not, by whatsoever name called or referred to; – **"Public entity"** means (a) the Central Government, (b) State Governments, (c) local authority, (d) any authority, body, company or institution incorporated or established by the Central Government or the State Government, or under any statute, or (e) any non-government entity vested with the ownership, control or management of any public facility or class of public facilities, as notified by the Central Government.

2. The above amendments shall be part and parcel of all existing/ new IP-I Registration Certificates. All other Terms & Conditions shall remain unchanged.

Meeting with Infrastructure Providers-I (IP-I)

Date: 7th May 2025
Time: 11:30 hrs
Venue: Office of Special DGT, Maharashtra LSA, CTO Compound, Pune

56

Infrastructure Provider–I (IP–I)

- The Infrastructure Providers Category-I is a Registration Category.
- Registered Indian Company is eligible to apply to DoT for IP-I registration.
- The IP-I registered company shall provide
  - Dark Fibre
  - Right of Way
  - Duct space
  - Towers on lease / rent out / sale basis
- Services are provided to be offered on lease/rent/sale basis to telecom licensees.

57

IP–I Registration – Fee and Process

- Registration Fee: ₹5,000 (non-refundable).
- Payment Mode: Digital – NEFT/RTGS/Debit/Credit Card via NTRP.
- Documents Required:
  - - Application Form (Annexure-I)
  - - MoA & AoA (with telecom infra clause)
  - - Equity Details (Indian/Foreign)
  - - Board Resolution and Authorization
  - - Certificate of Incorporation
- Application to be submitted to:
  - Section Officer, CS-III, DoT, Sanchar Bhawan, New Delhi

Licensing Conditions

- IP-I can only serve licensees of active telecom licenses.
- Cannot provide infra to suspended or terminated licensees.
- If already provided, must disconnect immediately upon DoT notice.
- IP-I companies cannot provide telegraph service or end-to-end bandwidth.
- Must submit copy of agreement with TSPs within 15 days of signing.
- Infrastructure to be provided in a non-discriminatory manner.

Security and National Interest Clauses

- Mandatory disclosure and clearance for foreign personnel
- DoT reserves rights to inspect, suspend, or cancel registration
- Infrastructure must not pose safety or security risks
- Government may take control during emergency/war

भारत दूरसंचार

DoT INDIA TELECOM

Key Highlights of Revised IP-I Guidelines (22.12.2021)

- Registration on non-exclusive basis
- Mandatory submission of agreements with licensed TSPs to DoT
- Infrastructure to be provided in a non-discriminatory manner
- IP-I to arrange their own RoW

Inspection Requirements (Proforma Summary)

- Name, CIN, Registration No. of IP-I
- Contact details of Authorized Signatory & Nodal Officer
- Details of services offered
- Disclosure of service withdrawal to TSPs (past 2 years)
- Sample agreements & compliance records

- IP1 Performa\New UL IP inspection proforma.docx

62

Major Shortcomings during ISP Inspections

- Delay in submitting signed agreements
- Non Submission of signed agreements

63

Telecommunications Right of Way Rules, 2024

Supported by the Telecommunications Act, 2023

Notified on June 26, 2024

Features: The Telecommunications (RoW) Rules, 2024

- **In force from 01.01.2025.**
- **Supersession of the Indian Telegraph Right of Way Rules, 2016.**
- **Shall not override the existing RoW permissions till the date of expiry of such permissions.**
- **Refund of 90% fees in case Application is rejected.**
- **All Fees are capped by the Central Govt.**
- **In case of Special Projects such as LWE, Aspirational Districts, BharatNet & 4G Saturation of Central Govt., no Fees will be applicable.**

Features continue.....

- All applications, notifications, clarifications, permissions, objections or rejections - to be made through the portal.
- Permission within 67 days.
- Rejection of the Application within 45 days after taking inputs from the Applicant.
- Provision of Deemed Permission.
- Only Three types of Fees: Application Fees, Reinstatement Charges & Compensation Charges.
- Validity of RoW permission is Co-terminous with authorization of underlying telecom network.
- Renewal With renewed authorizations.

Implementation of New RoW Rules, 2024

1. MH Govt. has notified GR for adoption of Telecommunications (RoW) Rules, 2024 in MH State on 17.04.2025.
   - The GR is applicable w.e.f. 01.01.2025.
   - The GR will supersede its earlier Guidelines w.e.f. 01.01.2025.
   - Applicable to all line Departments of the State.
   - All provisions available in the DoT Rules are accepted by MH Govt. in totum.
2. UDD has notified GR for adoption of Telecommunications (RoW) Rules, 2024 in all ULBs on 05.02.2025.
   - The GR is applicable w.e.f. 01.01.2025.
   - Applicable to all ULBs.
3. Goa Govt. has notified GR for adoption of Telecommunications (RoW) Rules, 2024 in Goa State on 13.03.2025.

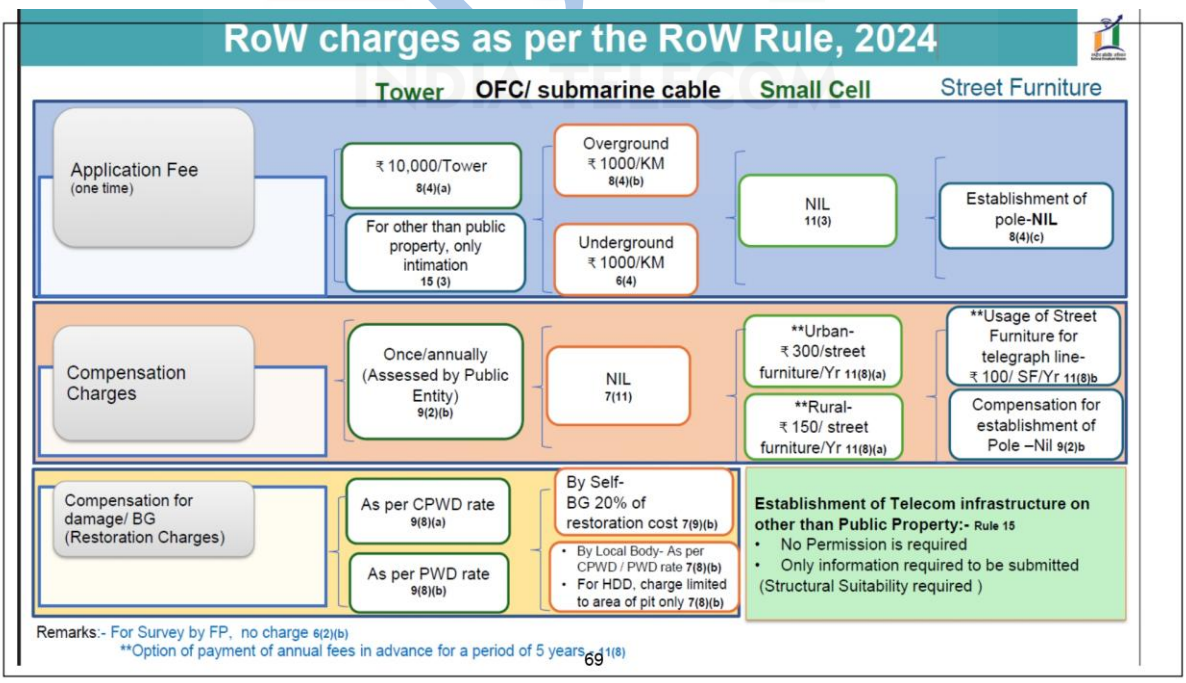
Rejection letter based on reasonable ground
Reject
GRANT PERMISSION



RoW charges as per the RoW Rule, 2024
Tower
OFC/ submarine cable
Small Cell
Street Furniture
Application Fee (one time)
₹ 10,000/Tower 8(4)(a)
For other than public property, only intimation 15 (3)
Overground ₹ 1000/KM 8(4)(b)
Underground ₹ 1000/KM 6(4)
NIL 11(3)
Establishment of pole-NIL 8(4)(c)
Compensation Charges
Once/annually (Assessed by Public Entity) 9(2)(b)
NIL 7(11)
**Urban- ₹ 300/street furniture/Yr 11(8)(a)
**Rural- ₹ 150/ street furniture/Yr 11(8)(a)
**Usage of Street Furniture for telegraph line- ₹ 100/ SF/Yr 11(8)b
Compensation for establishment of Pole –Nil 9(2)b
Compensation for damage/ BG (Restoration Charges)
As per CPWD rate 9(8)(a)
As per PWD rate 9(8)(b)
By Self- BG 20% of restoration cost 7(9)(b)
By Local Body- As per CPWD / PWD rate 7(8)(b)
For HDD, charge limited to area of pit only 7(8)(b)
Establishment of Telecom infrastructure on other than Public Property:- Rule 15
No Permission is required
Only information required to be submitted (Structural Suitability required)
Remarks:- For Survey by FP, no charge 6(2)(b)
**Option of payment of annual fees in advance for a period of 5 years 11(8)

Misc. provisions

1. **Validity**- Permission to be **co-terminus** with the term of authorization/ license or exemptions from such authorization/ license (Rule-5)

2. PE shall **not levy any fee, charge, rent, annuity, or compensation or entry fee,** for access, or seek any other financial contribution in any Form [Rule -7(11), 9(9), 12(3), 15(3]

3. **No coercive action**, such as sealing, preventing access, or forcible shutdown of the telecommunication network [Act- 14(4)]

4. **Applicable taxes, cess and levies:** Charges payable under these rules shall be exclusive of taxes, cess and levies (Rule -21)

   No property tax , levy, cess, fees, or duties to be levied on the tower as it has been delinked from the property- [Act- 14(3)]

5. **Days Means** all days including public holidays (Rule -22)

70

Call Before u Dig (CBuD) App

- Prevents damage to underground utilities during excavation.
- Enables excavators to notify utility owners in real time.
- Available on Android, iOS, and as a web portal (cbud.gov.in).
- Improves safety and reduces service disruptions.
- Supports coordinated utility mapping and awareness.

71

CBuD App Features

- "Call Before u Dig" CBuD – Mobile app can be downloaded on android & iOS devices
- Interface to Excavator to submit excavation/digging plan and know contact details of utility asset owners.
- Notifications to Utility Owners from excavators about imminent excavation activity, know contact details of excavator.
- Alerts via SMS, email and in-app notification to excavators/utility asset owners and also 'click to call' facility.
- Help desk no. (0755-27000802/2525801) will be for supporting the users as to how to use the App. email id - support@cbud.gov.in

CBuD- Actions to be taken by IP

1. App is available on Google play store (for Android device) & Apple Store (for iOS device). All Users to download and register in the App.
2. Get all the Excavators deployed registered on the App. It is a self registration to be done by Excavator itself.
3. **Include a clause in all Excavation Tenders that all Excavators should mandatorily generate Enquiry (intimation) on the App prior to initiation of the digging. Penalize him for not doing so. All contracts/tenders and work orders should have provisions for CBuD use mandatorily.**
4. Ask all the Asset Owners to generate Enquiries (Intimation) on the app for all the digging events and enhance the usage.
5. As per Clause 42(5) of the Telecommunications Act, 2023, **there is a provision to claim compensation for the damage caused if any Digger damages your assets and impose fine up to 50 Lakh rupees.**

DISCOM – Composite Billing Status

❖MERC Regulation states that:

- DISCOMs should make available power to Telecom Companies through 'Green Energy Open Access.
- Provision for submission of a single application for multiple connections to be introduced.
- One Discom- One Bill facility to be introduced.

❖Status of Implementation by MH Govt:

- 'Green Energy Open Access' power not yet made available by DISCOMs in MH. Govt. Persuasion is going on.
- Provision for submission of a single application for multiple connections is available with MSEDCL.
- One Discom- One Bill facility is introduced by MSEDCL.

74

Actions to be taken for Disaster Management

- Comprehensive Telephone Directory
- Control Room Details
- Identifications of Network Centers/Hub locations and Infra therein
- Experts/Teams Identification
- OEM, AMC Contracts details
- Spares, Vehicles, Fuel, Tools & Testers availability
- CoW BTS, Drones, Movable EA, BTY Banks etc
- Mock Drill Arrangements

75

Disaster-Resilient Telecommunication Infrastructure

(SOP for Telecommunication Services for responding to disasters)

- Install telecom equipment at safe and suitable locations in disaster-prone areas
- In flood/coastal zones, ensure:
  - Exchanges/equipment are at higher altitudes
  - Plinth levels are elevated
- Avoid concentration of critical equipment in one building
- Equip all sites with fire protection systems (detection & extinguishing)
- Ensure compliance with seismic zone building bylaws for earthquake resistance
- Use underground ducts for communication cables wherever feasible
- Disaster management centers should be connected via underground cables

Actions for Green Energy in Telecom Infrastructure

- Adopt renewable energy sources like solar and hybrid systems for powering telecom sites
- Deploy energy-efficient equipment (low-power BTS, rectifiers, cooling systems)
- Utilize Lithium-ion or advanced batteries to reduce diesel generator dependency
- Implement smart energy management systems for monitoring and optimizing energy use
- Upgrade to passive infrastructure sharing to reduce energy consumption per operator
- Promote green building standards for new infrastructure (energy-efficient lighting, HVAC {Heating Ventilation and Air Conditioning}, etc.)
- Participate in carbon credit and sustainability initiatives
- https://dot.gov.in/green-telecom

Govt. of India
Ministry Of Communication
Department of Telecommunications
Maharashtra LSA Pune

No. DoT/Pune/Tech-62/Vertical meetings/2020-21/ *dated 15/5/2025*

Minutes of the meeting with Infrastructure Provider (IP-1)

A meeting with Infrastructure Provider IP-1 operational in Maharashtra LSA was held under the chairmanship of Sh. Ramesh Kumar Goyal Special DGT, Maharashtra LSA at 11:00 am on 07.05.2025 in hybrid mode to discuss various compliance and operational matters concerning IP-1 operations.

The meeting commenced with a welcome address by Sh Ujwal Gulhane, DDG (Technology) who briefly stated the purpose of the meeting to enhance coordination and compliance among IP-I providers in Maharashtra. Shri Ramesh Kumar Goyal, Spl. DGT, Maharashtra LSA addressed the meeting emphasized the role of IP-I providers in the ongoing digital transformation and appealed to all IP-I members to submit proper information and feedback to the Department of Telecommunications (DoT) which help to maintain an accurate overview of ongoing activities in Maharashtra.

Shri Ijaz Yousuf, ADG(Technology) gave PPT presentation on IP-1 registration, licence condition, security clause, Inspection etc.

Shri Pramod Sapkale, Director(Compliance) gave presentation on Telecommunications Right of Way rule (RoW-2024) and CBuD APP, Gatishakti Sanchar Portal. He highlighted the legal necessity of securing permissions from local governing bodies.

The following points presented by the participants:

1. **M/s Coral** raised issue whether permission is required for infra works being carried on behalf of DISCOM for Electric Poles/HT Tower erection: It is informed that these works are being executed by DISCOM itself which is a state govt Agency (wherein M/s Coral is subcontractor/sub-vendor).
2. **MSRDC** is erecting Radio Communications Towers for their internal use. Such issues be taken up with DoT HQ.
3. **M/s Starlex Infra** raised the issue whether old dues which are more than 5 years old pending with DISCOM wrt ROW permissions are to be paid or not: Since ROW policy came in effect from 1/1/2025 in MH State, hence rules of new policy is applicable from 1/1/25.
4. **M/s Sheetal Wireless Tech Pvt Ltd** asked for details of Portal where application for ROW is to be made: The link is provided to the participant.
5. **M/s RK Technosmart Network Pvt Ltd** asked regarding how to check whether ISP licence is expired/terminated/surrendered or not: It is informed that the details regarding name of firms and their validity of licences /terminated/surrendered are available on DoT website.

6. **M/s Vibrant Tower India Pvt Ltd** asked for details of sealing of Towers by local authorities: It is informed that the present policy regarding sealing is available in ROW policy/GR therein of MH State.

The session facilitated technical discussions and resolved various queries raised by IP-1 ensuring a productive and engaging discussion.

The meeting concluded with a **vote of thanks**.

Asst. Director (Technology)

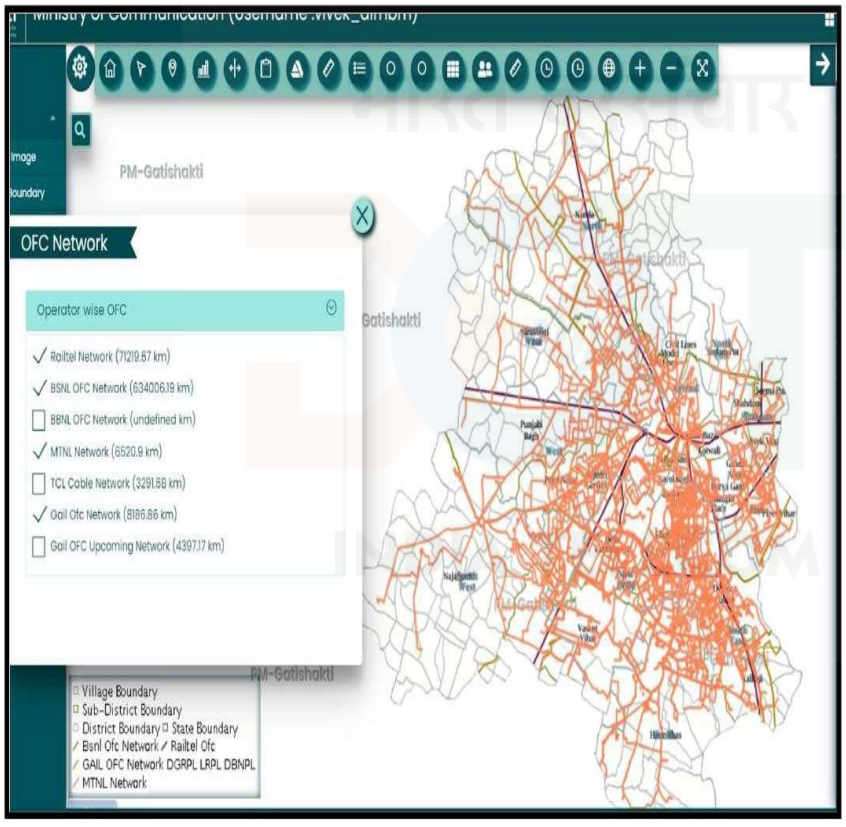
DoT - PM GatiShakti National Master Plan Platform

Telecom Data Mapping OFC



(~11 lakh RKM from PSUs of Railtel/ BSNL/ BBNL/ MTNL/ TCL/ GAIL/PowerGrid mapped)

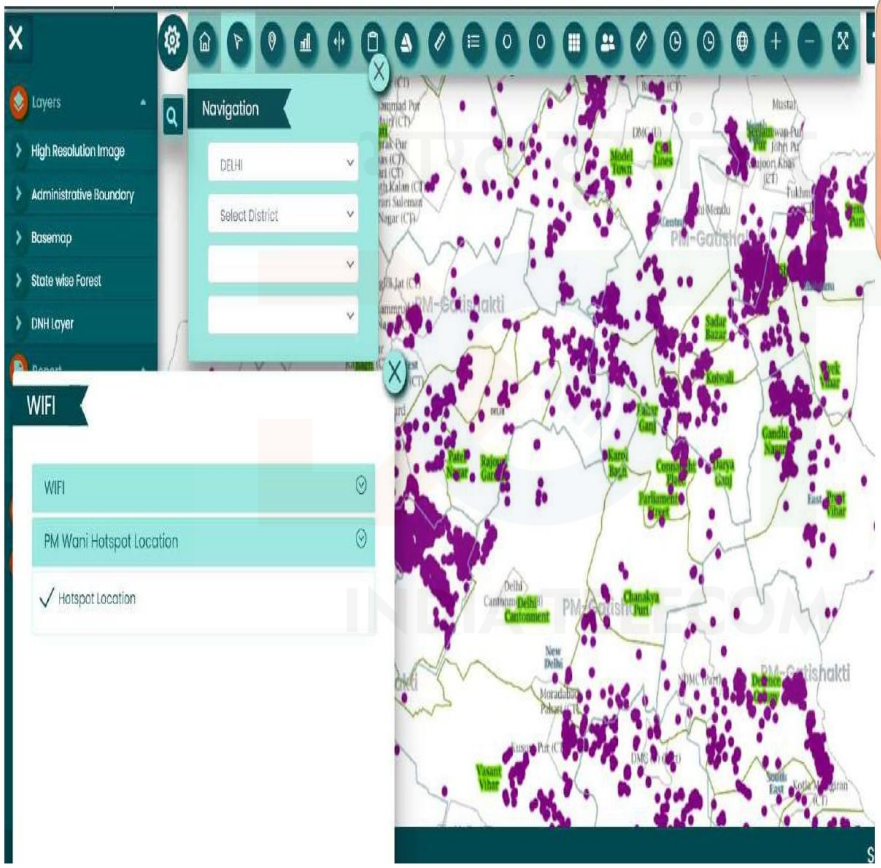
OFC laid by Telangana & Jharkhand state government institutions is mapped and laid by other state government institutions is being mapped progressively

Optical Fiber laid by state governments

- All the states are requested to provide data of the optical fiber laid by State PSUs, if any. Data can be submitted in KML (Keyhole Markup Language) format or shape files or even excels files having following attributes:
  - ✓ Operator
  - ✓ TSP
  - ✓ Installed on date
  - ✓ No. of cores
  - ✓ No. of cores utilized
  - ✓ Type of OFC(overhead, underground or OPGW)
  - ✓ Contact person(for sale/FTTH connection)
  - ✓ Remarks(if any)
- Further the states are also requested to provide details of OLTs(optical line terminal) & ONTs(optical network terminal), if any, with these attributes:
  - ✓ *Type*
  - ✓ *Latitude*
  - ✓ *Longitude*
  - ✓ *TSP(from whom backhaul bandwidth is taken)*
  - ✓ *Installed on date*
  - ✓ *Remarks(if any)*
- The objective is to map the optical fiber/network elements on the PM GatiShakti NMP platform so that same can be used for fiberization of mobile towers and providing FTTH connections in rural/remote areas.

भारत दूरसंचार
INDIA TELECOM

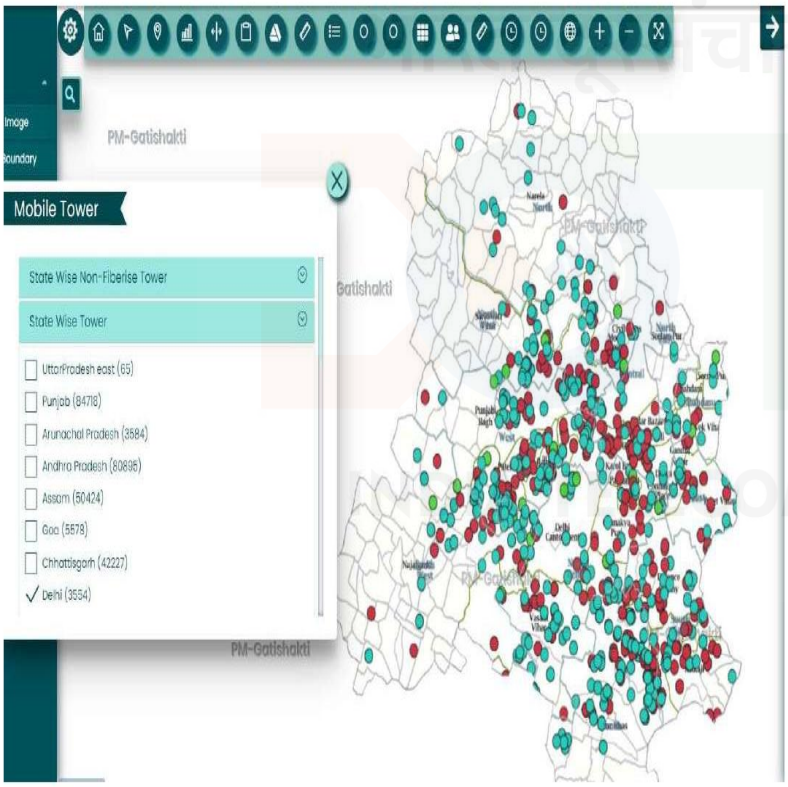
Telecom Data Mapping – WiFi Hotspots



PM-WANI WiFI hotspots

Nearly 1.37 lakh PM-WANI WiFI hotspots already mapped

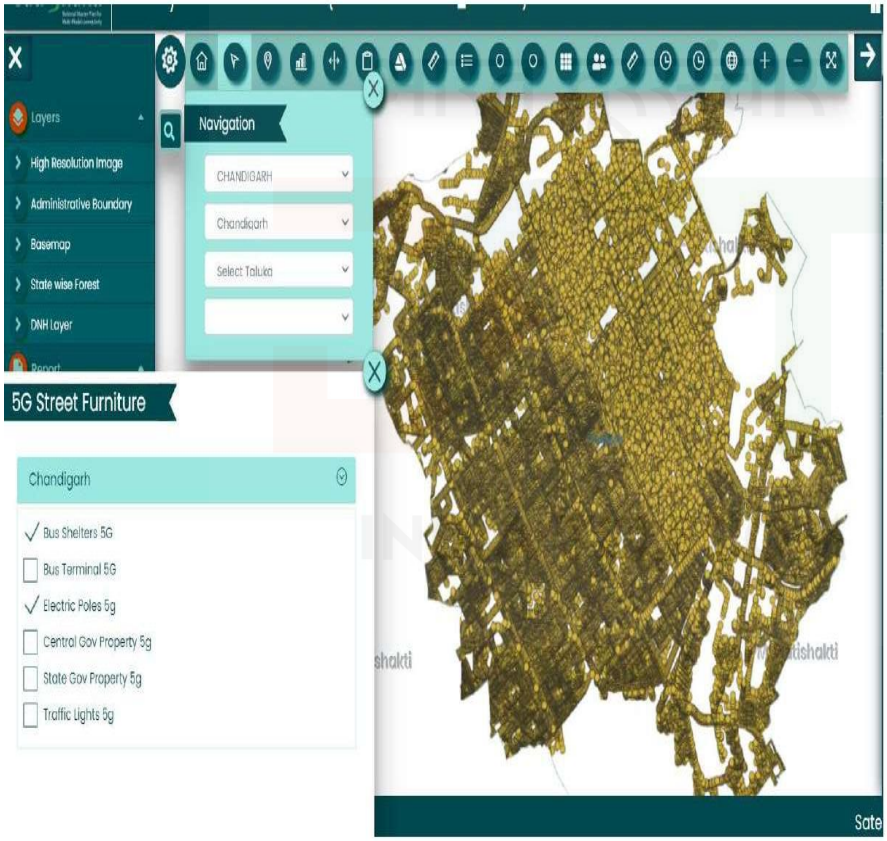
Telecom Data Mapping Towers/ BTSs



Towers (with BTSs of different operators) State wise - Fiberized & non-fiberized (Microwave or Satellite)

7.3 lakh towers and 23.5 lakh BTS mapped

Telecom Data Mapping – Street Furniture



Street furniture – for 5G roll out

- Street furniture of Chandigarh UT already mapped and laid by other cities is being mapped progressively.

Street furniture for 5G rollout

- All the states are requested to provide data of the following assets which will be used as street furniture for 5G rollout:

  - Electric Poles

  - Traffic light poles

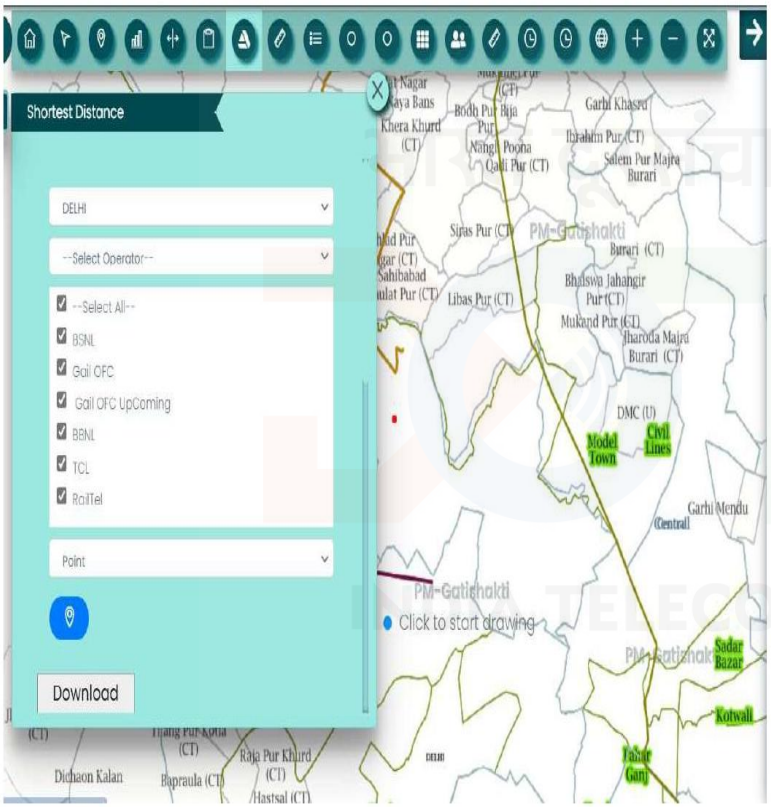
  - Bus shelter

  - Government building, Street lights, billboards etc.

- Data can be provided in excel format
- Complete data need to be mapped not partial

Sr. No.	State	City Name	Street Furniture Type	Latitude	Longitude	Authority	Street Furniture Id/Name	Street Furniture Height	Structure Type of Street furniture	Class	Sub Class
1	A	X	Pole	23.2323	75.1234	MPEB	3045	8	RCC	State government	DISCOM
2	B	Y	Bus Shelter	23.4567	75.4567	MC Bhopal	ISBT	10	Steel	State government	Transport Department

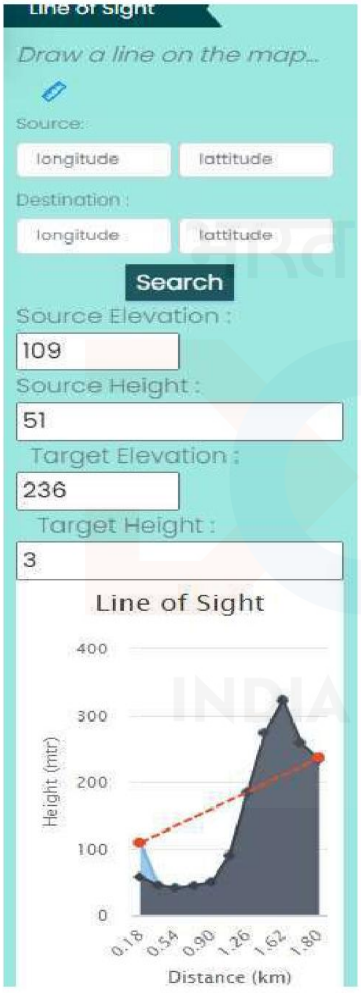
PM GatiShakti NMP-Tools Developed (1/3)



SHORTEST DISTANCE TOOL

- Find shortest distance of OFC from the point of interest (use case fiberization of Towers/ Public institutions)
- Select point of interest on map or by entering latitude & longitude
- Find distance for one or all operators.
- Find distance by road as well as aerial
- Find RoW information along the route
- Download the information of distances calculated

PM GatiShakti NMP-Tools Developed (2/3)



LINE OF SIGHT TOOL

Find height of towers required at 2 points of interest to bring them in **Line of Sight**

Select points of interest on map or by entering latitude & longitude

Dynamically change height of any point(s) and see the results

Easy to use graphical interface

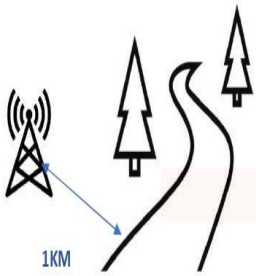
PM GatiShakti NMP-Tools Developed (3/3)

5G PLANNING TOOL

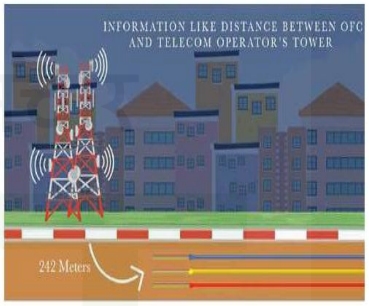
- Generate grids of customizable size in the city of interest for 5G planning
- Overlap layer of mobile towers to see which grids are being covered
- Overlap layer of street furniture to check which grids are being covered
- The uncovered grids can be focused for infra installation

PM GatiShakti NMP Platform : 4G Saturation

- Project aims to provide 4G coverage to the remaining approximately 25000 villages in the country. NMP is being used for planning of the project and shall provide following information:-

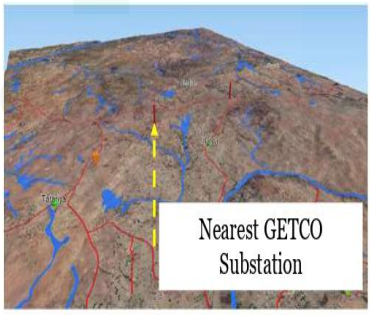


Distance of nearest available roads



Distance of available OFC from the proposed sides

Availability of land for installation



Distance of nearest available electric supply installation

MINISTRY OF LAW AND JUSTICE
(Legislative Department)

New Delhi, the 24*th December,* 2023/*Pausha* 3, 1945 (*Saka*)

The following Act of Parliament received the assent of the President on the 24th December, 2023 and is hereby published for general information:—

THE TELECOMMUNICATIONS ACT, 2023

No. 44 OF 2023

[24*th December,* 2023.]

An Act to amend and consolidate the law relating to development, expansion and operation of telecommunication services and telecommunication networks; assignment of spectrum; and for matters connected therewith or incidental thereto.

BE it enacted by Parliament in the Seventy-fourth Year of the Republic of India as follows:—

CHAPTER I

PRELIMINARY

Short title, extent and commencement.

1. (*1*) This Act may be called the Telecommunications Act, 2023.

(*2*) It extends to,—

(*i*) the whole of India; and

(*ii*) to any offence committed or contravention made outside India by any person, as provided in this Act.

(*3*) It shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint and different dates may be appointed for different provisions of this Act and any reference in any such provision to the commencement of this Act shall be construed as a reference to the commencement of that provision.

Definitions.

2. In this Act, unless the context otherwise requires,—

(*a*) "appointed day" means such date as the Central Government may, by notification appoint under sub-section (*3*) of section 1;

(*b*) "assignment" of a radio frequency or radio frequency channel means the permission for a radio station to use a radio frequency or radio frequency channel under specified conditions;

(*c*) "assignee" means a person holding an assignment of a radio frequency or radio frequency channel under section 4;

(*d*) "authorisation" means a permission, by whatever name called, granted under this Act for—

(*i*) providing telecommunication services;

(*ii*) establishing, operating, maintaining or expanding telecommunication networks; or

(*iii*) possessing radio equipment;

(*e*) "authorised entity" means a person holding an authorisation under section 3;

(*f*) "critical telecommunication infrastructure" means telecommunication networks notified under sub-section (*3*) of section 22;

(*g*) "message" means any sign, signal, writing, text, image, sound, video, data stream, intelligence or information sent through telecommunication;

(*h*) "National Frequency Allocation Plan" means guidelines issued from time to time by the Central Government for the use of the spectrum;

(*i*) "notification" means a notification published in the Official Gazette and the expression "notified" shall be construed accordingly;

(*j*) "person" shall include an individual, any company or association or body of individuals, whether incorporated or not, by whatsoever name called or referred to;

(*k*) "prescribed" means prescribed by rules made under this Act;

(*l*) "radio equipment" means telecommunication equipment used or capable of use for telecommunication by means of Hertzian or radio waves;

(*m*) "radio waves" means electromagnetic waves of frequencies propagated in space without any artificial guide;

(*n*) "Schedule" means a schedule to this Act;

(*o*) "spectrum" means the range of frequencies of Hertzian or radio waves;

(*p*) "telecommunication" means transmission, emission or reception of any messages, by wire, radio, optical or other electro-magnetic systems, whether or not such messages have been subjected to rearrangement, computation or other processes by any means in the course of their transmission, emission or reception;

(*q*) "telecommunication equipment" means any equipment, appliance, instrument, device, radio station, radio equipment, material, apparatus, or user equipment, that may be or is being used for telecommunication, including software and intelligence integral to such telecommunication equipment; and excludes such equipment as may be notified by the Central Government;

(*r*) "telecommunication identifier" means a series of digits, characters and symbols, or a combination thereof, used to identify uniquely a user, a

telecommunication service, a telecommunication network, elements of a telecommunication network, telecommunication equipment, or an authorised entity;

(*s*) "telecommunication network" means a system or series of systems of telecommunication equipment or infrastructure, including terrestrial or satellite networks or submarine networks, or a combination of such networks, used or intended to be used for providing telecommunication services, but does not include such telecommunication equipment as notified by the Central Government;

(*t*) "telecommunication service" means any service for telecommunication;

(*u*) "user" means a natural or legal person using or requesting a telecommunication service, but does not include person providing such telecommunication service or telecommunication network.

CHAPTER II

POWERS OF AUTHORISATION AND ASSIGNMENT

Authorisation.

3. (*1*) Any person intending to—

(*a*) provide telecommunication services;

(*b*) establish, operate, maintain or expand telecommunication network; or

(*c*) possess radio equipment,

shall obtain an authorisation from the Central Government, subject to such terms and conditions, including fees or charges, as may be prescribed.

(*2*) The Central Government may while making rules under sub-section (*1*) provide for different terms and conditions of authorisation for different types of telecommunication services, telecommunication network or radio equipment.

(*3*) The Central Government, if it determines that it is necessary in the public interest so to do, may provide exemption from the requirement of authorisation under sub-section (*1*), in such manner as may be prescribed.

13 of 1885.
17 of 1933.

(*4*) Any exemption granted prior to the appointed day under the Indian Telegraph Act, 1885 or the Indian Wireless Telegraphy Act, 1933 shall continue under this Act, unless otherwise notified by the Central Government.

(*5*) Any authorised entity may undertake any merger, demerger or acquisition, or other forms of restructuring, subject to any law for the time being in force and any authorised entity that emerges pursuant to such process, shall comply with the terms and conditions, including fees and charges, applicable to the original authorised entity, and such other terms and conditions, as may be prescribed.

13 of 1885.
17 of 1933.

(*6*) A licence, registration, permission, by whatever name called, granted prior to the appointed day under the Indian Telegraph Act, 1885 or the Indian Wireless Telegraphy Act, 1933, in respect of provision of telecommunication services or telecommunication network—

(*a*) where a definite validity period is given, shall be entitled to continue to operate under the terms and conditions and for the duration as specified under such licence or registration or permission, or to migrate to such terms and conditions of the relevant authorisation, as may be prescribed; or

(*b*) where a definite validity period is not given, shall be entitled to continue to operate on the terms and conditions of such licence or registration or permission for a period of five years from the appointed day, or to migrate to such terms and conditions of the relevant authorisation, as may be prescribed.

(*7*) Any authorised entity which provides such telecommunication services as may be notified by the Central Government, shall identify the person to whom it provides telecommunication services through use of any verifiable biometric based identification as may be prescribed.

(*8*) The Central Government may, subject to such terms and conditions, including fees or charges as may be prescribed, allot telecommunication identifiers for use by authorised entities.

(*9*) The Central Government may allow use of telecommunication identifiers allotted by international bodies which are recognised by the Central Government from time to time.

Assignment of spectrum.

4. (*1*) The Central Government, being the owner of the spectrum on behalf of the people, shall assign the spectrum in accordance with this Act, and may notify a National Frequency Allocation Plan from time to time.

(*2*) Any person intending to use spectrum shall require an assignment from the Central Government.

(*3*) The Central Government may prescribe such terms and conditions as may be applicable, for such assignment of spectrum, including the frequency range, methodology for pricing, price, fees and charges, payment mechanism, duration and procedure for the same.

(*4*) The Central Government shall assign spectrum for telecommunication through auction except for entries listed in the First Schedule for which assignment shall be done by administrative process.

Explanation.—For the purposes of this sub-section,—

(*a*) "administrative process" means assignment of spectrum without holding an auction;

(*b*) "auction" means a bid process for assignment of spectrum.

(*5*) (*a*) The Central Government may, by notification, amend the First Schedule for assignment of spectrum—

(*i*) in order to serve public interest; or

(*ii*) in order to perform government function; or

(*iii*) in cases where auction of spectrum is not the preferred mode of assignment due to technical or economic reasons.

(*b*) The notification referred to in clause (*a*) shall be laid before each House of Parliament.

(*6*) The Central Government, if it determines that it is necessary in the public interest so to do, may exempt,—

(*a*) from the requirement of assignment under sub-section (*2*), in such manner as may be prescribed; and

(*b*) by notification, specific usages within specified frequencies and parameters, from the requirements of sub-section (*2*).

(*7*) Any exemption with respect to use of spectrum granted under the Indian Telegraph Act, 1885 and the Indian Wireless Telegraphy Act, 1933 prior to the appointed day, shall continue under this Act, unless otherwise notified by the Central Government. 13 of 1885. 17 of 1933.

(*8*) Any spectrum assigned through the administrative process prior to the appointed day, shall continue to be valid on the terms and conditions on which it had been assigned, for a period of five years from the appointed day, or the date of expiry of such assignment, whichever is earlier.

(*9*) Any spectrum assigned through auction prior to the appointed day, shall continue to be valid on the terms and conditions on which it had been assigned.

Re-farming and harmonisation.

5. The Central Government may, to enable more efficient use of spectrum, re-farm or harmonise any frequency range assigned under section 4, subject to such terms and conditions, as may be prescribed.

Explanation.—For the purposes of this section,—

(*a*) "harmonisation" means rearrangement of a frequency range;

(*b*) "re-farming" means repurposing of a frequency range for a different use, other than that for which it is used by an existing assignee.

Technologically neutral use of spectrum.

6. The Central Government may enable the utilisation of the spectrum in a flexible, liberalised and technologically neutral manner, subject to such terms and conditions, including applicable fees and charges, as may be prescribed.

Optimal utilisation of spectrum.

7. (*1*) The Central Government may, to promote optimal use of the available spectrum, assign a particular part of a spectrum that has already been assigned to an entity, known as the primary assignee, to one or more additional entities, known as the secondary assignees, where such secondary assignment does not cause harmful interference in the use of the relevant part of the spectrum by the primary assignee, subject to such terms and conditions as may be prescribed.

(*2*) The Central Government may, notwithstanding anything contained in any other law for the time being in force, after providing a reasonable opportunity of being heard to the assignee concerned, determines that any assigned spectrum has remained unutilised for insufficient reasons for such period as may be prescribed, terminate such assignment, or a part of such assignment, or prescribe further terms and conditions relating to spectrum utilisation.

Establishment of monitoring and enforcement mechanism.

8. (*1*) The Central Government may establish by notification, such monitoring and enforcement mechanism as it may deem fit to ensure adherence to terms and conditions of spectrum utilisation and enable interference-free use of the assigned spectrum.

(*2*) The Central Government may permit the sharing, trading, leasing and surrender of assigned spectrum, subject to the terms and conditions, including applicable fees or charges, as may be prescribed.

No refund of fees.

9. No person shall be entitled to the refund of any fees or charges paid in respect of or under an authorisation or assignment granted under this Act, if such authorisation or assignment is suspended, curtailed, revoked or varied.

CHAPTER III

RIGHT OF WAY FOR TELECOMMUNICATION NETWORK

Definition of terms used in this Chapter.

10. For the purpose of this Chapter,—

(*a*) "facility provider" means the Central Government or any authorised entity, including any contractor or sub-contractor or agent working for the Central Government or authorised entity, and shall include their successor or assignee;

(*b*) "public entity" means,—

(*i*) the Central Government;

(*ii*) the State Government;

(*iii*) local authority;

(*iv*) any authority, body, company or institution incorporated or established by the Central Government or the State Government, or under any statute; or

(*v*) any non-government entity vested with the ownership, control or management of any public facility or class of public facilities, as may be notified by the Central Government;

(*c*) "public property" means any property, whether movable or immovable including any machinery, which is owned by, or in the possession of, or under the control or management of any public entity.

Right of way for telecommunication network in public property.

11. (*1*) Any facility provider may submit an application to a public entity under whose ownership, control or management, the public property is vested, to seek permissions for right of way for telecommunication network under, over, along, across, in or upon such public property.

(*2*) On receipt of an application from a facility provider under sub-section (*1*), the public entity shall, subject to the provisions of sub-section (*4*), grant permission for all or any of the following acts, namely:—

(*a*) survey such property for the purpose of assessing the feasibility for establishing telecommunication network; or

(*b*) enter the property from time to time to establish, operate, maintain, repair, replace, augment, remove or relocate any telecommunication network.

(*3*) The public entity shall grant permission under sub-section (*2*) in an expeditious manner and within such timelines as may be prescribed, and subject to such administrative expenses and compensation for right of way, which shall not exceed such amount as may be prescribed.

(*4*) Any rejection of an application under sub-section (*1*) shall be based on reasonable grounds to be recorded in writing.

(*5*) The facility provider shall do as little damage as possible to the public property, and ensure that the functionality and continuity of operations over such public property is not adversely affected, while undertaking any of the activities for which permission has been granted under sub-section (*2*).

(*6*) If any damage is caused to the property, the facility provider shall, at the option of the public entity, either,—

(*a*) restore such property to its state as existed prior to the undertaking of such activities; or

(*b*) pay compensation for such damage as may be mutually agreed.

(*7*) The provisions of this section shall be applicable to any public property vested for such projects or class of projects as notified by the Central Government, in respect of which, applications under sub-section (*1*) shall be made to the public entity granting the concession, contract or permission for such projects.

Right of way for telecommunication network on property not covered under section 11.

12. (*1*) Any facility provider may submit an application to the person under whose ownership, control or management of property not covered under section 11 is vested, to seek right of way for telecommunication network under, over, along, across, in or upon such property.

(*2*) On receipt of an application from a facility provider, the person receiving the application may enter into an agreement, specifying consideration as mutually agreed, for—

(*a*) undertaking surveys as may be required by the facility provider for the purpose of assessing the feasibility for establishing telecommunication network; or

(*b*) establishing, operating, maintaining, repairing, replacing, augmenting, removing or relocating any telecommunication network by the facility provider.

(*3*) The facility provider shall do as little damage as possible to the property when undertaking any of the activities for which permission has been granted under sub-section (*2*).

(*4*) In case of any damage to the property, the facility provider shall restore such property to its state as existed prior to the undertaking of such activities, failing which the person granting permission under sub-section (*2*), shall be entitled to compensation as may be mutually agreed, for any such damage.

(*5*) The Central Government may by rules provide for the procedure to be followed by a facility provider to enter, survey, establish, operate, maintain, repair, replace or relocate the telecommunication network, including the notice period, the manner of issuance of notice, the framework governing objections by owner or occupier of the property, the manner in which such objections would be resolved, and matters relating to the compensation payable for any damage.

(*6*) If the person under sub-section (*2*) fails to provide the right of way requested, and the Central Government determines that it is necessary so to do in the public interest, it may, either by itself or through any other authority designated by the Central Government for this purpose, determine that such facility provider shall be permitted the right of way to establish, operate, maintain such telecommunication network, subject to such terms and conditions, including charges for the right of way, and compensation for damage to the property, if any, to be payable to such person as may be prescribed.

Non-discriminatory and non-exclusive grant of right of way.

13. Any person providing right of way under section 11 or section 12, shall ensure grant of right of way to the facility providers in a non-discriminatory manner and, as far as practicable, on a non-exclusive basis.

Telecommunication network distinct from property on which it is installed.

14. (*1*) A facility provider shall not have any right, title or interest in the property on which telecommunication network is established, except the right to use the property as provided under section 11 or section 12.

(*2*) The telecommunication network installed on any property, shall not be subject to any claims, encumbrances, liquidation or the like, relating to such property.

(*3*) The telecommunication network installed on any property, shall not be considered as part of such property, including for the purposes of any transaction related to that property, or any property tax, levy, cess, fees or duties as may be applicable on that property.

(*4*) Notwithstanding anything contained in any other law for the time being in force, no public entity, except with the permission of an officer authorised by the Central Government for this purpose, shall have the authority to take any coercive action, such as sealing, preventing access, or forcible shutdown of the telecommunication network established by an authorised entity, except where such actions may be necessary to deal with any natural disaster or public emergency.

Power of Central Government to establish common ducts and cable corridors.

15. (*1*) The Central Government may notify infrastructure projects or class of infrastructure projects, whether being developed by a public entity by itself, through a public private partnership or by any other person, that may require establishment of common ducts or conduits or cable corridors, for installation of telecommunication network.

(*2*) The telecommunication network referred to in sub-section (*1*) shall be made available on open access basis to facility providers, subject to such terms and conditions, including fees and charges, as may be prescribed.

Removal, relocation or alteration of telecommunication network.

16. (*1*) Where, under section 11 or section 12, telecommunication network has been placed by the facility provider, under, over, along, across, in or upon any property, and any person entitled to do so desires to deal with that property in such a manner so as to render it necessary or convenient that the telecommunication network should be removed or relocated to another part thereof or to a higher or lower level or altered in form, he may require the facility provider to remove, relocate or alter the telecommunication network accordingly.

(*2*) If compensation has been paid under sub-section (*6*) of section 11, or sub-section (*4*) of section 12, such person shall, when making the requisition under sub-section (*1*), tender to the facility provider the amount requisite to defray the expense of the removal, relocation or alteration on such terms as may be mutually agreed.

(*3*) If any dispute arises under this Chapter, the matter shall be determined by the authority referred to in sub-section (*2*) of section 18.

(*4*) If the facility provider omits to comply with the requisition, the person making such requisition, may apply to the District Magistrate within whose jurisdiction the property is situated, to order the relocation or alteration.

(*5*) The District Magistrate receiving the application may, at its discretion and for reasons to be recorded in writing, approve or reject such relocation or alteration, subject to such conditions as it determines fit, including the relocation of the telecommunication network to any other part of the property or to a higher or lower level or for the alteration of its form, and the order so made shall be final.

Notice to facility provider.

17. (*1*) Any person desiring to exercise his right to deal with his property in such a manner as is likely to cause damage or to interrupt or interfere with the telecommunication network established under the provisions of this Act, or to interrupt or interfere with telecommunication services, shall give prior notice of such duration and in such manner, as may be prescribed, to the facility provider, the Central Government or to any authority that may be notified by the Central Government.

(*2*) The facility provider shall respond to such notice with details of such telecommunication network and precautionary measures to be undertaken, within such timelines as may be prescribed.

(*3*) Where a person referred to in sub-section (*1*) gives a notice of his exercise of the right relating to his property with the *bona fide* intention of averting imminent danger of personal injury to himself or any other person, such person shall be deemed to have complied with the provisions of the said sub-section.

(*4*) Any person who fails to comply with the provisions of sub-section (*1*), or deals with any property in such a manner as is likely to cause, or causes, damage to any telecommunication network, or is likely to interrupt or interfere, or interrupts or interferes with telecommunication services, a District Magistrate may, on the application of the facility provider, order such person to abstain from dealing with such property in such manner for a period not exceeding one month from the date of his order and forthwith to take such action with regard to such property as may be in the opinion of the District Magistrate necessary to remedy or prevent such damage, interruption or interference during such period.

(*5*) If any dispute arises relating to damages, the matter shall be determined by the authority referred to under sub-section (*2*) of section 18.

Dispute resolution relating to this Chapter.

18. (*1*) The District Magistrate, or any other authority as notified by the Central Government, within whose jurisdiction the property is situated, shall have the exclusive powers to resolve any disputes under this Chapter, except for disputes referred to under sub-section (*2*) of this section.

(*2*) If any dispute arises relating to compensation under sub-section (*6*) of section 11, sub-section (*2*) and sub-section (*4*) of section 12, and sub-section (*5*) of section 17, it shall, on an application made for that purpose by either of the disputing parties to the District Judge within whose jurisdiction the property is situated, be determined by him.

(*3*) Every determination of a dispute by a District Magistrate or District Judge under this section, shall be final.

(*4*) Nothing in sub-section (*3*) shall affect the right of any person to recover by suit the whole or any part of any compensation paid by the facility provider, from the person who has received the same.

CHAPTER IV

STANDARDS, PUBLIC SAFETY, NATIONAL SECURITY AND PROTECTION OF TELECOMMUNICATION NETWORKS

Power to notify standards.

19. The Central Government may notify standards and conformity assessment measures in respect of—

(*a*) telecommunication equipment, telecommunication identifiers and telecommunication network;

(*b*) telecommunication services, in consonance with any regulations notified by the Telecom Regulatory Authority of India from time to time;

(*c*) manufacture, import, distribution and sale of telecommunication equipment;

(*d*) telecommunication security, including identification, analysis and prevention of intrusion in telecommunication services and telecommunication networks;

(*e*) cyber security for telecommunication services and telecommunication networks; and

(*f*) encryption and data processing in telecommunication.

Provisions for public emergency or public safety.

20. (*1*) On the occurrence of any public emergency, including disaster management, or in the interest of public safety, the Central Government or a State Government or any officer specially authorised in this behalf by the Central Government or a State Government, if satisfied that it is necessary or expedient so to do, by notification—

(*a*) take temporary possession of any telecommunication service or telecommunication network from an authorised entity; or

(*b*) provide for appropriate mechanism to ensure that messages of a user or group of users authorised for response and recovery during public emergency are routed on priority.

(*2*) On the occurrence of any public emergency or in the interest of public safety, the Central Government or a State Government or any officer specially authorised in this behalf by the Central Government or a State Government, may, if satisfied that it is necessary or expedient so to do, in the interest of the sovereignty and integrity of India, defence and security of the State, friendly relations with foreign States, public order, or for preventing incitement to the commission of any offence, subject to such procedure and safeguards as may be prescribed, and for reasons to be recorded in writing, by order—

(*a*) direct that any message or class of messages, to or from any person or class of persons, to or from any telecommunication equipment or class of telecommunication equipment, or relating to any particular subject, brought for

transmission by, or transmitted or received by any telecommunication service or telecommunication network, shall not be transmitted, or shall be intercepted or detained, or shall be disclosed in intelligible format to the officer mentioned in such order; or

(*b*) direct that any telecommunication service or class of telecommunication services to or from any person or class of persons, to or from any telecommunication equipment or class of telecommunication equipment, or relating to any particular subject, transmitted or received by any telecommunication service or telecommunication network, shall be suspended.

(*3*) The press messages, intended to be published in India, of correspondents accredited to the Central Government or a State Government shall not be intercepted or detained, unless their transmission has been prohibited under clause (*a*) of sub-section (*2*).

(*4*) The action specified under sub-section (*1*), sub-section (*2*) and sub-section (*3*) shall be for such duration and in such manner as may be prescribed.

Measures for national security, etc.

21. The Central Government may, if satisfied that it is necessary or expedient so to do, in the interest of national security, friendly relations with foreign States, or in the event of war, by notification take such measures as are necessary in the circumstances of the case, including issuing directions in respect of the following, namely:—

(*a*) use of telecommunication equipment, telecommunication services, telecommunication network and telecommunication identifiers;

(*b*) standards applicable to manufacture, import and distribution of telecommunication equipment;

(*c*) standards to be adopted by authorised entities or assignees;

(*d*) procurement of telecommunication equipment and telecommunication services only from trusted sources;

(*e*) suspension, removal or prohibition of the use of specified telecommunication equipment and telecommunication services from countries or person as may be notified; or

(*f*) taking over the control and management of, or suspending the operation of, or entrusting any authority of the Central Government to manage any or all of any telecommunication services, or any telecommunication network or part thereof, connected with such telecommunication services.

Protection of telecommunication network and telecommunication services.

22. (*1*) The Central Government may by rules provide for the measures to protect and ensure cyber security of telecommunication networks and telecommunication services.

(*2*) The measures may include collection, analysis and dissemination of traffic data that is generated, transmitted, received or stored in telecommunication networks.

Explanation.—For the purposes of this sub-section, the expression "traffic data" means any data generated, transmitted, received or stored in telecommunication networks including data relating to the type, routing, duration or time of a telecommunication.

(*3*) The Central Government may, by notification in the Official Gazette, declare any telecommunication network, or part thereof, as Critical Telecommunication Infrastructure, disruption of which shall have debilitating impact on national security, economy, public health or safety.

(*4*) The Central Government may by rules provide for the standards, security practices, upgradation requirements and procedures to be implemented for such Critical Telecommunication Infrastructure.

Power to give directions.

23. If it appears necessary or expedient so to do in the public interest, the Central Government may direct any authorised entity to transmit in its telecommunication services or telecommunication network, specific messages, in such manner as may be specified.

CHAPTER V

DIGITAL *BHARAT NIDHI*

Establishment of Digital *Bharat Nidhi*.

24. (*1*) The Universal Service Obligation Fund created under the Indian Telegraph Act, 1885, shall, from the appointed day, be the "Digital *Bharat Nidhi*", under the control of the Central Government, and shall be used to discharge functions as set forth in this Act.

13 of 1885.

(*2*) Any sums of money attributable to the Digital *Bharat Nidhi* that is paid pursuant to an authorisation under section 3, shall be credited to the Digital *Bharat Nidhi*.

(*3*) The balance to the credit of the Digital *Bharat Nidhi* shall not lapse at the end of the financial year.

(*4*) All amounts payable under licences granted prior to the appointed day towards the Universal Service Obligation, shall be deemed to be the amounts payable towards the Digital *Bharat Nidhi*.

Crediting of sum to Consolidated Fund of India.

25. The sums of money received towards the Digital *Bharat Nidhi* under section 24, shall first be credited to the Consolidated Fund of India, and the Central Government may, if Parliament by appropriation made by law in this behalf so provides, credit such proceeds to the Digital *Bharat Nidhi* from time to time for being utilised exclusively to meet any or all of the following objectives, namely:—

(*a*) support universal service through promoting access to and delivery of telecommunication services in underserved rural, remote and urban areas;

(*b*) support research and development of telecommunication services, technologies, and products;

(*c*) support pilot projects, consultancy assistance and advisory support towards provision of service under clause (*a*) of this section;

(*d*) support introduction of telecommunication services, technologies, and products.

Administration of Digital *Bharat Nidhi*.

26. The Digital *Bharat Nidhi* shall be administered in a manner, as may be prescribed.

CHAPTER VI

INNOVATION AND TECHNOLOGY DEVELOPMENT

Regulatory sandbox.

27. The Central Government may, for the purposes of encouraging and facilitating innovation and technological development in telecommunication, create one or more regulatory sandboxes, in such manner, and for such duration, as may be prescribed.

Explanation.—For the purposes of this section, the expression "regulatory sandbox" refers to a live testing environment where new products, services, processes and business models which may be deployed, on a limited set of users, for a specified period of time, with certain relaxations from the provisions of this Act.

CHAPTER VII

PROTECTION OF USERS

Measures for protection of users.

28. (*1*) For the purposes of this section, "specified message" means any message offering, advertising or promoting goods, services, interest in property, business opportunity, employment opportunity or investment opportunity, whether or not—

(*a*) the goods, services, interest, or opportunity are real; or

(*b*) it is lawful to acquire such goods, services, property, interest or take up the opportunity.

(*2*) The Central Government may by rules provide for measures for protection of users, in consonance with any regulations notified by the Telecom Regulatory Authority of India from time to time, including measures such as—

(*a*) the prior consent of users for receiving certain specified messages or class of specified messages;

(*b*) the preparation and maintenance of one or more registers, to be called as "Do Not Disturb" register, to ensure that users do not receive specified messages or class of specified messages without prior consent; or

(*c*) the mechanism to enable users to report any malware or specified messages received in contravention of this section.

(*3*) An authorised entity providing telecommunication services shall establish an online mechanism to enable users to register any grievance pertaining to the telecommunication service, and redressal of such grievances, in such manner as may be prescribed.

Duty of users.

29. No user shall—

(*a*) furnish any false particulars, suppress any material information, or impersonate another person, while establishing his identity for availing of telecommunication services; or

(*b*) fail to share information as required under this Act.

Dispute resolution mechanism to redress user grievances.

30. (*1*) The Central Government may establish or approve one or more online dispute resolution mechanisms for the resolution of disputes between users and authorised entities providing telecommunication services.

(*2*) Every authorised entity providing telecommunication services shall participate in the dispute resolution mechanism established under sub-section (*1*), and shall comply with such terms and conditions of participation in such mechanism as may be prescribed.

(*3*) This section shall not affect the rights of consumers under the Consumer Protection Act, 2019. 35 of 2019.

CHAPTER VIII

ADJUDICATION OF CERTAIN CONTRAVENTIONS

Definitions of terms used in this Chapter.

31. For the purposes of this Chapter,—

(*a*) "Adjudicating Officer" means an officer appointed under section 35; and

(*b*) "Designated Appeals Committee" means the committee appointed under section 36.

Breach of terms and conditions of authorisation or assignment.

32. (*1*) In case of breach of any of the terms and conditions of authorisation or assignment granted under this Act, the Adjudicating Officer shall, pursuant to an inquiry under the provisions of this Chapter—

(*a*) pass an order in writing in respect of one or both of the following, namely:—

(*i*) direct such authorised entity, or assignee to do or abstain from doing any act or thing to prevent such breach or for such compliance;

(*ii*) impose civil penalties as specified in the Second Schedule; and

(*b*) make recommendations for the consideration of the Central Government regarding suspension, revocation, or curtailment of the duration of the authorisation or assignment.

(*2*) The Central Government may, after due consideration of the recommendations of the Adjudicating Officer under clause (*b*) of sub-section (*1*), suspend, curtail or revoke the authorisation or assignment, as the case may be, which may be reversed if the substantial violation is remedied to the satisfaction of the Central Government.

(*3*) While imposing penalties specified in the Second Schedule under this section and section 33, the Adjudicating Officer shall have due regard to the following factors, namely:—

(*a*) nature, gravity and duration of the contravention, taking into account the scope of the contravention;

(*b*) number of persons affected by such contravention, and the level of harm suffered by them;

(*c*) intentional or negligent character of the contravention;

(*d*) repetitive nature of the contravention;

(*e*) action taken by the concerned person to mitigate the contravention, including by providing a voluntary undertaking under sub-section (*1*) or sub-section (*2*) of section 34;

(*f*) revenue loss caused to the Central Government;

(*g*) any aggravating factors relevant to the circumstances of the case, such as the amount of disproportionate gain or unfair advantage, wherever quantifiable, made as a result of the contravention; and

(*h*) any mitigating factors relevant to the circumstances of the case, such as the timely rectification of the contravention, or steps taken for the avoidance of loss as a result of the contravention.

Contraventions of Act.

33. (*1*) The Adjudicating Officer shall, upon receipt of a complaint in such form, manner and accompanied by such fees as may be prescribed, relating to contravention of this Act as specified in the Third Schedule, or *suo motu*, conduct an inquiry under the provisions of this Chapter, pass an order in writing specifying the civil penalty up to an amount as specified in the Third Schedule, payable by the person committing such contravention.

(*2*) The provisions of the Third Schedule shall apply to the abetment of, or attempt to commit, or conspiracy to commit such contravention, as they apply to such contravention.

Voluntary undertaking for contraventions.

34. (*1*) Any authorised entity or assignee committing the contravention as provided under section 32 or under serial No. 4 of the Third Schedule may, prior to any notice or initiation of process of determination of such contravention, submit a voluntary undertaking to the Adjudicating Officer, disclosing such contravention and measures taken or to be taken to mitigate such contravention.

(*2*) The acceptance of voluntary undertaking given under sub-section (*1*), subject to the provisions of sub-section (*6*), shall constitute a bar on proceedings under this Chapter.

(*3*) Where the Adjudicating Officer has reasonable grounds to believe that a contravention as provided under section 32 or under serial No. 4 of the Third Schedule may have occurred, then it shall serve a notice to the authorised entity or assignee concerned under the relevant section.

(*4*) At any time during the process of hearing under sub-section (*3*), the authorised entity or assignee, may, submit a voluntary undertaking specifying the mitigation measures it proposes to take in respect of such contravention.

(*5*) The acceptance of the voluntary undertaking submitted under sub-section (*4*), subject to the provisions of sub-section (*6*), shall be construed as a mitigation measure and shall be duly considered for the purpose of determination of civil penalties under clause (*a*) of sub-section (*1*) of section 32, or under serial No. 4 of the Third Schedule.

(*6*) The voluntary undertaking under sub-section (*1*) or sub-section (*4*) of this section, may include an undertaking to take a specified action within a specified time; an undertaking to refrain from taking a specified action; and an undertaking to publicise the voluntary undertaking.

(*7*) The Adjudicating Officer may accept the voluntary undertaking under sub-section (*1*) or sub-section (*4*), or with the agreement of the authorised entity or assignee providing the voluntary undertaking, vary the terms included in such voluntary undertaking.

(*8*) When the authorised entity or assignee providing a voluntary undertaking fails to comply with any terms of such undertaking, the Adjudicating Officer may, after giving such authorised entity or assignee a reasonable opportunity of being heard, proceed with imposition of civil penalties specified under the Second Schedule or the Third Schedule, as applicable.

Adjudicating Officer.

35. (*1*) For the purposes of this Chapter, the Central Government shall, by an order published in the Official Gazette, appoint any officer of the Central Government not below the rank of Joint Secretary as one or more Adjudicating Officers for holding an inquiry in such manner as may be prescribed.

(*2*) The Adjudicating Officer may, upon the holding of such inquiry, pass such order as he deems fit in accordance with the provisions of section 32 or section 33.

Designated Appeals Committee.

36. (*1*) The Central Government may, by an order published in the Official Gazette, appoint officers of the Central Government not below the rank of Additional Secretary, as members of one or more Designated Appeals Committee to which any person aggrieved by an order made by the Adjudicating Officer under sub-section (*1*) of section 32 or under section 33, may prefer an appeal.

(*2*) Every appeal under sub-section (*1*) shall be filed within a period of thirty days from the date on which the copy of the order made by the Adjudicating Officer is received by the aggrieved person, and shall be in such form, manner and be accompanied by such fees as may be prescribed.

Process to be followed by Adjudicating Officer and Designated Appeals Committee.

37. (*1*) The functioning of the Adjudicating Officer and the Designated Appeals Committee shall, as far as possible, be digital by design and they shall function as digital offices and deploy such techno-legal measures as may be prescribed, to enable online process for their functioning.

(*2*) The Adjudicating Officer and Designated Appeals Committee shall have the same powers as a civil court, and all proceedings before it shall be deemed to be judicial proceedings within the meaning of sections 193 and 228 of the Indian Penal Code. 45 of 1860.

Enforcement.

38. Any order made by the Adjudicating Officer or the Designated Appeals Committee shall be executable in the same manner as if it were a decree of civil court; and such orders shall be deemed to be final decrees under this section on the expiry of the period allowed for preferring an appeal against such orders as provided in section 36 and section 39.

Appeals on matters relating to section 32.

39. Any person aggrieved by an order of the Designated Appeals Committee under section 36, in so far as it pertains to matters under sub-section (*1*) of section 32, or an order of the Central Government under sub-section (*2*) of section 32, may prefer an appeal to the Telecom Disputes Settlement and Appellate Tribunal constituted under section 14 of the Telecom Regulatory Authority of India Act, 1997, within a period of thirty days from the date on which a copy of the order is received by such authorised entity or assignee.

24 of 1997.

Appeals on matters relating to section 33.

40. Any person aggrieved by an order of the Designated Appeals Committee under section 36, in so far as it pertains to matters under section 33, may prefer an appeal to any civil court having jurisdiction over the matter.

Jurisdiction of civil court barred.

41. No civil court shall have jurisdiction in respect of any matter which the Adjudicating Officer, the Designated Appeals Committee, the Central Government or the Telecom Disputes Settlement and Appellate Tribunal are empowered by or under this Chapter to determine.

CHAPTER IX

OFFENCES

General provisions relating to offences.

42. (*1*) Whoever provides telecommunication services or establishes telecommunication network without authorisation under sub-section (*1*) of section 3, or causes damage to critical telecommunication infrastructure shall be punishable with imprisonment for a term which may extend to three years, or with fine which may extend up to two crore rupees, or with both.

(*2*) Whoever directly or indirectly or through personation—

(*a*) gains or attempts to gain unauthorised access to a telecommunication network or to data of an authorised entity or transfers data of an authorised entity; or

(*b*) intercepts a message unlawfully,

shall be punishable with imprisonment for a term which may extend to three years, or with fine which may extend up to two crore rupees, or with both.

Explanation.—For the purposes of this sub-section,—

(*i*) the expression "personation" shall have the same meaning as assigned to it under section 416 of the Indian Penal Code;

45 of 1860.

(*ii*) data of an authorised entity includes call data records, internet protocol data records, traffic data, subscriber data records and the like.

(*3*) Whoever,—

(*a*) possesses or uses without an authorisation, any equipment that blocks telecommunication;

(*b*) uses telecommunication identifiers not allotted or permitted in accordance with sub-sections (*8*) and (*9*) of section 3;

(*c*) tampers with telecommunication identifiers;

(*d*) possesses radio equipment without an authorisation or an exemption that can accommodate more than specified number of subscriber identity modules;

(*e*) obtains subscriber identity modules or other telecommunication identifiers through fraud, cheating or personation;

(*f*) wilfully possesses radio equipment knowing that it uses unauthorised or tampered telecommunication identifiers,

shall be punishable with imprisonment for a term which may extend to three years, or with fine which may extend up to fifty lakh rupees, or with both.

(*4*) Whoever wilfully contravenes any measures specified in the notification on national security under section 21 shall be punishable with imprisonment for a term which may extend to three years, or with fine which may extend up to two crore rupees, or with both and the Central Government may, if it deems fit, also suspend or terminate the telecommunication service of such person.

(*5*) Whoever causes damage to telecommunication network, other than critical telecommunication infrastructure shall be liable for compensation for the damage caused and fine which may extend up to fifty lakh rupees.

(*6*) Whoever abets any offence, or attempts to commit, or conspires to commit an offence under this Act, shall if the act abetted or conspired is committed in consequence of such abetment or conspiracy, be punished with the punishment provided for the offence.

(*7*) Notwithstanding anything contained in the Code of Criminal Procedure, 1973, all offences specified under this section shall be cognizable and non-bailable. 2 of 1974.

(*8*) No court inferior to that of a Chief Metropolitan Magistrate or a Chief Judicial Magistrate of first class shall try any offence punishable under this Act.

Power to search.

43. Any officer authorised by the Central Government in this behalf, may search any building, vehicle, vessel, aircraft or place in which he has reason to believe that any unauthorised telecommunication network or telecommunication equipment or radio equipment in respect of which an offence punishable under section 42 has been committed, is kept or concealed and take possession thereof.

Supply of information to authorised officers.

44. Notwithstanding anything contained in any law for the time being in force, where the Central Government is satisfied that any information, document or record in possession or control of any authorised entity or assignee relating to any telecommunication service, telecommunication network or use of spectrum, availed by any entity or consumer or subscriber is necessary to be furnished in relation to any pending or apprehended civil or criminal proceedings, an officer, specially authorised in writing by the Central Government in this behalf, shall direct such authorised entity or assignee to furnish such information, document or record to him and the authorised entity or assignee shall comply with the direction of such officer.

CHAPTER X

MISCELLANEOUS

Creation of security interests.

45. The Central Government may provide for such security interest which an authorised entity may provide to lenders financing such entities on such terms and conditions of such security interest as may be prescribed.

Certification of person for operation of radio equipment on a vessel or aircraft.

46. The Central Government may grant certification to any person to operate a radio equipment on such class of vessels registered under the Merchant Shipping Act, 1958, aircrafts registered under the Aircraft Act, 1934 and any other category of vessels or vehicles as may be notified by the Central Government, in accordance with such terms and conditions, including applicable fees and charges, as may be prescribed. 44 of 1958. 22 of 1934.

Certification for amateur station operator.

47. The Central Government may by rules provide for the manner of certification of person to install and operate an amateur station and such rules may specify the qualifications and terms and conditions subject to which, a certification for operating an amateur station may be granted, including through conduct of examinations for granting such certification, the fees and charges to be paid thereof, and other connected matters.

Explanation.—For the purposes of this section,—

(*a*) "amateur services" means radio communication services for the purpose of self-training, intercommunication and technical investigations carried out by amateurs, that is, by duly authorised person interested in radio technique solely with a personal aim and without any pecuniary interest;

(*b*) "amateur station" means a radio station operated by an amateur for amateur services.

Prohibition of use of equipment which blocks telecommunication.

48. No person shall possess or use any equipment that blocks telecommunication unless permitted by the Central Government, or any authority authorised for specific purpose by the Central Government.

Penalties not to affect other liabilities.

49. (*1*) The penalties imposed pursuant to the provisions of Chapter VIII or Chapter IX, shall be in addition to, and not in derogation of, any liability in respect of payment of compensation or payment of any fees or charges due by an authorised entity or assignee.

(*2*) The provisions of this Act are in addition to and without prejudice to any other liability which a person may have incurred under any other law for the time being in force.

Act to apply for offence or contravention committed outside India.

50. This Act shall apply to any offence committed or contravention made outside India by any person if the act or conduct constituting such offence or contravention involves a telecommunication service provided in India, or telecommunication equipment or telecommunication network located in India.

Protection of action taken in good faith.

51. No suit, prosecution or other legal proceeding shall lie against the Central Government, the State Government, or any other authority under this Act or any person acting on their behalf, as the case may be, for anything which is done in good faith, or intended to be done in pursuance of this Act or any rule, regulation or order made thereunder.

Consistency with other laws.

52. (*1*) The provisions of this Act shall be in addition to, and not be construed in derogation of the provisions of any other law, and shall be construed as consistent with such law, for the time being in force.

(*2*) If any conflict arises between a provision of this Act and a provision of any other law for the time being in force in the whole of India or restricted to the application within the territory of any State, the provision of this Act shall prevail to the extent of such conflict.

Implementation of Act.

53. The implementation of the Act shall be digital by design and the Central Government shall take any such measures as necessary to enable the digital implementation of the Act.

Employee of authorised entity not to be compelled to appear as witness.

54. No employee of an authorised entity shall, in any legal proceeding to which such authorised entity is not a party, be compelled to appear as a witness to prove the information contained in any electronic records submitted under sub-section (*4*) of section 65B of the Indian Evidence Act, 1872, except as required by order of the Court or a Judge made for special cause.

1 of 1872.

Rights in Continental Shelf and Exclusive Economic Zone.

55. The privilege of the Central Government to grant authorisations or assignment under this Act in the Continental Shelf and the Exclusive Economic Zone of India and the rights of an authorised entity or assignee, as the case may be, shall be subject to the Territorial Waters, Continental Shelf, Exclusive Economic Zone and other Maritime Zones Act, 1976, and applicable international laws as accepted and ratified by India.

80 of 1976.

Power of Central Government to make rules.

56. (*1*) The Central Government may, by notification, and subject to the condition of previous publication, make rules not inconsistent with the provisions of this Act, to carry out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely:—

(*a*) the terms and conditions, including fees or charges for obtaining authorisation under sub-section (*1*) of section 3;

(*b*) the manner of exemption for providing authorisation under sub-section (*3*) of section 3;

(*c*) the terms and conditions, including fees and charges, applicable to the original authorised entity that emerges pursuant to any merger, demerger, acquisition, or other forms of restructuring, under sub-section (*5*) of section 3;

(*d*) the terms and conditions for migration under sub-section (*6*) of section 3;

(*e*) the verifiable biometric based identification to be used by an authorised entity of telecommunication services under sub-section (*7*) of section 3;

(*f*) the terms and conditions, including fees or charges for allotment of telecommunication identifiers for use by authorised entities under sub-section (*8*) of section 3;

(*g*) the terms and conditions for the assignment of spectrum, including the frequency range, methodology for pricing, price, fees and charges, payment mechanism, duration and procedure under sub-section (*3*) of section 4;

(*h*) the manner of exemptions for assignment of spectrum under sub-section (*7*) of section 4;

(*i*) the terms and conditions for re-farming and harmonisation under section 5;

(*j*) the terms and conditions, including applicable fees and charges, and any other relevant condition subject to which the utilisation of the spectrum in a flexible, liberalised and technologically neutral manner under section 6;

(*k*) the terms and conditions for optimal utilisation of spectrum under sub-section (*1*) of section 7;

(*l*) the period of unutilised spectrum for insufficient reasons and further terms and conditions relating to spectrum utilisation under sub-section (*2*) of section 7;

(*m*) the terms and conditions, including applicable fees or charges for sharing, trading, leasing and surrender of assigned spectrum, under sub-section (*2*) of section 8;

(*n*) the timeline for granting permission for right of way for telecommunication network in public property; and the amount for administrative expenses and compensation for right of way under sub-section (*3*) of section 11;

(*o*) the procedure to be followed by a facility provider to enter, survey, establish, operate, maintain, repair, replace or relocate the telecommunication network, including the notice period, the manner of issuance of notice, the framework governing objections by owner or occupier of the property, the manner in which such objections would be resolved, and matters relating to the compensation payable for any damage under sub-section (*5*) of section 12;

(*p*) the terms and conditions, including charges for right of way, and compensation for damage to the property, under sub-section (*6*) of section 12;

(*q*) the terms and conditions, including fees and charges subject to which the telecommunication network to be made available on open access basis to facility providers under sub-section (*2*) of section 15;

(*r*) the procedure and manner for giving prior notice under sub-section (*1*) of section 17;

(*s*) the timeline for responding the notice with details of telecommunication network and precautionary measures to be undertaken by the facility provider under sub-section (*2*) of section 17;

(*t*) the procedure and safeguards for public emergency or public safety under sub-section (*2*) of section 20;

(*u*) the duration and manner of taking action for public emergency or public safety under sub-section (*4*) of section 20;

(*v*) the measures to protect and ensure cyber security of, telecommunication networks and telecommunication services under sub-section (*1*) of section 22;

(*w*) the standards, security practices, upgradation requirements and procedures to be implemented for the Critical Telecommunication Infrastructure under sub-section (*4*) of section 22;

(*x*) the manner for administration of Digital *Bharat Nidhi* under section 26;

(*y*) the manner and duration for creating Regulatory Sandbox under section 27;

(*z*) the measures for protection of users under sub-section (*2*) of section 28;

(*za*) the manner for registration of any grievance and redressal of such grievances pertaining to the telecommunication service under sub-section (*3*) of section 28;

(*zb*) the terms and conditions for participating in the dispute resolution mechanism under sub-section (*2*) of section 30;

(*zc*) the form, manner and fees to be accompanied with the complaint under sub-section (*1*) of section 33;

(*zd*) the manner for holding inquiry by the Adjudicating Officer under sub-section (*1*) of section 35;

(*ze*) the form, manner and fees for filing an appeal before the Designated Appeals Committee under sub-section (*2*) of section 36;

(*zf*) the techno-legal measures for functioning of the Adjudicating Officer and the Designated Appeals Committee under sub-section (*1*) of section 37;

(*zg*) the terms and conditions of security interest under section 45;

(*zh*) the terms and conditions, including applicable fees and charges for granting certificates under section 46;

(*zi*) the manner of certification, qualification, and terms and conditions, including fees and charges for the examination for amateur station operator under section 47;

(*zj*) any other matter which is to be, or may be, prescribed, or in respect of which provision is to be made by rules.

(*3*) Every rule made under this Act and amendment to the Schedule made under section 57 shall be laid, as soon as may be after it is made, before each House of Parliament, while it is in session, for a total period of thirty days which may be comprised in one session or in two or more successive sessions, and if, before the expiry of the session immediately following the session or the successive sessions aforesaid, both

Houses agree in making any modification in the rule or amendment to the Schedule or both Houses agree that the rule or amendment to the Schedule should not be made, the rule or amendment to the Schedule shall thereafter have effect only in such modified form or be of no effect, as the case may be; so, however, any such modification or annulment shall be without prejudice to the validity of anything previously done under that rule or amendment to the Schedule.

Power of Central Government to amend Schedules.

57. (*1*) Subject to the provisions of this section, the Central Government may, by notification,—

(*a*) amend the First Schedule;

(*b*) amend the Second Schedule or the Third Schedule:

Provided that penalty or civil penalty specified in such Schedules shall be not exceeding ten crore rupees.

(*2*) Any amendment made under sub-section (*1*) shall have effect as if enacted in this Act and shall come into force on the date of the notification, unless the notification otherwise directs.

Power to remove difficulties.

58. (*1*) If any difficulty arises in giving effect to the provisions of this Act, the Central Government may, by order published in the Official Gazette, make such provisions, not inconsistent with the provisions of this Act, as may be necessary or expedient, for removing the difficulty:

Provided that no order shall be made under this section after the expiration of three years from the date of commencement of this Act.

(*2*) Every order made under this section shall be laid, as soon as may be after it is made, before each House of Parliament.

Amendment to Act 24 of 1997.

59. In the Telecom Regulatory Authority of India Act, 1997,—

(*a*) in section 2,—

(*i*) in sub-section (*1*),—

(*A*) for clause (*e*), the following clause shall be substituted, namely:—

'(*e*) "licensee" means an authorised entity providing telecommunication services under the Telecommunications Act, 2023, or registered for providing cable television network under the Cable Television Networks (Regulation) Act, 1995 or any other Act for the time being in force;'; 7 of 1995.

(*B*) for clause (*ea*), the following clause shall be substituted, namely:—

'(*ea*) "licensor" means the Central Government which grants an authorisation for telecommunication services under the Telecommunications Act, 2023, or registration under the Cable Television Networks (Regulation) Act, 1995 or any other Act for the time being in force;'; 7 of 1995.

(*C*) after clause (*j*), the following clause shall be inserted, namely:—

'(*ja*) "telecommunication" shall have the meaning as assigned to it in the Telecommunications Act, 2023;';

(*D*) for clause (*k*), the following clause shall be substituted, namely:—

'(*k*) "telecommunication services" means any service for telecommunication;';

(*ii*) in sub-section (*2*), for the words and figures "the Indian Telegraph Act, 1885 or the Indian Wireless Telegraphy Act, 1933", the words, figures and brackets "the Telecommunications Act, 2023 or the Cable Television Networks (Regulation) Act, 1995" shall be substituted;

13 of 1885.
17 of 1933.
7 of 1995.

(*b*) in section 4, for the proviso, the following provisos shall be substituted, namely:—

"Provided that a person who is, or has been, in the service of Government shall not be appointed—

(*a*) as a Chairperson unless such person has held the post of Secretary to the Government of India or any equivalent post in the Central Government or the State Government; or

(*b*) as a member unless such person has held the post of Additional Secretary to the Government of India or any equivalent post in the Central Government or the State Government:

Provided further that a person who is, or has been, in a service other than that of Government, shall be appointed—

(*a*) as a Chairperson if such person has at least thirty years of professional experience and has served as a member of the board of directors or a chief executive of a company in the areas as specified in this section; or

(*b*) as a Member if such person has at least twenty-five years of professional experience and has served as a member of the board of directors or chief executive of a company in the areas as specified in this section.";

(*c*) in section 11,—

(*i*) in sub-section (*1*),—

13 of 1885.

(*A*) for the words and figures "Indian Telegraph Act, 1885", the words, figures and brackets "Telecommunications Act, 2023 or the

7 of 1995.

Cable Television Networks (Regulation) Act, 1995" shall be substituted;

(*B*) in the fifth proviso, for the portion beginning with the words "may, within fifteen days from the date of receipt" and ending with the words "take a final decision", the following shall be substituted, namely:—

"shall, within thirty days from the date of receipt of such reference communicate to the Central Government any further recommendations that it may have, after considering the reference made by the Central Government and after receipt of further recommendation if any, the Central Government shall take a final decision.";

(*ii*) in sub-section (*2*),—

13 of 1885.

(*A*) for the words and figures "Indian Telegraph Act, 1885", the words, figures and brackets "Telecommunications Act, 2023 or the

7 of 1995.

Cable Television Networks (Regulation) Act, 1995" shall be substituted;

(*B*) after the proviso, the following proviso shall be inserted, namely:—

"Provided further that the Authority may direct an authorised entity or class of authorised entities providing telecommunication services, to abstain from predatory pricing that is harmful to competition, long term development and the overall health of the telecommunication sector.";

(*d*) in section 14, in clause (*a*),—

(*i*) sub-clause (*i*) shall be omitted;

(*ii*) for paragraph (*C*), the following shall be substituted, namely:—

"(*C*) any disputes to be adjudicated by the Adjudicating Officer or the Designated Appeals Committee under the Telecommunications Act, 2023;

(*iii*) after clause (*c*), the following clause shall be inserted, namely:—

"(*d*) hear and dispose of appeals under section 39 of the Telecommunications Act, 2023.

Any action instituted under the Telecom Regulatory Authority of India Act, 1997 and pending immediately before the appointed day in the Telecom Disputes Settlement and Appellate Tribunal, shall continue to be heard and disposed of by the Telecom Disputes Settlement and Appellate Tribunal as if this Act had not been passed;"; 24 of 1997.

(*e*) for section 38, the following section shall be substituted, namely:—

Application of certain laws.

"38. The provisions of this Act shall be in addition to the provisions of the Telecommunications Act, 2023 and, in particular, nothing in this Act shall affect any jurisdiction, powers and functions required to be exercised or performed by the appropriate authority in relation to any area falling within the jurisdiction of such authority.".

CHAPTER XI

REPEAL AND SAVINGS

Repeal of certain Acts and savings.

60. (*1*) Subject to the other provisions of this section, the enactments namely, the Indian Telegraph Act, 1885, and the Indian Wireless Telegraphy Act, 1933, are hereby repealed. 13 of 1885. 17 of 1933.

(*2*) Notwithstanding the repeal of the provisions aforesaid, anything done or any action taken including any grant of license, registration or assignment, any order, or proceeding, pending or ongoing, under the repealed provisions shall be deemed to have been done or taken under this Act, and the provisions of this Act shall have effect in relation thereto.

(*3*) The provisions of Part-III of the Indian Telegraph Act, 1885 shall continue to apply to all cases pertaining to laying down of transmission lines under section 164 of the Electricity Act, 2003 as if the Indian Telegraph Act, 1885 has not been repealed, and the provisions of Part-III of the Indian Telegraph Act, 1885 shall continue in force with reference to section 164 of the Electricity Act, 2003 till such time as section 164 of the Electricity Act, 2003 is amended. 13 of 1885. 36 of 2003.

Existing rules to continue.

61. All rules, orders, made or purported to have been made under the Indian Telegraph Act, 1885 or under the Indian Wireless Telegraphy Act, 1933, shall, in so far as they relate to matters for which provision is made in this Act and are not inconsistent therewith, be deemed to have been made under this Act as if this Act had been in force on the date on which such rules, orders were made, and shall continue in force unless and until they are superseded by any rules made under this Act.

13 of 1885.
17 of 1933.

Validation of certain acts and indemnity.

62. All acts of executive actions done, decisions taken, actions done, proceedings taken and orders passed, prior to the appointed day, by the Central Government, by any officer of the Central Government, or by any other authority, with respect to assignment of spectrum or provision of telecommunication services, or telecommunication network or establishment of telecommunication infrastructure, in the belief or purported belief that the acts done, decisions taken, actions done, and proceedings taken, were being done, taken or passed under the Indian Telegraph Act, 1885, or the Indian Wireless Telegraphy Act, 1933, shall be as valid and operative as if they had been done, taken or passed in accordance with law; and no suit or other legal proceeding shall be maintained or continued against any person whatsoever, on the ground that any such acts, decisions, proceedings taken were not done or taken in accordance with law.

13 of 1885.
17 of 1933.

INDIA TELECOM

THE FIRST SCHEDULE

[*See* sections 4 (*4*), (*5*) and 57(*1*)]

ASSIGNMENT OF SPECTRUM THROUGH ADMINISTRATIVE PROCESS

1. National security and defence.
2. Law enforcement and crime prevention.
3. Public broadcasting services.
4. Disaster management, safeguarding life and property.
5. Promoting scientific research, resource development, and exploration.
6. Safety and operation of roads, railways, metro, regional rail, inland waterways, airports, ports, pipelines, shipping, and other transport systems.
7. Conservation of natural resources and wildlife.
8. Meteorological department and weather forecasting.
9. Internationally recognised dedicated bands for amateur stations, navigation, telemetry, and other like usages.
10. Use by Central Government, State Governments, or their entities or other authorised entities for safety and operations of mines, ports and oil exploration and such other activities where the use of spectrum is primarily for supporting the safety and operations.
11. Public Mobile Radio Trunking Services.
12. Radio backhaul for telecommunication services.

    Explanation.—The term "radio backhaul" shall mean the use of radio frequency only to interconnect telecommunication equipment, other than the customer equipment in telecommunication networks.
13. Community Radio Stations.
14. In-flight and maritime connectivity.
15. Space research and application, launch vehicle operations and ground station for satellite control.
16. Certain satellite-based services such as: Teleports, Television channels, Direct To Home, Headend In The Sky, Digital Satellite News Gathering, Very Small Aperture Terminal, Global Mobile Personal Communication by Satellites, National Long Distance, International Long Distance, Mobile Satellite Service in L and S bands.
17. Use by Central Government, State Governments or their authorised agencies for telecommunication services.
18. Bharat Sanchar Nigam Limited (BSNL) and Mahanagar Telephone Nigam Limited (MTNL).
19. Testing, trial, experimental, demonstration purposes for enabling implementation of new technologies, including for creation of one or more Regulatory Sandboxes.

THE SECOND SCHEDULE

[*See* sections 32(*1*) (*a*) and 34 (*8*)]

CIVIL PENALTIES FOR BREACH OF TERMS AND CONDITIONS UNDER SECTIONS 32 AND 34.

Categorisation	**Civil Penalty**
Severe	Up to Rs. 5 Crore
Major	Up to Rs. 1 Crore
Moderate	Up to Rs. 10 lakh
Minor	Up to Rs. 1 lakh
Non-severe	Written warning.

[फा. सं. 24-01/2024-यूबीबी]

देवेंद्र कुमार राय, संयुक्त सचिव

MINISTRY OF COMMUNICATIONS

(Department of Telecommunications)

NOTIFICATION

New Delhi, the 9th July, 2024

G.S.R. 373(E). — In exercise of the powers conferred by sub-section (3) of section 11, read with sub-sections (5) and (6) of section 12, read with sub-section (2) of section 15, read with sub-sections (1) and (2) of section 17, read with clauses (n), (o), (p), (q), (r), and (s) to sub-section (2) of section 56 of the Telecommunications Act, 2023 (44 of 2023) are hereby published for the information of all persons likely to be affected thereby and notice is hereby given that the said draft rules shall be taken into consideration after expiry of a period of thirty days from the date on which copies of this notification as published in the official Gazette, are made available to public;

Objections or suggestions, if any, may be addressed to the Joint Secretary (Telecom), Department of Telecommunication, Ministry of Communication, Government of India, Sanchar Bhawan, 20, Ashoka Road, New Delhi-110001;

The objections or suggestions which may be received from any person with respect to said draft rules before the expiry of aforesaid period shall be taken into consideration by the Central Government.

CHAPTER 1: PRELIMINARY

1. Short title and commencement.-

(1) These rules may be called the Telecommunications Right of Way Rules, 2024.

(2) They shall come into force on the date of their publication in the Official Gazette.

2. Definitions. –

(1) In these rules, unless the context otherwise requires, -

(a) "**Act**" means the Telecommunications Act, 2023 (44 of 2023);

(b) **"common ducts or conduits or cable corridors",** individually or collectively mean any linear infrastructure of any shape and size for housing utility lines including telecommunication lines;

(c) "**designated officer**" means an officer designated by the Central Government for the purposes of these rules;

(d) "**duct**" means a pipe, permanently lubricated or of any other kind, used as underground cable

conduit for telecommunication line;

(e) "**mobile tower**" means any above-ground contrivance for carrying, suspending or supporting a telecommunication network and does not include pole;

(f) "**overground telecommunication network**" means parts of a telecommunication network established over the ground and includes posts, mobile tower, telecommunication line or other above ground contrivances, appliances and apparatuses for the purpose of establishment or maintenance of the telecommunication network;

(g) "**pole**" means any above-ground contrivance of height not exceeding eight meters for carrying, suspending or supporting a telecommunication line and does not include mobile tower;

(h) "**portal**" means the web or mobile portal notified by the Central Government for the purpose of these rules;

(i) "**rules**" means the Telecommunications Right of Way Rules, 2024;

(j) "**Schedule**" means the schedule appended to these rules;

(k) "**small cell**" means a low powered cellular radio access node that has a coverage of distance from ten meters to two kilometers;

(l) "**street furniture**" means any post or pole used for electricity, street light, traffic light, traffic sign, bus stop, tram stop, taxi stand, public lavatory, memorial, public sculpture, utility pole or any other structure or contrivance of such nature established over the property of public entity;

(m) "**telecommunication line**" means a wire or wires, or optical fiber used for the purpose of telecommunication, with any casing, coating, tube or pipe enclosing the same, and any appliances and apparatuses connected therewith for the purpose of fixing or insulating the same;

(n) "**underground telecommunication network**" means parts of a telecommunication network laid under the ground and includes ducts, manholes, marker stones, hand holes, telecommunication line, appliances and apparatuses for the purposes of establishment or maintenance of the telecommunication network.

(2) Words and expressions used and not defined herein but defined in the Act shall have the meaning assigned to them in the Act.

3. Scope. -

(1) These rules apply to permissions for right of way for telecommunication networks.

(2) Any public entity shall exercise the powers under these rules upon an application made by any facility provider seeking right of way for telecommunication network.

(3) All applications, notifications, clarifications, permissions, objections or rejections under these rules, shall be made through the portal to the extent specified under these rules.

4. Public entity to appoint nodal officer. -

Every public entity shall notify on the portal the officer (by designation) who shall be the nodal point for the purposes of these rules, within thirty calendar days of notification of these rules. Any replacement of such officer shall also be promptly notified on the portal.

5. Validity of Permission. —

The permission granted to a facility provider for right of way under these rules shall be coterminous with the term of the authorisation for the underlying telecommunication network, unless such permission is terminated in accordance with these rules.

CHAPTER 2: ESTABLISHMENT AND MAINTENANCE OF UNDERGROUND TELECOMMUNICATION NETWORK IN PUBLIC PROPERTY

6. Application by a facility provider. —

(1) A facility provider seeking right of way in any public property for the purposes of establishing underground telecommunication network, shall submit an application, through the portal, to the relevant public entity which has ownership, control or management over such public property, supported by documents as specified under sub-rule (2) and in such form and manner as may be specified by that public entity.

(2) The information along with supporting documents to be provided by the facility provider, through the

portal, in the application made under sub-rule (1) shall include-

(a) a copy of the authorisation granted by the Central Government;

(b) details of the underground telecommunication network proposed to be laid;

(c) if the right of way pertains to existing telecommunication networks include a copy of as-built drawings of such telecommunication network;

(d) details of the mode of and the estimated duration for execution of the work;

(e) details of the time of the day when the work is expected to be done in case the facility provider expects the work to be done during specific time of the day;

(f) details of the expenses that such public entity will necessarily be put in consequence of the work proposed to be undertaken by the facility provider;

(g) details of the inconvenience that is likely to be caused to the public and the specific measures proposed to be taken to mitigate such inconvenience;

(h) details of the specific measures proposed to be taken to ensure public safety during the execution of the work;

(i) the names and contact details of the employees of the facility provider for the purposes of communication in regard tothe application made;

(j) details of any other matter relevant, in the opinion of the facility provider, connected with or related to the work proposed to be undertaken; and

(k) details of any other matter connected with or related to the work as may be specified, through a general or specialorder, by the public entity.

(3) Every application under sub-rule (1) shall be accompanied with fee as notified by the public entity to meet its administrative expenses, which shall not exceed the amount specified in Part-1 of the Schedule to these rules.

7. Grant of permission by public entity. —

(1) Upon examination of an application received under rule 6, the public entity may:

(a) seek clarifications or further documents through the portal, as may be required, within thirty calendar days of receipt of such application;

Provided that the public entity shall seek all such clarifications and additional documents, if any, in one consolidated requisition;

(b) grant the permission within sixty-seven calendar days of receiving the application.

(2) The permission granted by the public entity shall:

(a) ensure that the area (cross- section) of the underground telecommunication network for which right of way is granted shall be the length of duct multiplied by the diameter of the duct multiplied by the number of ducts;

(b) specify whether the permission is subject to the undertaking and bank guarantee for restoration of property under sub-clause (a) of sub-rule (9) read with sub-rule (10), or compensation for any damage as specified in sub-clause (b) of sub-rule (9);

(c) specify other conditions including the time and measures to mitigate public inconvenience or enhance public safety, the mode of execution of the right of way, and maintenance of the telecommunication network so established:

Provided however that, the public entity shall give due consideration to the mode of execution as specified by the facility provider under sub-rule (2) of rule (6).

(3) In the event the public entity believes that it has reasons to reject the permission for right of way, it shall upload, within forty-five calendar days of receipt of the application, such reasons on the portal and the facility provider may respond within fifteen calendar days to such reasons.

(4) The public entity shall, after due consideration of the facility provider's response, if any, under sub-rule (3), within a period of seven calendar days, decide to either accept or reject the application for right of way and shall upload the decision on the portal.

(5) Any decision rejecting the permission for right of way, shall cite specific reasons for rejection;

(6) Upon rejection of permission by the public entity, the public entity shall refund to the facility provider eighty percent of the fee paid under sub-rule (3) of rule 6, within a period of fifteen calendar days from such date of rejection.

(7) If the public entity fails to either grant or reject permission within the timelines specified under this rule, the permission shall be deemed to have been granted, and shall be automatically uploaded on the portal.

(8) In cases of deemed permission issued under sub-rule (7), the public entity shall, within a period of seven calendar days, generate through the portal, the terms and conditions of such deemed permission.

(9) In order to address any damage to the property as a result of the works relating to the right of way, the facility provider shall, at the option of the public entity:

(a) restore such property to the state as it existed prior to the execution of such activities; or

(b) pay compensation for such damage as may be mutually agreed, not exceeding the amount specified in Part-2 of the Schedule.

(10) A public entity may seek restoration of the property by the facility provider under sub-clause (a) of sub-rule (9) in cases where the grant of permission has been made subject to:

(a) the provision of an undertaking as specified in the form available on the portal; and

(b) a bank guarantee for an amount, not exceeding the amount specified in Part-2 of the Schedule, as security for performance by the facility provider, within such time as specified in the permission.

(11) The public entity shall return to the facility provider the bank guarantee provided under sub-paragraph (b) of sub-rule (10), within thirty calendar days of completion of such restoration work based on certification by the facility provider through the portal.

(12) The public entity shall not levy or charge in any form any fee or compensation or any other financial contribution for the establishment of underground telecommunication network, other than those permitted under these rules.

CHAPTER 3: ESTABLISHMENT AND MAINTENANCE OF OVERGROUND TELECOMMUNICATION NETWORK IN PUBLIC PROPERTY

8. Application by a facility provider. —

(1) A facility provider seeking right of way in any public property for the purposes of establishing overground telecommunication network, shall submit an application through the portal, to the relevant public entity which has ownership, control or management over such public property, supported by documents as specified under sub-rule (2) and in such form and manner as may be specified by the public entity.

(2) The information along with supporting documents to be provided by the facility provider, through the portal, in the application made under sub-rule (1) shall include-

(a) a copy of the authorisation granted by the Central Government;

(b) details of the nature and location, including exact latitude and longitude, of post, mobile tower, or other above ground contrivances proposed to be established;

(c) details of the extent of land or floor space required for establishment of the overground telecommunication network;

(d) where applicable, details of the route plan for the overground telecommunication line;

(e) details of the building or structure, where the establishment of the overground telecommunication network, isproposed;

(f) copy of the approval issued by the duly authorised officer of the Central Government for location of theabove ground contrivances proposed to be used for the transmission of Radio waves or Hertzian waves;

(g) details of the mode of and the time duration for, execution of the work;

(h) details of the inconvenience that is likely to be caused to the public and the specific measures proposed to be taken tomitigate such inconvenience;

(i) details of the measures proposed to be taken to ensure public safety during the execution of the work;

(j) details of technical design and drawings of the post or other above ground contrivances;

(k) where applicable, a copy of the certification of the technical design by a structural engineer authorised by a public entity, attesting to the structural safety, of the overground telecommunication network;

(l) copy of the certification by a structural engineer authorised by a public entity, attesting to the structural safety of the building, where the post or other above ground contrivances are proposed to be established on a building, if applicable;

(m) names and contact details of the employees of the facility provider for the purposes of communication in regard tothe application made;

(n) details of any other matter relevant, in the opinion of the facility provider, connected with or relative to the work proposed to beundertaken; and

(o) details of any other matter connected with or relevant to the work as may be specified, through a general orspecial order, by the public entity;

Provided that the documents specified in clauses (b), (c), (e), (f), (j), (k) and (l) shall not be required in the event the right of way pertains only for establishment of overground telecommunication line;

(3) Every application under sub-rule (1) shall be accompanied with fee as notified by the public entity to meet its administrative expenses, which shall not exceed the amount specified in Part-1 of the Schedule to these rules.

9. Grant of permission by public entity. –

(1) Upon examination of an application received under rule 8, the public entity may:

seek clarifications or further documents through the portal, as may be required, within thirty calendar days of receipt of such application;

Provided that the public entity shall seek all such clarifications and additional documents, if any, in one consolidated requisition;

(b) grant the permission within sixty-seven calendar days of receiving the application.

(2) The permission granted by the public entity shall:

(a) ensure that the area of the overground telecommunication network proposed to be established shall be inclusive of the area occupied by the telecommunication network and the supporting infrastructure.

Illustration:

When a mobile tower is proposed to be established, the area of the overground telecommunication network will include the mobile tower and such supporting infrastructure on the ground such as base transceiver station, engine alternator, etc.

(b) specify the amount of compensation to be paid by the facility provider as determined by the public entity, which shall not exceed the amount specified in Part-3 of the Schedule, for the use of the public property under which the overground telecommunication network is proposed to be established by the facility provider; and

(c) specify other conditions including the time and measures to mitigate public inconvenience or enhance public safety, including structural safety of such overground telecommunication network, as well as the mode of execution of the right of way, and maintenance of the telecommunication network so established:

Provided however that, the public entity shall give due consideration to the mode of execution as may be specified by the facility provider under sub-rule (2) of rule (8).

(3) In the event the public entity has specific reasons to reject the permission for right of way, it shall upload, within forty-five calendar days of receipt of the application, such reasons on the portal and the facility provider may respond within fifteen calendar days to counter the reasons cited and mitigations if any proposed.

(4) The public entity shall, after due consideration of the facility provider's response, if any, under sub-rule (3), within a period of seven calendar days, decide to either accept or reject the application for right of

way and such decision shall be uploaded on the portal.

(5) Any decision rejecting the permission for right of way after considering the representation , if any, of the facility provider under sub rule (3) above, shall record the specific reasons for rejection;

(6) Upon rejection of permission by the public entity, the public entity shall refund to the facility provider eighty percent of the fee paid under sub-rule (3) of rule 8, within a period of fifteen calendar days from such date of rejection.

(7) If the public entity fails to either grant or reject permission within the timelines specified under this rule, the permission shall be deemed to have been granted, and the permission shall be automatically uploaded on the portal.

(8) In cases of issue of deemed permission under sub-rule (7), the public entity shall, within a period of seven calendar days, generate through the portal, the terms and conditions of such deemed permission,.

(9) The facility provider shall pay compensation for any damage to the public property resulting from the laying of the overground infrastructure, on terms as may be mutually agreed, which shall not exceed such amount as specified in Part-2 of the Schedule.

(10) The public entity shall not charge in any form any fee or compensation or any other financial contribution for the establishment of overground telecommunication network, other than those permitted under these rules.

10. Establishment of temporary overground telecommunication network. –

(1) In the event of damage caused due to any reason, to any existing underground telecommunication network operated and maintained by a facility provider, such facility provider may, temporarily establish overground telecommunication network on the public property, with a view to prompt restoration of the telecommunication services, by providing in writing the details of the damage, through the portal, to the relevant public entity which has ownership, control or management over such public property. No permission from public entity is required for this purpose.

(2) The facility provider shall ensure restoration of the underground telecommunication network within sixty calendar days from the date of reporting of the damage to the public entity.

(3) No fee or compensation shall be charged by the public entity for the establishment of temporary overground telecommunication network under sub-rule (1), as specified in Part-3 of the Schedule.

11. Usage of street furniture for installation of small cells and telecommunication line.

(1) For the purpose of installation of small cell and telecommunication line on any public property, the facility provider shall submit through the portal an application for permission to the relevant public entity which has ownership, control or management over such public property, along with details of the street furniture and a copy of certification by a structural engineer authorised by a public entity, attesting to the structural safety of the street furniture upon which the installation of small cells and telecommunication line is proposed.

(2) The facility provider may submit through the portal a single application for installation of small cells and telecommunication lines for single or multiple sites at its option, with the information specified under sub-rule (1), and the public entity shall, upon receiving such application, issue a single or multiple permission(s), as the case may be.

(3) No fees or charges shall be levied on an application under sub-rule (1) or sub-rule (2), as specified in Part-1 of the Schedule.

(4) Upon examination of an application received under sub-rule (1) or sub-rule (2), the public entity may:

(a) seek any clarifications or further documents as may be required, through the portal;

(b) grant the permission within sixty calendar days of receiving the application.

(5) In the event the public entity has reason to reject the permission for right of way, it shall upload, within thirty calendar days from the date of receiving the application, such grounds and queries, if any, on the portal and provide the facility provider reasonable opportunity to respond to the same within fifteen calendar days through the portal.

(6) The public entity may, after consideration of such response, if any, under sub-rule (5), reject the application for right of way if it determines that the responses furnished by the facility provider are not satisfactory, record the reason for the same on the portal within a period of fifteen calendar days from the date the facility provider had furnished its response under sub-rule (5).

(7) If the public entity fails to either grant permission under sub-rule (4), or reject the application under sub-rule (5) and sub-rule (6), the permission shall be deemed to have been granted, and shall automatically be uploaded on the portal.

(8) In cases of such deemed permissions under sub-rule (7), the public entity shall, within a period of seven calendar days of such deemed permission, specify the terms and conditions of such permission.

(9) The public entity shall be entitled to receive such compensation from the facility provider, not exceeding the amount specified in Part-3 of the Schedule, for use of street furniture for installation of small cells and telecommunication line, as may be determined by the public entity.

(10) The public entity shall also permit the deployment of small cells on buildings and structures or other public property under its ownership, control or management, and shall charge no administrative fees or compensation for such deployment, as specified in Part-3 of the Schedule:

Provided that charges shall be levied by the public entity in respect of power consumption and fixtures in respect of such small cells, as per actuals.

(11) The facility provider shall, at the option of the public entity, either restore any damage done to the property during deployment of small cells, or pay compensation for any such damage on terms as may be mutually agreed.

CHAPTER 4: MISCELLANEOUS PROVISIONS APPLICABLE FOR OVERGROUND AND UNDERGROUND TELECOMMUNICATION NETWORK IN PUBLIC PROPERTY

12. Obligations of facility provider in undertaking work. –

Where a facility provider has been granted right of way in public property under rule 7 or rule 9, such facility provider shall ensure the:

(a) payment of all amounts as specified under these rules, and adherence to the terms and conditions of the grant of permission from the public entity;

(b) implementation of measures to mitigate public inconvenience and ensure public safety, including measures to ensure the structural safety of overground telecommunication network; and

(c) provision of real time information of all underground telecommunication network established by such facility provider, through positional intelligence using appropriate technology. Such database containing real time information shall be shared with the public entity and the designated officer on demand, including as-built information for existing telecommunication networks.

13. Powers of public entity with respect to ongoing work. –

(1) The public entity may monitor or inspect the execution of work by the facility provider to ascertain compliances with the conditions of the grant of permission.

(2) The public entity may, on the basis of such monitoring and inspection, impose such other reasonable, relevant and evidence-based conditions as it may think fit, to be recorded in writing and after providing reasonable notice to the facility provider of the same through the portal.

(3) If the facility provider does not make payments required to be made pursuant to the terms and conditions for grant of permission , the public entity shall have the right to terminate the permission so granted, after issuance of notice of not less than fifteen calendar days and if the said payments have not been made within such period through the portal.

(4) If the public entity comes to the conclusion that the facility provider has wilfully violated any of the conditions for grant of permission, other than as specified under sub-rule (3), it may forfeit, in full or in part, the bank guarantee submitted by the facility provider and withdraw the permission granted to the facility provider, for reasons to be recorded in writing:

Provided that no action shall be taken under this sub-rule unless the facility provider has been given a reasonable opportunity of being heard through the portal.

CHAPTER 5: ESTABLISHMENT AND MAINTENANCE OF TELECOMMUNICATION NETWORK IN PROPERTY OTHER THAN PUBLIC PROPERTY

14. Establishment of telecommunication network over property other than public property. –

(1) Any facility provider desiring to enter any immovable property other than public property, for the purposes specified under section 12 of the Act, shall do so with prior consent and mutual agreement with the person who has ownership, control, or management over such property. Such agreement shall not be required to be registered under the provisions of the Registration Act, 1908 (16 of 1908), pursuant to sub-clause (3) of section 14 of the Act.

(2) An agreement under sub-rule (1) shall provide for matters relating to:

(a) time and manner of entry of the facility provider into the property, and advance notice, if any, to be provided for such entry;

(b) consideration to be payable by the facility provider;

(c) steps to be taken in the event of any damage to the property, including restoration of the property to its state as it existed prior to the undertaking of such activities, failing which, the facility provider shall pay compensation for such damage as may be mutually agreed; and

(d) specify other conditions including measures to mitigate any inconvenience and enhance safety, including structural safety, as well as measures relating to maintenance of the telecommunication network so established.

(3) A public entity shall not levy any fees, charges or compensation for the establishment of telecommunication network over property other than public property.

(4) In the case of establishment of mobile tower or pole over such property, the facility provider shall submit information in writing, in the form provided for this purpose on the portal, to the relevant public entity, along with details of the building or structure where the establishment of the mobile tower or pole is proposed, and a copy of certification by a structural engineer authorised by a public entity, attesting to the structural safety of the building or structure, where the mobile tower or pole is proposed to be established, prior to commencement of such establishment.

15. Manner of permitting the right of way by the Central Government in public interest.-

(1) If a facility provider fails to reach an agreement with the person under sub-rule (1) of rule 14, it may submit a request through the portal, supported by relevant documents, to the District Collector or other designated officer as notified by the Central Government in this regard, within whose jurisdiction the property is situated, for a determination whether such right of way is necessary in the public interest.

(2) Upon receipt of a request under sub-rule (1), the District Collector or other designated officer, as the case may be, shall within thirty calendar days, either

(a) reject the request for permission of right of way, or

(b) provide notice to the person having ownership, control or management over the relevant property, specifying the nature of right of way sought by the facility provider.

(3) Any notice under sub-paragraph (b) of sub-clause (2) may be served on such person by a messenger handing over a copy thereof and obtaining his signature on another copy thereof.

(4) In case the service of such notice is not reasonably possible under sub-rule (3), then, such notice shall be sent to the concerned person by registered post or speed post at his known residence and the delivery of such registered post or speed post to such person shall be the service on him of such notice and in case he refuses to receive such registered post or speed post, the remarks of such refusal by a post office official on the registered post or speed post shall be deemed to be the service on such person of such notice.

(5) In case the service of such notice is not reasonably possible under sub-rules (3) and (4), then the contents of such notice shall be published in newspaper having circulation in the locality where the concerned person actually or voluntarily resides or carries on business or personally works for gain and such publication shall be deemed to be the service of such notice on such person.

(6) The person referred to in sub-rule (2), shall within fifteen calendar days of the notice being served under sub-rule (3), (4) or (5), as the case may be, respond in writing in the form provided for this purpose, as regards the concerns and objections to the right of way, or conditions subject to which right of way may be considered.

(7) The District Collector or other designated officer, as the case may be, shall after taking into consideration

the application under sub-rule (1) and the responses under sub-rule (6), determine by order in writing, whether or not right of way for establishing the telecommunication network is to be permitted in public interest. Such determination shall not ordinarily exceed a period of sixty calendar days from the date of receipt of notice under sub-rule (1).

(8) Where the order under sub-rule (7) grants permission for right of way, it shall also specify the terms and conditions for the same, including but not limited to:

(a) the area over which the right of way is permitted and the nature of telecommunication network to be established;

(b) the charges payable by the facility provider and the time and manner of such payment;

(c) the obligations of the facility provider to restore and repair any damage to the property resulting from the establishment of the telecommunication network, or compensation to be payable in the event of failure to undertake such restoration or repair; and

(d) other conditions including the time and measures to mitigate any inconvenience, or measures to enhance public safety, the mode of execution of right of way, and maintenance of the telecommunication network so established.

CHAPTER 6: COMMON DUCT AND CABLE CORRIDOR

16. Terms and conditions for open access of common ducts and cable corridors.—

(1) Where the Central Government has notified an infrastructure project or class of infrastructure projects under section 15 of the Act, the public entity having ownership or control or management over such project shall provide for an online application process to enable facility providers to make an application for the purpose of installation of telecommunication network through such common duct or conduit or cable corridor established in such project.

(2) Any application under sub-rule (1) shall be accompanied by information including:

(a) a copy of the authorisation granted by the Central Government in respect of which the telecommunication network is required;

(b) details of the underground or overground telecommunication network proposed to be laid;

(c) details of any other matter relevant, in the opinion of the facility provider, connected with the work proposed to be undertaken; and

(d) details of any other matter connected with or related to the work as may be specified, through a general or specialorder, by the Central Government.

(3) The public entity which is responsible for the infrastructure project or class of infrastructure projects, shall make available such common duct or conduit or cable corridor for the installation of telecommunication network, on a non-discriminatory and open access basis, subject to payment of charges, which shall be based on prevailing market rates and based on the principle of cost recovery over a minimum period of twenty five years:

Provided that such charges shall not exceed the amount as may be notified by the Central Government from time to time for such infrastructure project or class of infrastructure project.

CHAPTER 7: RIGHTS RELATING TO EXISTING TELECOMMUNICATION NETWORK

17. Right to seek removal, etc.—

(1) Where any person having ownership or control or management over a property, considers that it is necessary and expedient and for a reasonable cause, to remove, relocate or alter the overground or underground telecommunication network that has been placed by a facility provider upon that property, it shall issue a notice to the facility provider, specifying the reasons for seeking removal, relocation or alteration of such telecommunication network.

(2) On receipt of the notice under sub-rule (1), the facility provider shall, forthwith, and within a period of thirty calendar days, proceed to submit, to such person, a detailed plan for such removal, relocation or alteration, and the expense for such works.

(3) The responsibility and liability, including the cost for removal, relocation or alteration of such telecommunication network shall be borne by the facility provider; provided however that the person making the application under sub-rule (1) shall defray such expenses from the compensation, if any, that such person may have received from the facility provider under sub-section (6) of section 11, or sub-section (4) of section 12 of the Act.

(4) The facility provider shall ensure that any works relating to removal, relocation or alteration of such telecommunication network under this rule, shall be completed within a period of sixty calendar days from the date of the request under sub-rule (1).

18. Procedure for dealing in the exercise of any legal right with any property. —

(1) Any person desiring to exercise legal right over his property in such a manner as is likely to cause damage to or interrupt or interfere with any overground or underground telecommunication network duly placed in accordance with the provisions of the Act, shall submit on the portal, a notice containing the information with respect to exercise of such legal right, which shall include the following details:

(a) name, address and relevant contact details of the person providing such notice;

(b) date and time of start, as well as description and location of the exercise of legal rights;

(c) the reasons why digging or excavation or other action required for the exercise of such person's rights, the likelihood of interference with the telecommunication network, and why action under rule 17 is not required;

(d) the presence of emergency, if any, that requires an expeditious response.

(2) The relevant facility provider responsible for the operation and maintenance of the telecommunication network on such property, shall, on submission of notice by the person under sub-rule (1), provide through the portal, the details of telecommunication network falling under or over or along such property, as well as precautionary measures that are required to be implemented by the person undertaking the works, in order to avoid damage to the telecommunication network, within the following timelines:

(a) where any emergency has been notified under sub-rule (1) a period not exceeding twenty-four hours, or

(b) in all other situations, a period of seven calendar days from the date of submission of notice under sub-rule (1).

(3) The person exercising legal rights under this rule, shall implement all precautionary measures as specified by the facility provider as per sub-rule (2).

(4) In case no facility provider responds to the notice within the prescribed timelines under sub-rule (3), the person providing notice under sub-rule (1), shall undertake the exercise of legal rights with reasonable precautions with regard to the telecommunication networks that are likely to be impacted by the exercise of such rights.

CHAPTER 8: MISCELLANEOUS PROVISIONS

19. Applicable taxes, charges, fees etc.

Any charge payable under these rules shall be exclusive of taxes, fees or other charges as applicable under laws for the time being in force.

20. Recovery of amount due under these rules.

Without prejudice to other modes of recovery, any amount due under these rules to a public entity shall, if not paid, be recovered as an arrear of land revenue.

SCHEDULE

[See rules 6(3), 7(9)(b), 7(10)(b), 7(12), 8(3), 9(2)(b), 9(9), 9(10), 10(3), 11(3), 11(9), 11(10)]

Rule	Item	Amount
(1)	(2)	(3)
Part-1: Fee for examining applications		
6(3)	Application fee for examining of the application for establishment of underground telecommunication network	One time charge of One thousand rupees per kilometer.
8(3)	Application fee for examining of the application for establishment of overground telecommunication network	One time charge(s) as under: (i) Ten thousand rupees per tower for establishment of mobile towers (ii) One thousand rupees per kilometer for establishment of overground telecommunication line. (iii) Nil for establishment of poles, for installation of small cells and telecommunication line.
11(3)	Application fee for examining of the application for usage of street furniture for installation of small cells and telecommunication line	Nil.
Part-2 Compensation for damage or bank guarantee for restoration		
7(9)(b)	Compensation for restoration of property to the state as it existed prior to the establishment of underground telecommunication network where undertaking to restore the property is not required by the public entity.	Sum required to restore public property as per the rate prescribed by central public works department for that area or as per the rate prescribed by state public works department for that area, if no rate has been prescribed by central public works department for that area. Such rate shall under no circumstances exceed the rate charged by central public works department or the public works department for its own work.
7(10)(b)	Bank guarantee as security for performance in case of establishment of underground telecommunication network where undertaking is specified by the public entity for the facility provider to discharge the responsibility to restore the damages	20% of the sum required to restore public property as per the rate prescribed by central public works department for that area or as per the rate prescribed by state public works department for that area, if no rate has been prescribed by central public works department for that area.
9(9)	Compensation for restoration of property to the state as it existed prior to the establishment overground telecommunication network.	Sum required to restore public property as per the rate prescribed by central public works department for that area or as per the rate prescribed by state public works department for that area, if no rate has been prescribed by central public works department for that area. Such rate should not be more than the rate charged by central public works department or the public works department for its own work. In case of overground telecommunication network, the facility provider shall restore the damage to the property incurred in case of establishment of poles for installation of small cells and telecommunication line.
Part-3 Compensation for right of way		
7(12)	Establishment of underground telecommunication network	Nil.
9(2)(b)	Establishment of over ground telecommunication network	Where the establishment of the telecommunication network renders the public property unlikely to be used for any other purpose, compensation for the value of the public property, either once or annually, assessed on such rates as that public entity may, by general order, specify.

Rule	Item	Amount
(1)	(2)	(3)
		Provided however, for establishment of poles for installation of small cells and telecommunication line compensation shall be nil.
10(3)	Establishment of temporary over ground telecommunication network	Nil.
11(9)	Usage of street furniture for installation of small cells and telecommunication line	(i) For installation of small cells: Three hundred rupees per annum for urban area and one hundred and fifty rupees per annum for rural areas per street furniture. (ii) For installation of telecommunication line: One hundred rupees per annum per street furniture.
11(10)	For the deployment of small cells on building/ structures under the ownership, control or management of public entities.	Nil.

F.No. 15(149)/2025/DITE&C/Impl. Of ROW Rules 2024/4397 Dated:13/ 03/2025

NOTIFICATION

Read: 1. The Telecommunications (Right of Way) Rules, 2024 dated 17.09.2024.
2. Goa Telecom Infrastructure Policy, 2020 dated 14.08.2020 as amended on dated 10.04.2023.

WHEREAS the new Telecommunications Act, 2023 was enacted by Indian Parliament and came into effect from 26th June 2024. Subsequently, the Telecommunications Right of Way (RoW) Rules, 2024 were enacted and came into force on 01st January 2025. These new Telecommunications Right of Way (RoW) Rules, 2024, replace's the previous rules/Policy and introduce's new regulatory provisions. These rules aims to help in speeding up the expansion of telecommunication infrastructure, enhancing connectivity, and reducing procedural delays.

AND WHEREAS, considering the importance of implementing these rules in State of Goa, it is necessary to adopt and enforce them swiftly. Earlier, the government had issued Goa Telecom Infrastructure Policy, 2020 dated 14.08.2020 as amended on dated 10.04.2023. The implementation of the new Telecommunications Act, 2023, and the Telecommunications (Right of Way) Rules, 2024, within State of Goa was under the government's consideration.

AND WHEREAS Clause 1.4. the Goa Telecom Infrastructure Policy, 2020 dated 14.08.2020 as amended on dated 10.04.2023 provides as follows, "The Policy shall not be in violation or supersession of the provisions in the Indian Telegraph Act, 1885, Tower guidelines issued by DoT (Department of Telecommunications) 2013, Indian Wireless Telegraphy Act, 1933 and Indian Telegraph Right of Way Rules, 2016 (and its Subsequent amendments) in any way."

प्रति,

१) आयुक्त, सर्व महानगरपालिका.
२) मुख्याधिकारी, सर्व नगरपालिका/नगरपंचायती.

विषय : केंद्र शासनाच्या दूरसंचार कायदा, २०२३ व दूरसंचार नियम (Telecommunications (Right of way) Rules) २०२४ च्या अंमलबजावणीबाबत.

संदर्भ : १) नगर विकास विभाग, शासन निर्णय क्र.दूपासु-२०२५/प्र.क्र.१०/नवि-२०, दिनांक ०५.०२.२०२५
२) सामान्य प्रशासन विभाग, यांचे पत्र क्र. संकिर्ण-१७२४/प्र.क्र.४९/मातं, दिनांक १६.०५.२०२५.

महोदय,

केंद्र शासनाच्या दूरसंचार कायदा, २०२३ व दूरसंचार नियम (Telecommunications (Right of way) Rules) २०२४, दिनांक ०१.०१.२०२५ पासून नगर विकास विभाग, शासन निर्णय दिनांक ०५.०२.२०२५ अन्वये राज्यातील सर्व नागरी स्थानिक स्वराज्य संस्थांना लागू करण्यात आला आहे.

२. केंद्र शासनाच्या दूरसंचार कायदा, २०२३ मधील कलम १४ (३) मध्ये खालीलप्रमाणे नमुद आहे.

The telecommunication network installed on any property shall not be considered as part of such property, including for the purposes of any transaction related to that property, or any property tax, levy, cess, fees or duties as may be applicable on that property.

३. केंद्र शासनाच्या दूरसंचार कायदा, २०२३ मधील कलम १४ (३) चे पालन राज्यातील नागरी स्थानिक स्वराज्य संस्थांकडून केले जात नाही, असे केंद्र शासनाद्वारे निदर्शनास आणून देण्यात आले आहे. तेव्हा केंद्र शासनाच्या दूरसंचार कायदा, २०२३ व दूरसंचार नियम (Telecommunications (Right of way) Rules) २०२४ मधील तरतूदींचे तंतोतंत पालन सर्व महानगरपालिका/नगरपालिका/नगरपंचायती यांनी करण्यात यावे, अशी याद्वारे आपणांस विनंती करण्यात येत आहे.

आपली,
नंदडा २१/५/२५

No. 10-12/2012-CS-III **Dated:18.07.2025**

To

All Infrastructure Providers-Category-I (IP-I) Registration holders

Subject: Onboarding of IP-I Registrations issued offline to Saral Sanchar Portal-reg

Saral Sanchar Portal enables application for new IP-I registration in online mode. The new IP-I registered entities can carry out various activities involved in lifecycle of the IP-I registration through online mode.

2. As a first step, IP-I Registration holders should mandatorily onboard to Saral Sanchar Portal and are mandatorily required to update/ confirm the information of their existing IP-I registration. The manual for Onboarding of IP-I registrations which are issued offline registration is available at https://saralsanchar.gov.in/ul_lifecycle_usermanual_list.php **(which is same as manual Onboarding of Old Licenses UL/UL VNO/Pre-UL licenses).**

3. Accordingly, all the IP-I Registration holders are hereby requested to onboard to Saral Sanchar Portal.

No.10-12/2012-CS-III **Dated:18.07.2025**

CIRCULAR

Subject: Discontinuation of offline IP-I applications - reg.

With reference to above mentioned subject, applications for IP-1 are being received in hardcopy (**offline mode**) as well as through **online mediums** such as Saral Sanchar portal (https://saralsanchar.gov.in/index.php) and NSWS portal (https://www.nsws.gov.in/).

2. In this regard, as part of the ongoing efforts to streamline and enhance the application procedures of IP-I registration, with effect from **01.08.2025**, IP-I registrations through offline applications will be discontinued and the IP-I registration applications are to be submitted exclusively through online portals such as Saral Sanchar and NSWS.

3. Applications not submitted through the Saral Sanchar or NSWS portal after 31.07.2025 shall not be accepted.

4. This issues with the approval of the competent authority.

Understanding Right of Way as per Telecommunications Act 2023 & Right of Way Rules 2024 issued under the Act

Uploaded on 03.10.2024

The Telecommunications Act, 2023

Multiple acts

- Indian Telegraph Act, 1885
- Indian Wireless Telegraphy Act, 1933
- The Telegraph Wires (Unlawful Possession) Act, 1950

One single

The Telecommunications Act, 2023- Digital by Design

The Telecommunications (Right of Way) Rules, 2024 notified on 17.09.2024 to be effective from 01st January 2025

Telecom RoW Rules, 2024- Effective from 01.01.2025

Draft Rules Published on 09.07.2024, with 30 days' time for public consultation

After considering objections/ suggestions, notified on 17.09.2024

Appoint a Nodal officer within 30 days. i.e. by 16.10.2024 (through Portal)

Rules **binding and to be followed** without the need for adoption

Important Definitions (Sec.10 of the act, read with rule 2)

Public Entity (PE)

- The Central Government
- The State Government
- Local authority
- Any authority, body, company or institution incorporated or established by the Central Government or the State Government, or under any statute; or
- Any non-government entity vested with the ownership, control or management of any public facility or class of public facilities, as may be notified by the Central Government (in process)

Facility Provider (FP)

- **FP** means the Central Government or any authorized entity
- It includes any contractor or sub-contractor or agent working for the Central Govt. or authorized entity
- Definition of Authorization as per the Act covers all entity having permission for establishing, operating, maintaining or expanding telecommunication networks

Property categorization

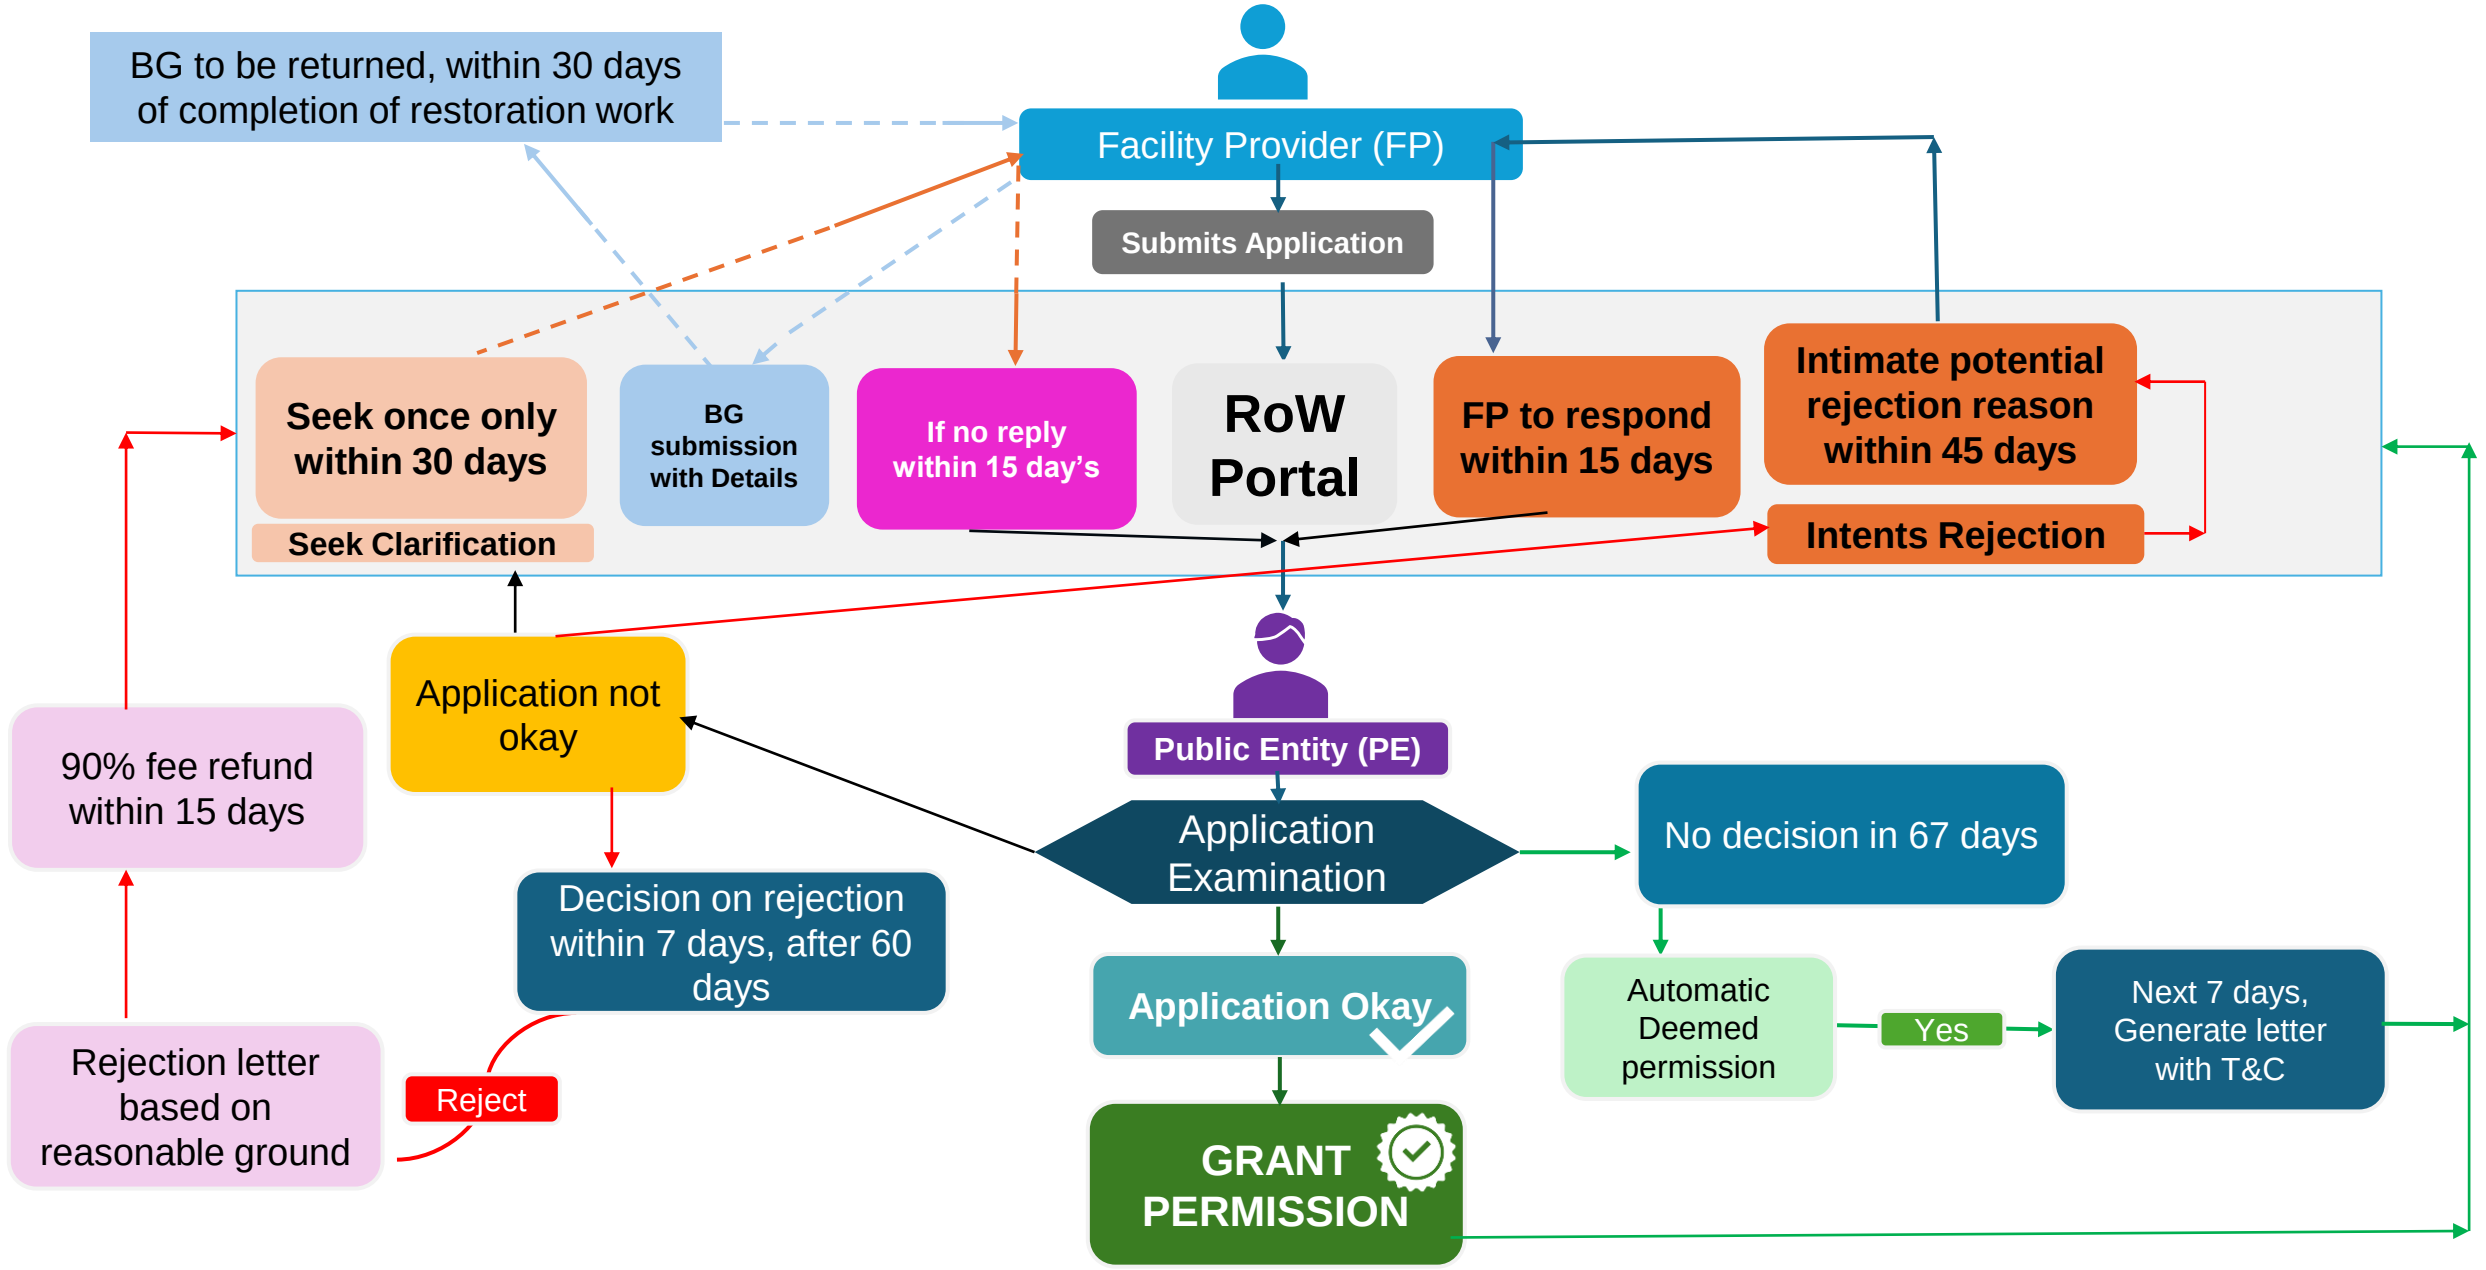
- **Public property** (owned by public entity) – Central , State, local authority, any institution, any non govt. entity managing public facility and notified by Central govt.
- **Other than public property**

Mobile Tower

- Any above-ground contrivance, including that which may be dismantled and reassembled at another location, used for carrying, suspending or supporting a telecommunication network, but does not include a pole

Right of Way Rules 2024

RoW Application process- Public Property



Misc. provisions

1

Validity- Permission to be **co-terminus** with the term of authorization/ license or exemptions from such authorization/ license (Rule-5)

2

PE shall **not levy any fee, charge, rent, annuity, or compensation or entry fee,** for access, or seek any other financial contribution in any Form [Rule -7(11), 9(9), 12(3), 15(3]

3

No coercive action, such as sealing, preventing access, or forcible shutdown of the telecommunication network [Act- 14(4)]

4

Applicable taxes, cess and levies: Charges payable under these rules shall be exclusive of taxes, cess and levies (Rule -21)

No property tax , levy, cess, fees, or duties to be levied on the tower as it has been delinked from the property- [Act- 14(3)]

5

Days Means all days including public holidays (Rule -22)

Force Majeure Rule -2(e), 7(11), 9(10), 11(11)

"*force majeure* event" means and is limited to-

- war or hostilities
- major riots or civil commotion
- earthquake, flood, tempest, lightening or other natural physical disasters
- restrictions imposed by the Central Government or State Governments

Applicability

- Establishment, operation and maintenance of Underground/ Overground telecommunication network in public property and Usage of street furniture

Timelines

- Timelines specified for the **execution of work** shall stand extended by the duration of any *force majeure* event **as may be notified**

RoW charges as per the RoW Rule, 2024

	Tower	OFC/ submarine cable	Small Cell	Street Furniture
Application Fee (one time)	₹ 10,000/Tower **8(4)(a)** For other than public property, only intimation **15 (3)**	Overground ₹ 1000/KM **8(4)(b)** Underground ₹ 1000/KM **6(4)**	NIL **11(3)**	Establishment of pole-**NIL** **8(4)(c)**
Compensation Charges	Once/annually (Assessed by Public Entity) **9(2)(b)**	NIL **7(11)**	**Urban- ₹ 300/street furniture/Yr **11(8)(a)** **Rural- ₹ 150/ street furniture/Yr **11(8)(a)**	**Usage of Street Furniture for telegraph line- ₹ 100/ SF/Yr **11(8)b** Compensation for establishment of Pole –Nil **9(2)b**
Compensation for damage/ BG (Restoration Charges)	As per CPWD rate **9(8)(a)** As per PWD rate **9(8)(b)**	By Self- BG 20% of restoration cost **7(9)(b)** • By Local Body- As per CPWD / PWD rate **7(8)(b)** • For HDD, charge limited to area of pit only **7(8)(b)**		

Establishment of Telecom infrastructure on other than Public Property:- **Rule 15**

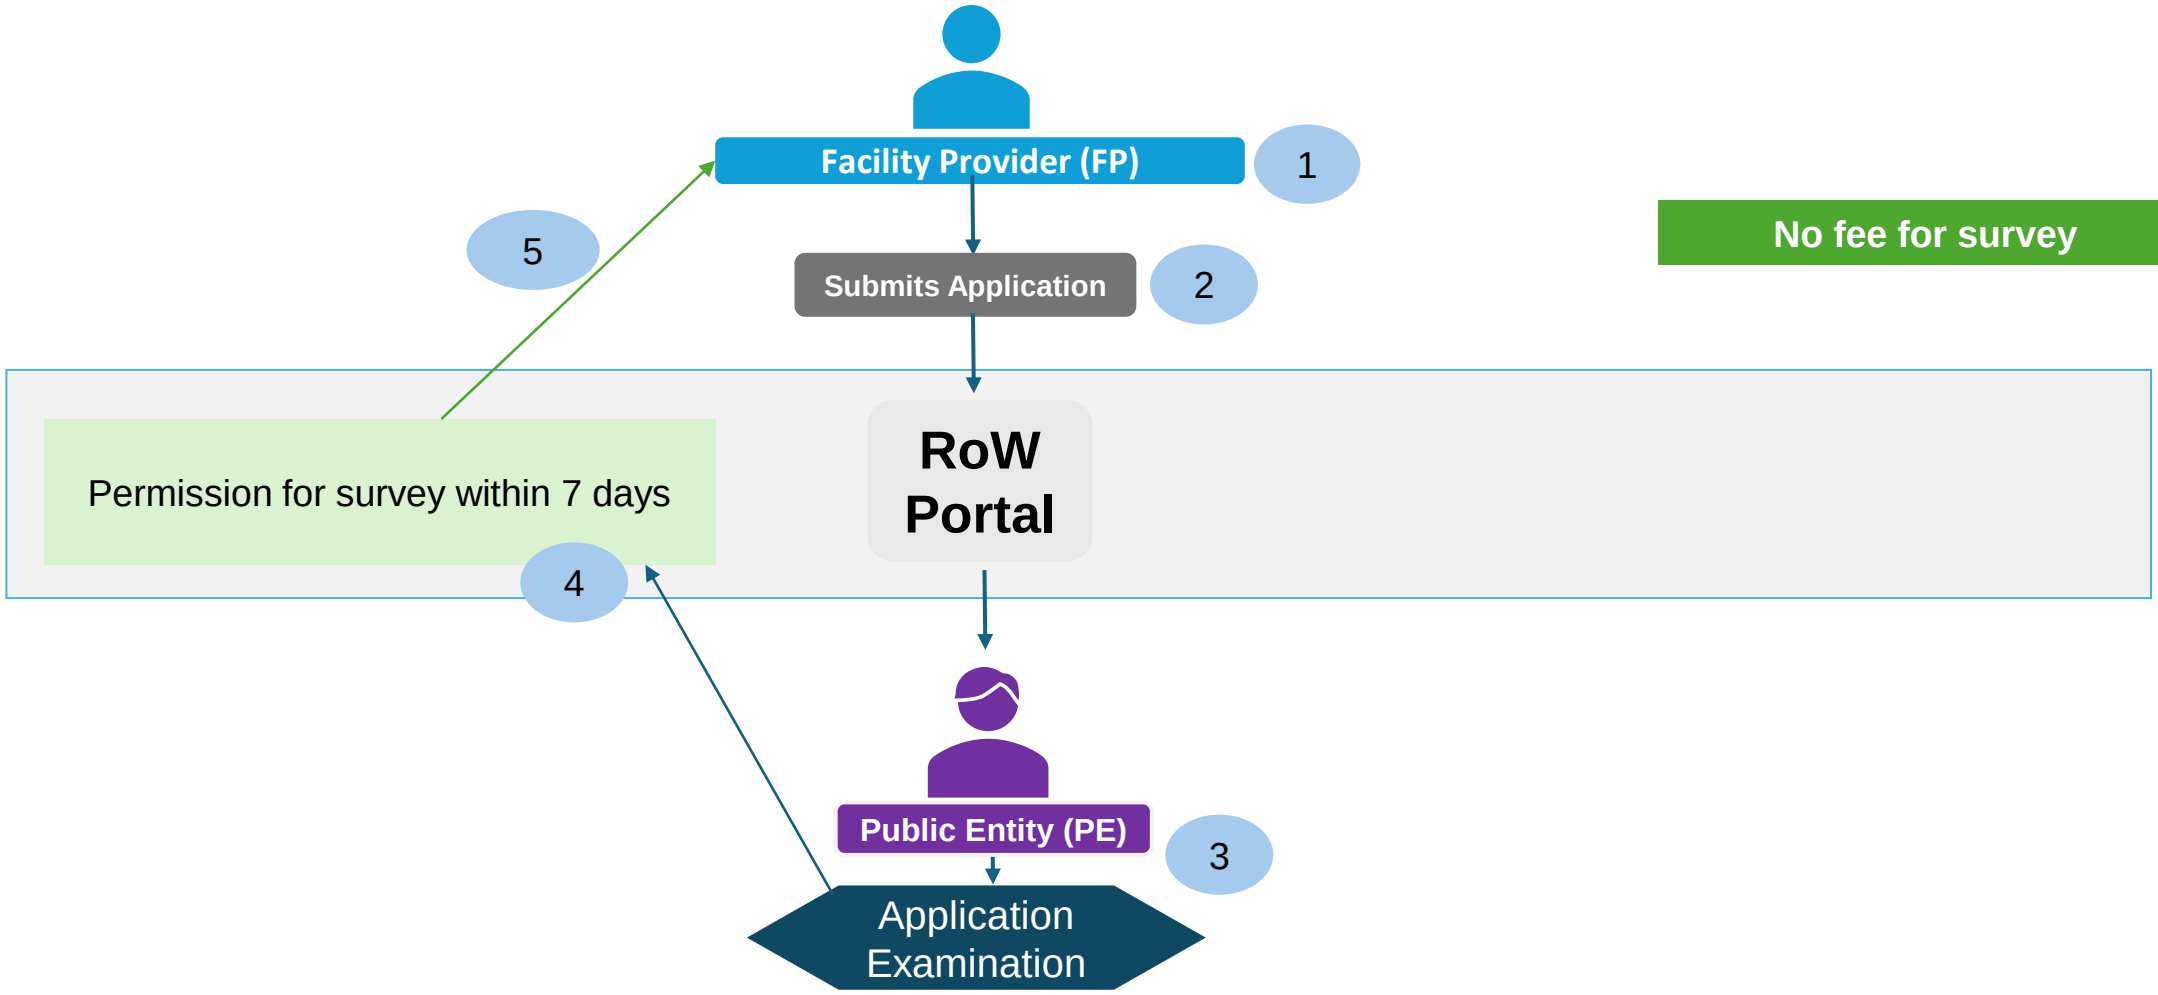
- No Permission is required
- Only information required to be submitted

(Structural Suitability required)

Remarks:- For Survey by FP, no charge **6(2)(b)**

Option of payment of annual fees in advance for a period of 5 years - **11(8)

Survey Rule- 6(2), 8(2)



No fee for survey

Establishment of temporary overground telecommunication network (Rule-10)

Facility Provider (FP)

Damage to any existing Overground/ Underground

FP may temporarily establish OG network, **no permission from PE**

FP provides the details of the damage, **on the portal**

Restoration within **a period of 60 days**, **but not later than 90 days from date of reporting**

Central Govt./State Govt.
in public interest/ special public events, issue directions

Authorised entity (FP) who can establish such temporary overground network

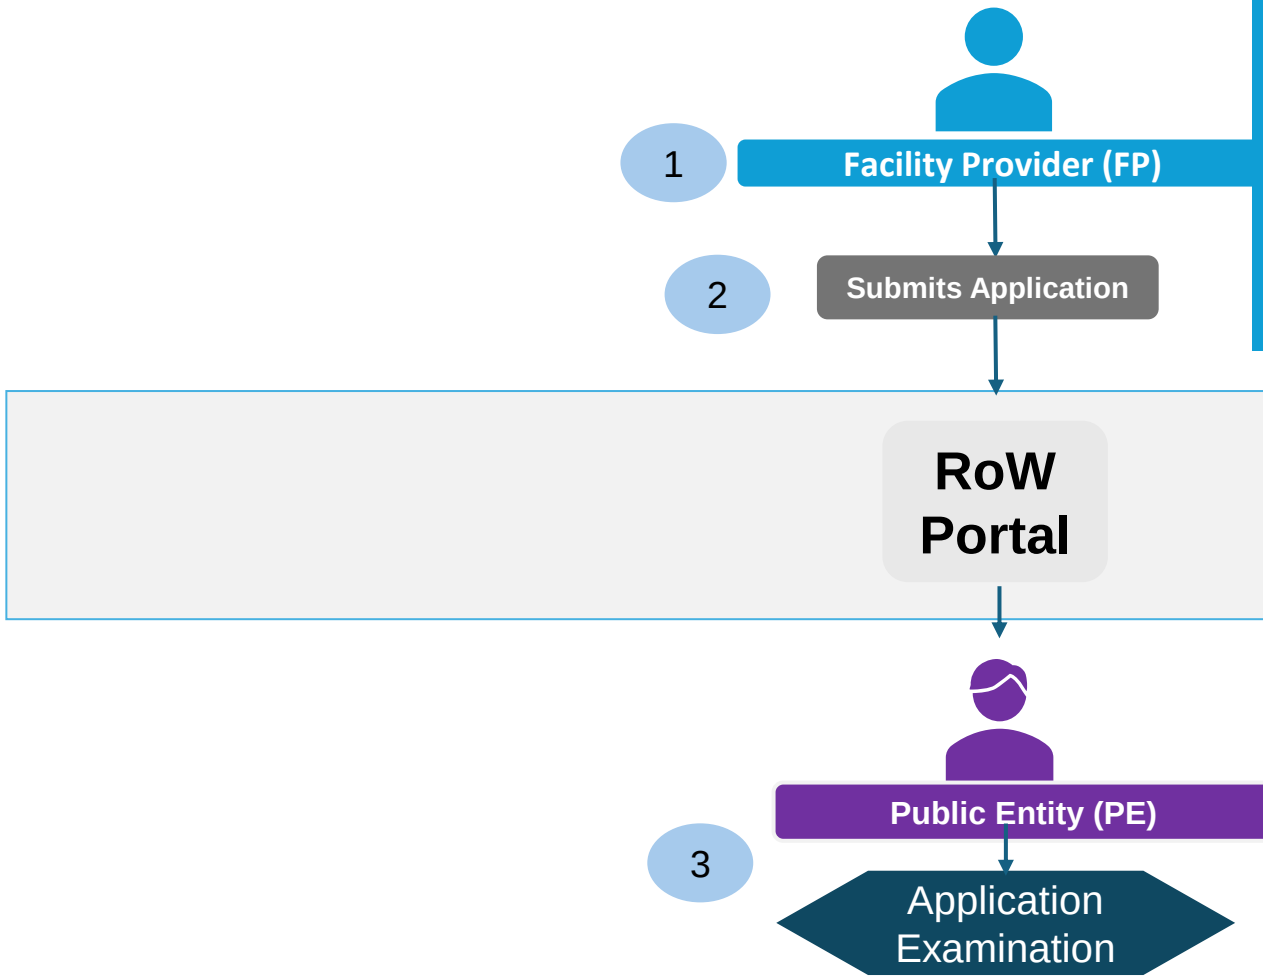
along with details (type of such telecommunication network, location, duration)

Public Entity (PE)

- To identify public property
- To provide necessary permissions within the time limits **specified**
- No fee or compensation

In case the FP seeks to use the temporary overground telecommunication **beyond the period – apply for regular permission**

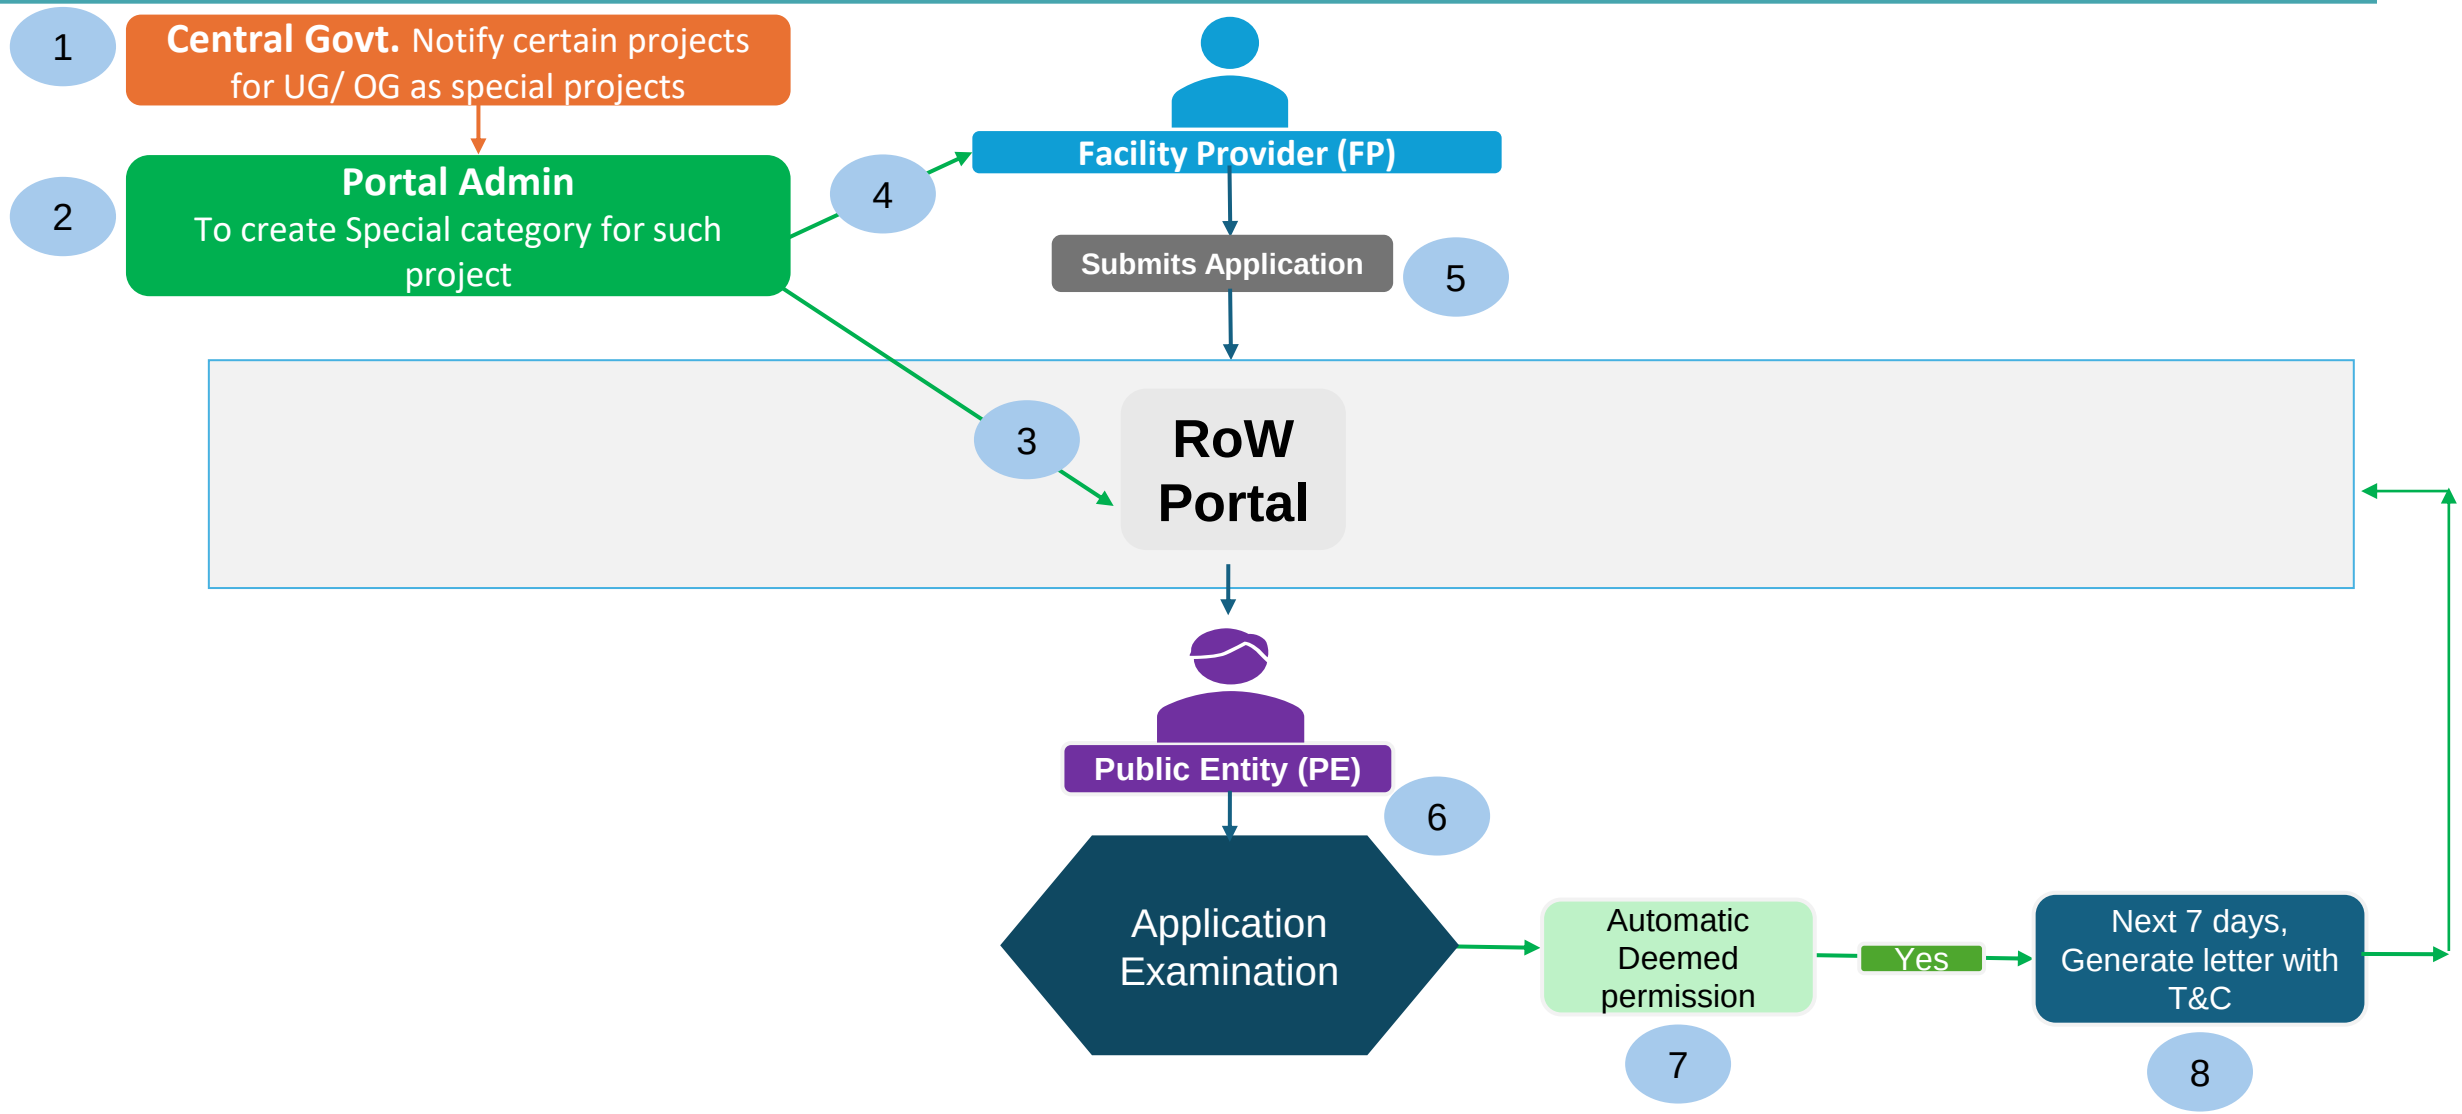
Usage of street furniture for installation of small cells and telecommunication line (Rule- 11)



- ✓ Single application for single or multiple sites
- ✓ Submit a copy of the authorisation/ license, details of the street furniture and a copy of certification by a structural engineer authorised by a PE
- ✓ FP to either restore any damage or pay compensation for any such damage, on the terms mutually agreed

- No administrative fee or compensation for use of public building. Only charges to be levied for power consumption and fixtures as per actuals
- Bulk advance payment option – 5 years annual fees

Special Project by Central Govt. in public interest (Rule-12)

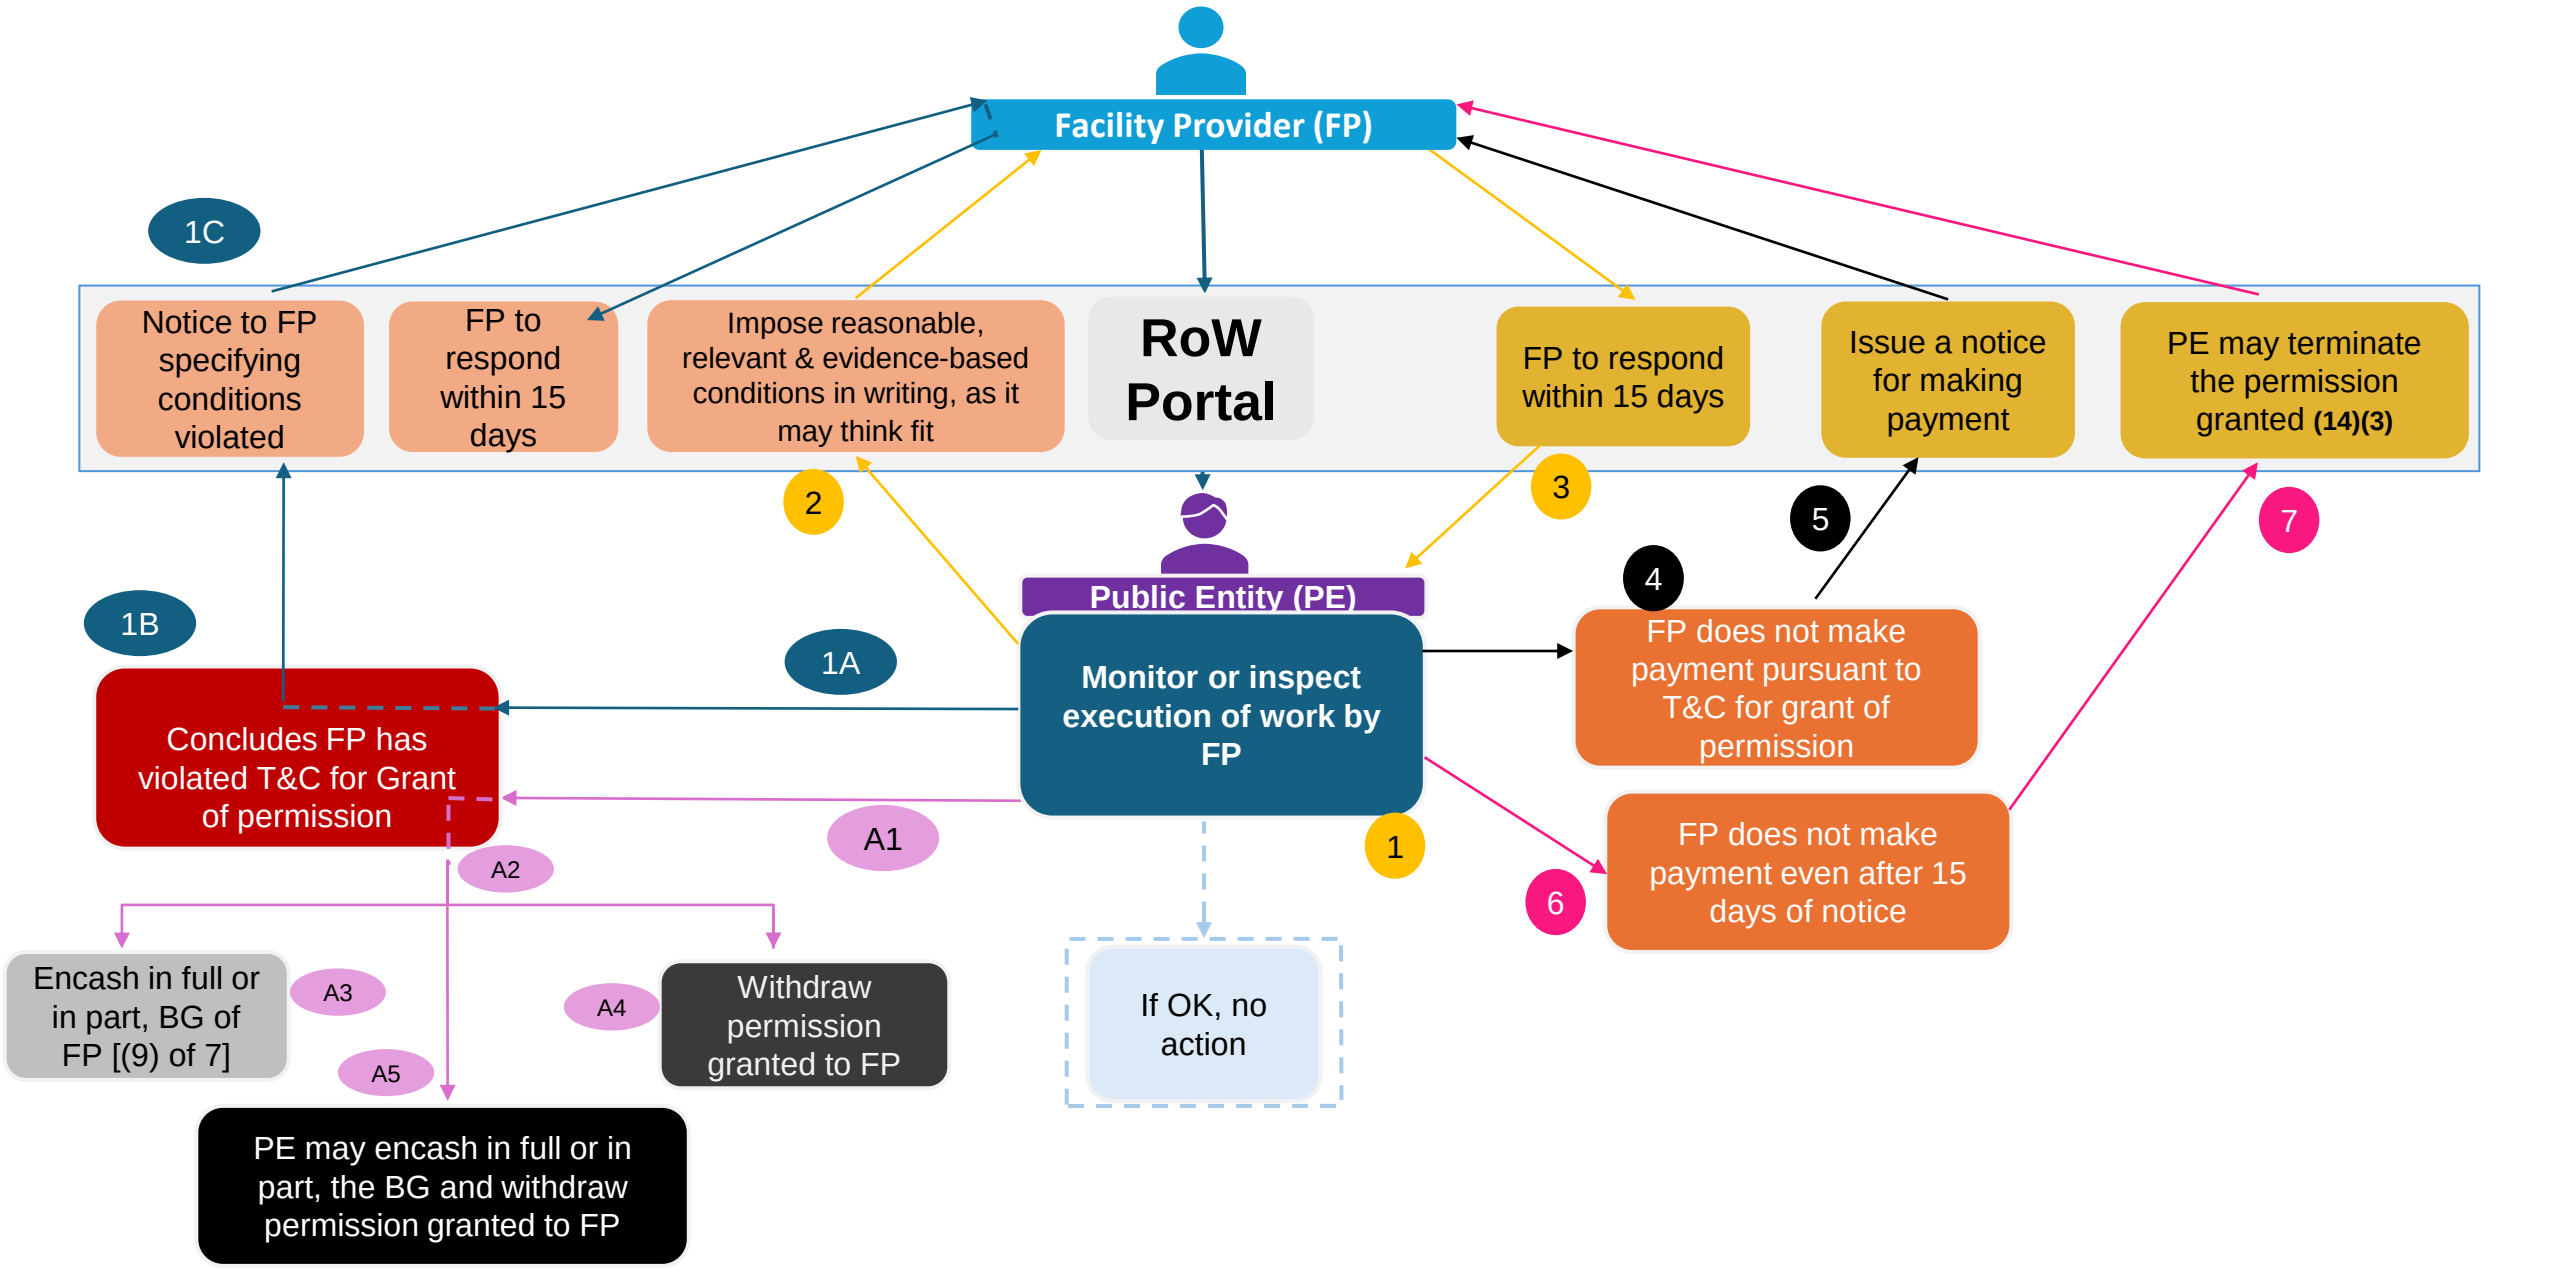


Obligations of FP after grant of RoW permission (Rule-13)

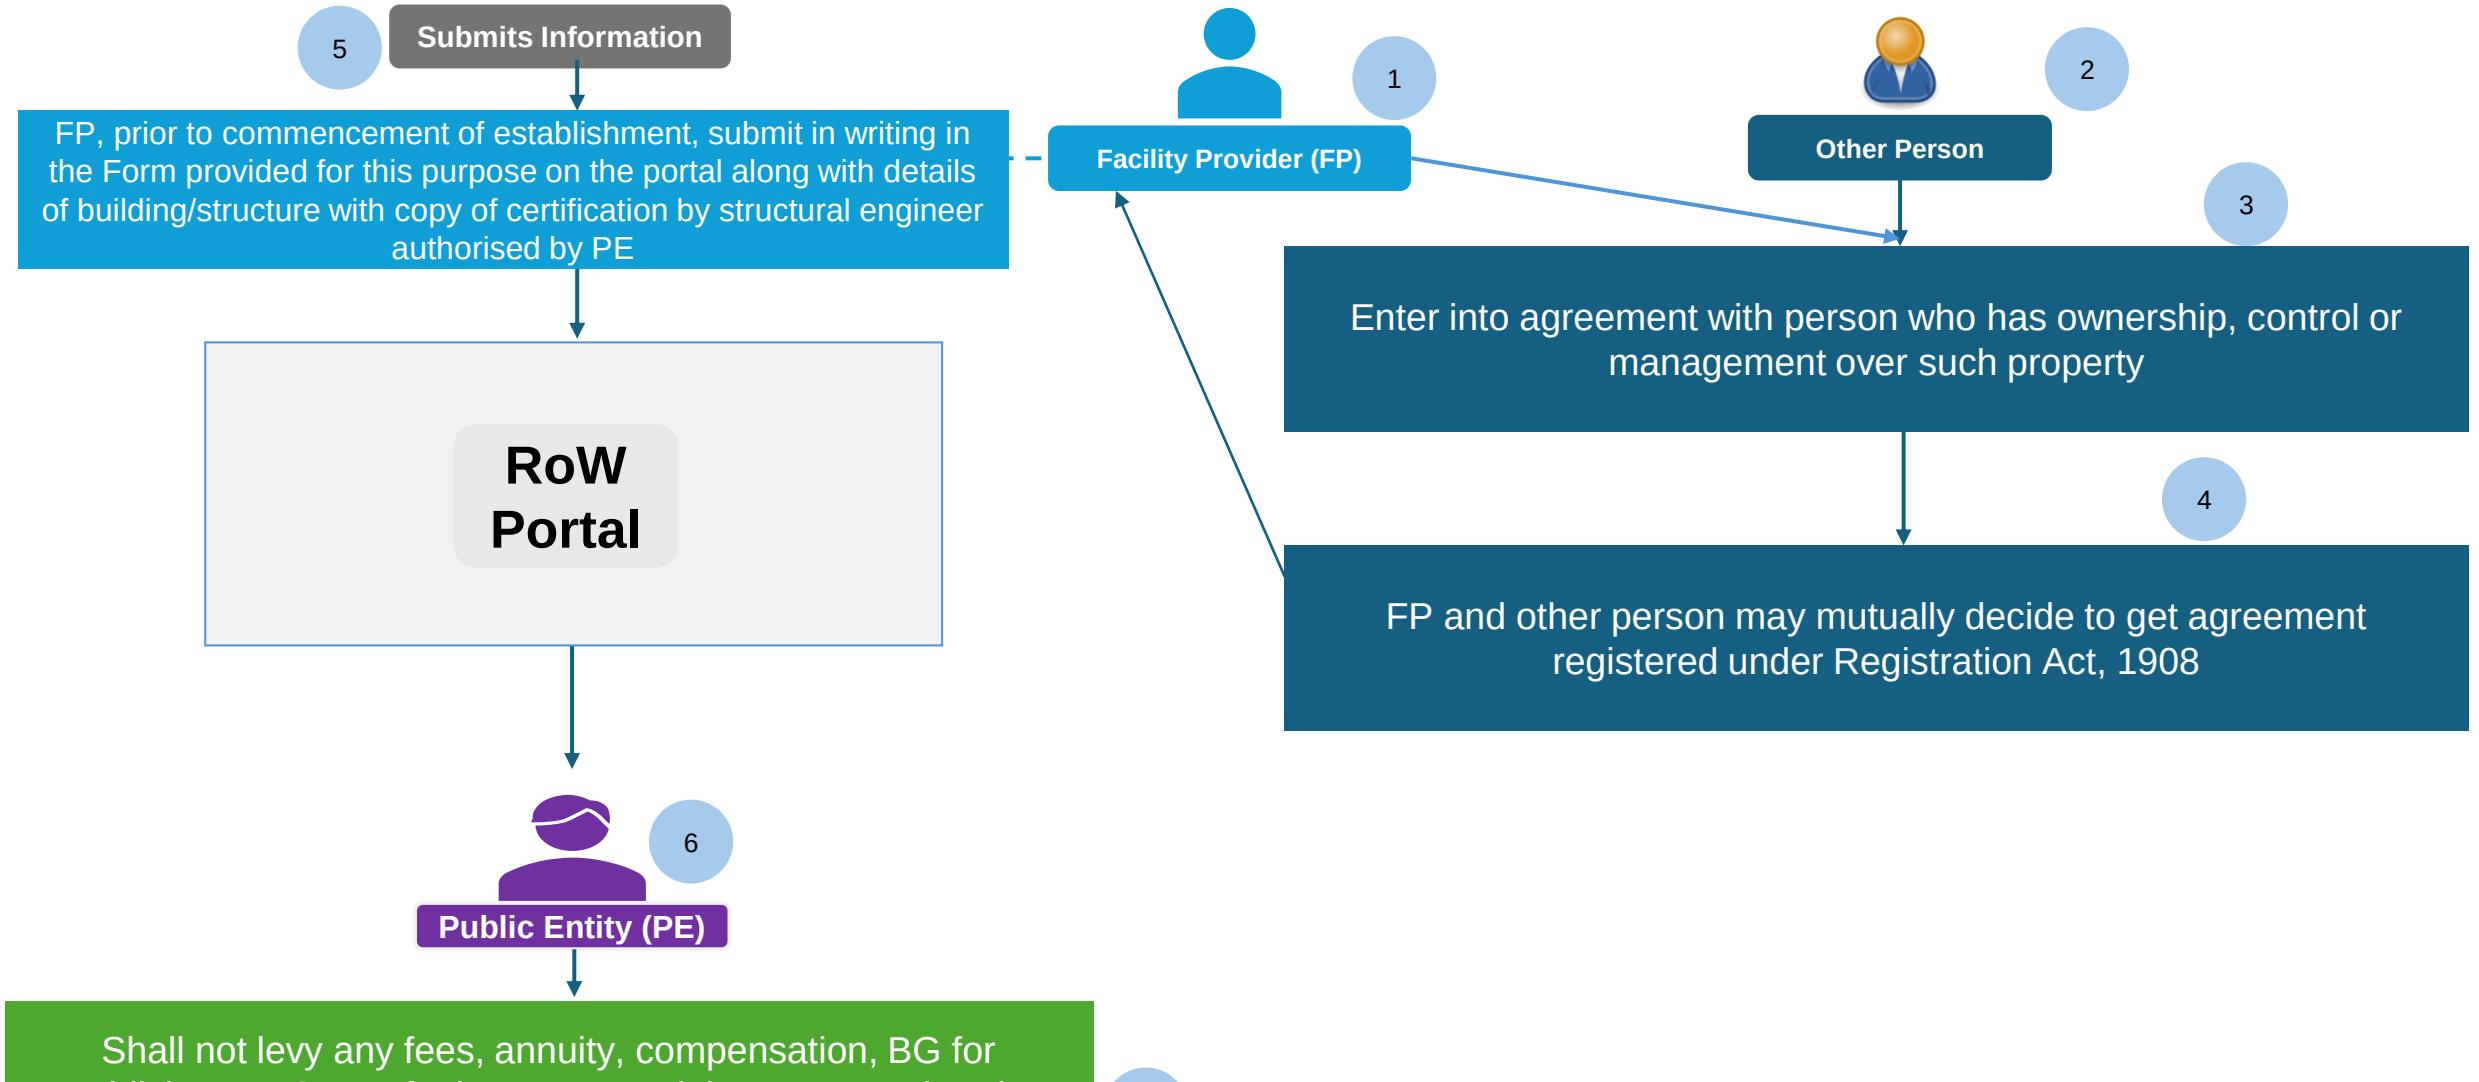
Facility Provider (FP) shall ensure-

1. Payment of all amounts as specified and adherence to the T&C
2. Implementation of measures to mitigate public inconvenience and ensure public safety including measures to ensure the Structural Safety of Overground Telecom Network
3. Maintenance of up-to-date digital information of underground telecommunication network established by that FP, including as-built information at a frequency as specified by Central Govt., through positional intelligence/other appropriate technology and to be shared/updated on demand, through the portal, with the designated officer, as may be notified by the Central Government in this behalf

Powers of Public Entity with respect to ongoing work (Rule-14)



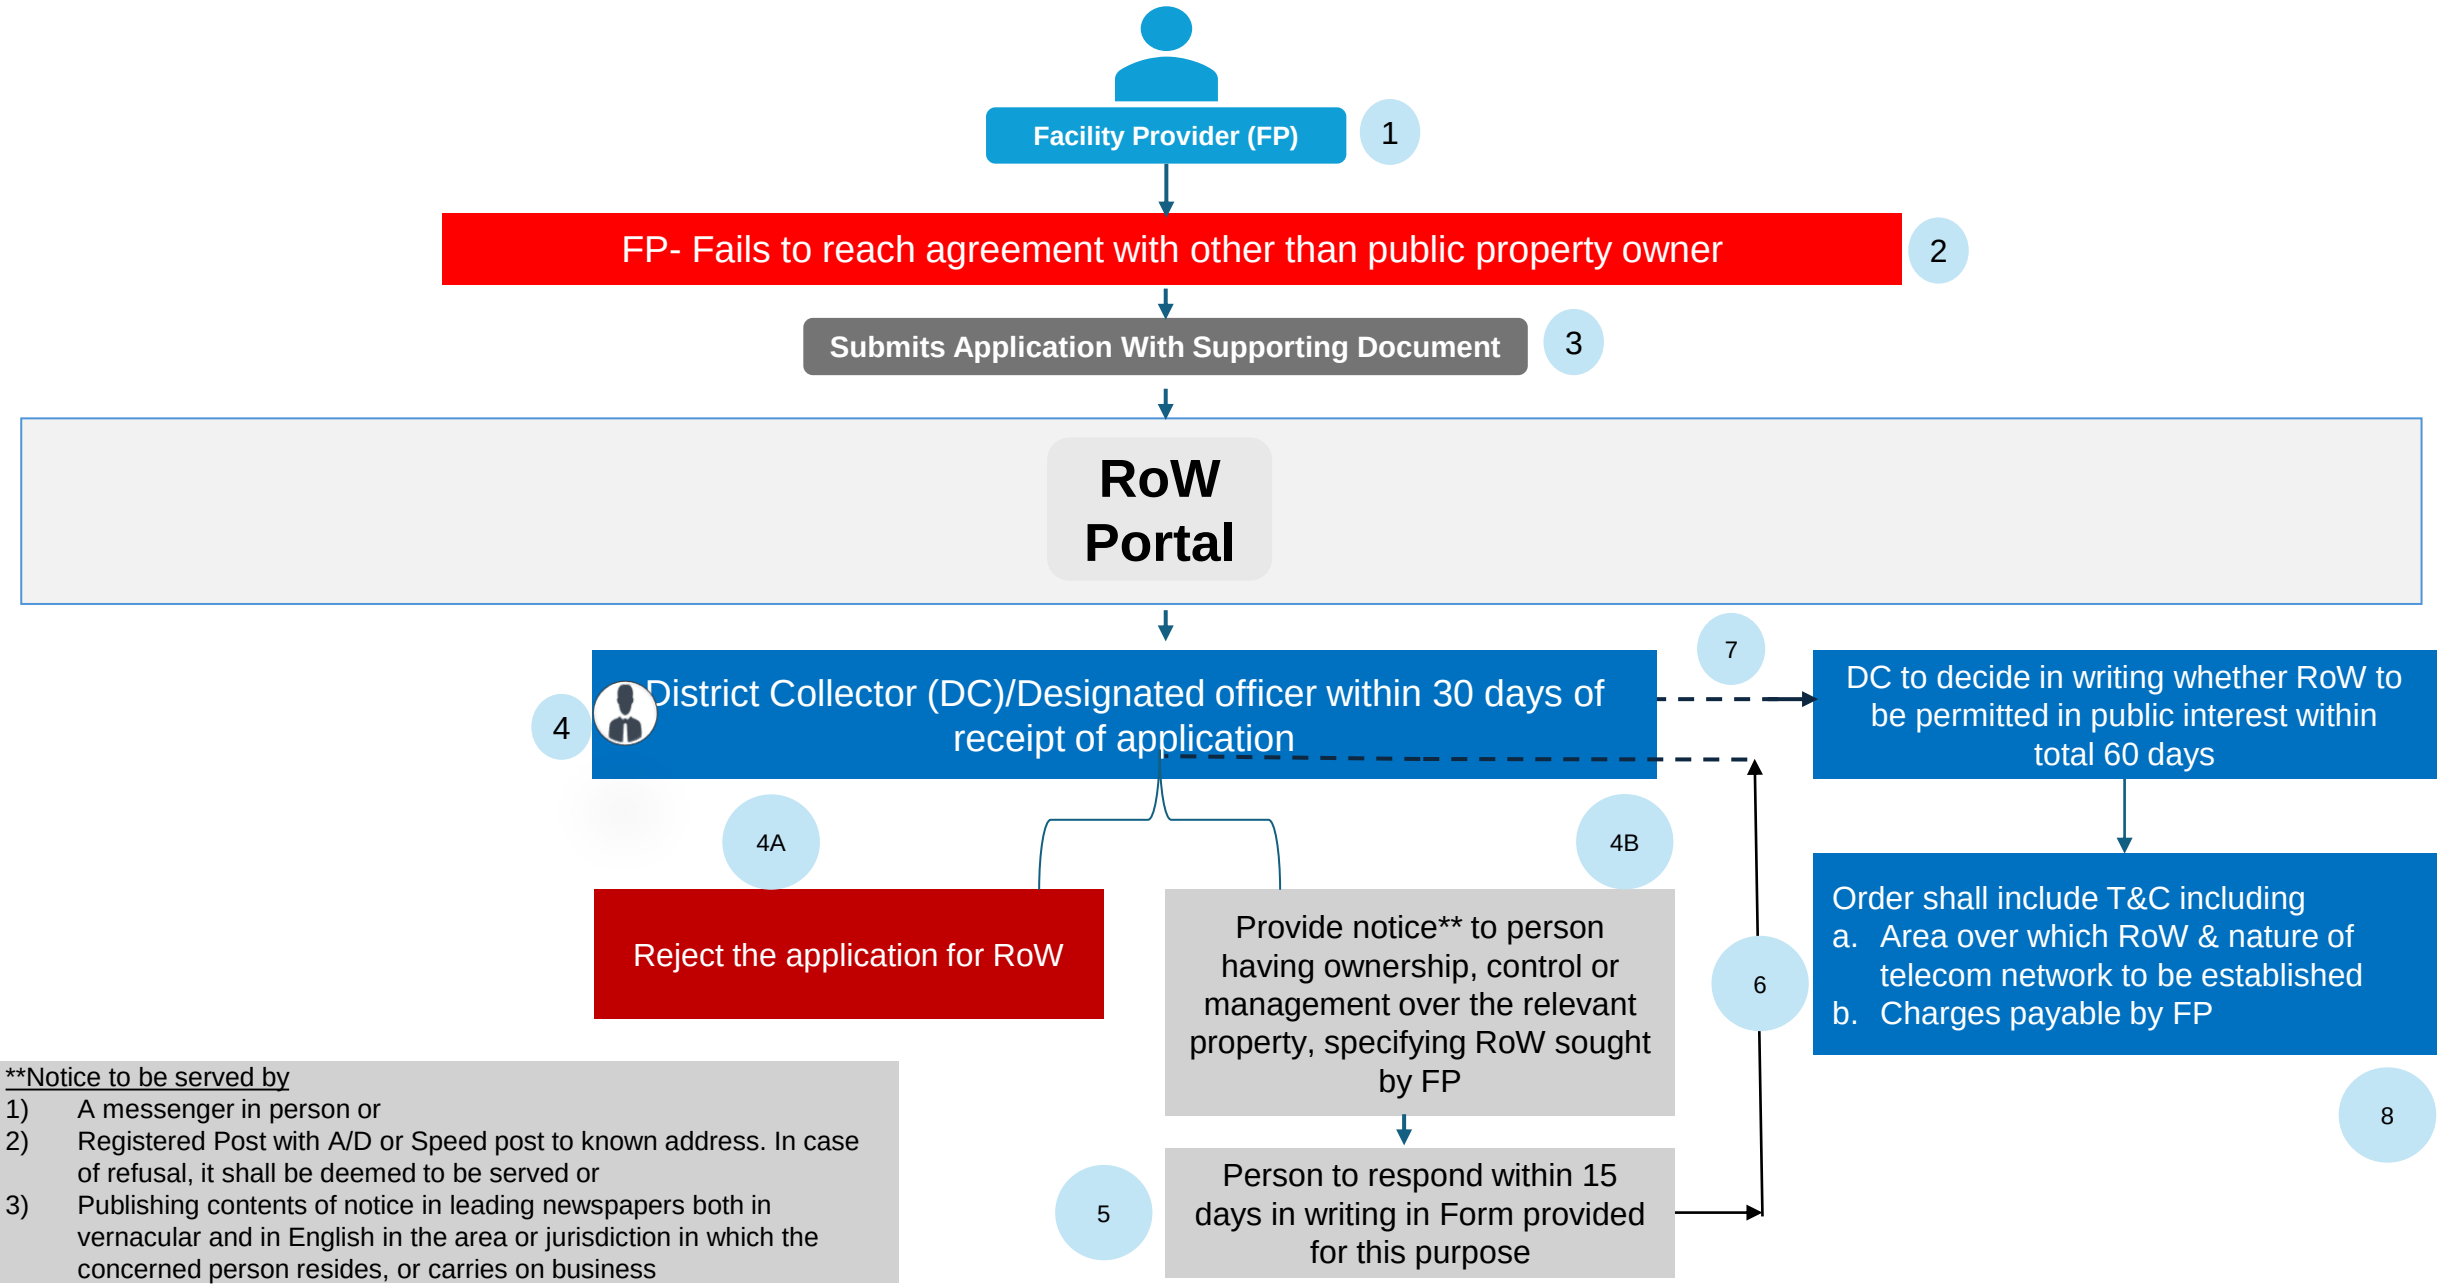
Application Process- Other than public property (Rule-15)



Note- Generate Acknowledgement Receipt

Permitting RoW (other than public property) by Central Government in public interest

(Rule-16)



Common ducts and Cable corridors (Rule-17)

Where the Central Government has notified an infrastructure project or class of infrastructure projects, **the public entity shall**

i. Make available (duct) on an open access basis, that is, non-discriminatory and non-exclusive, subject to payment of charges based on **prevailing market rates and the principle of cost recovery over a minimum period of twenty-five years**

ii. Provide for an online application process to enable facility providers to make an application

Provided that such charges shall not exceed the amount as may be notified by the Central Government from time to time

Metro Rail

- Reduces pollution
- Better air quality
- Reduces global warming
- Reduces FOREX outgo
- Reduces CO2 emission
- Lesser Congestion on roads

Common Duct

- **Avoid frequent Digging** and Excavation
- **Decrease costs** for the Nation
- **Multiple RoW permissions** can be avoided
- **Digital-ready infrastructure**
- **Improved aesthetics of the City**
- **Better for environment**

Note: Illustration shows common duct and benefits similar to Metro, not related to the rules/act.

Handling of property having Telecom network items (Rule-18, 19)

Property Owner

Person having ownership over property may decide

To remove, relocate, alter Overground/ Underground network

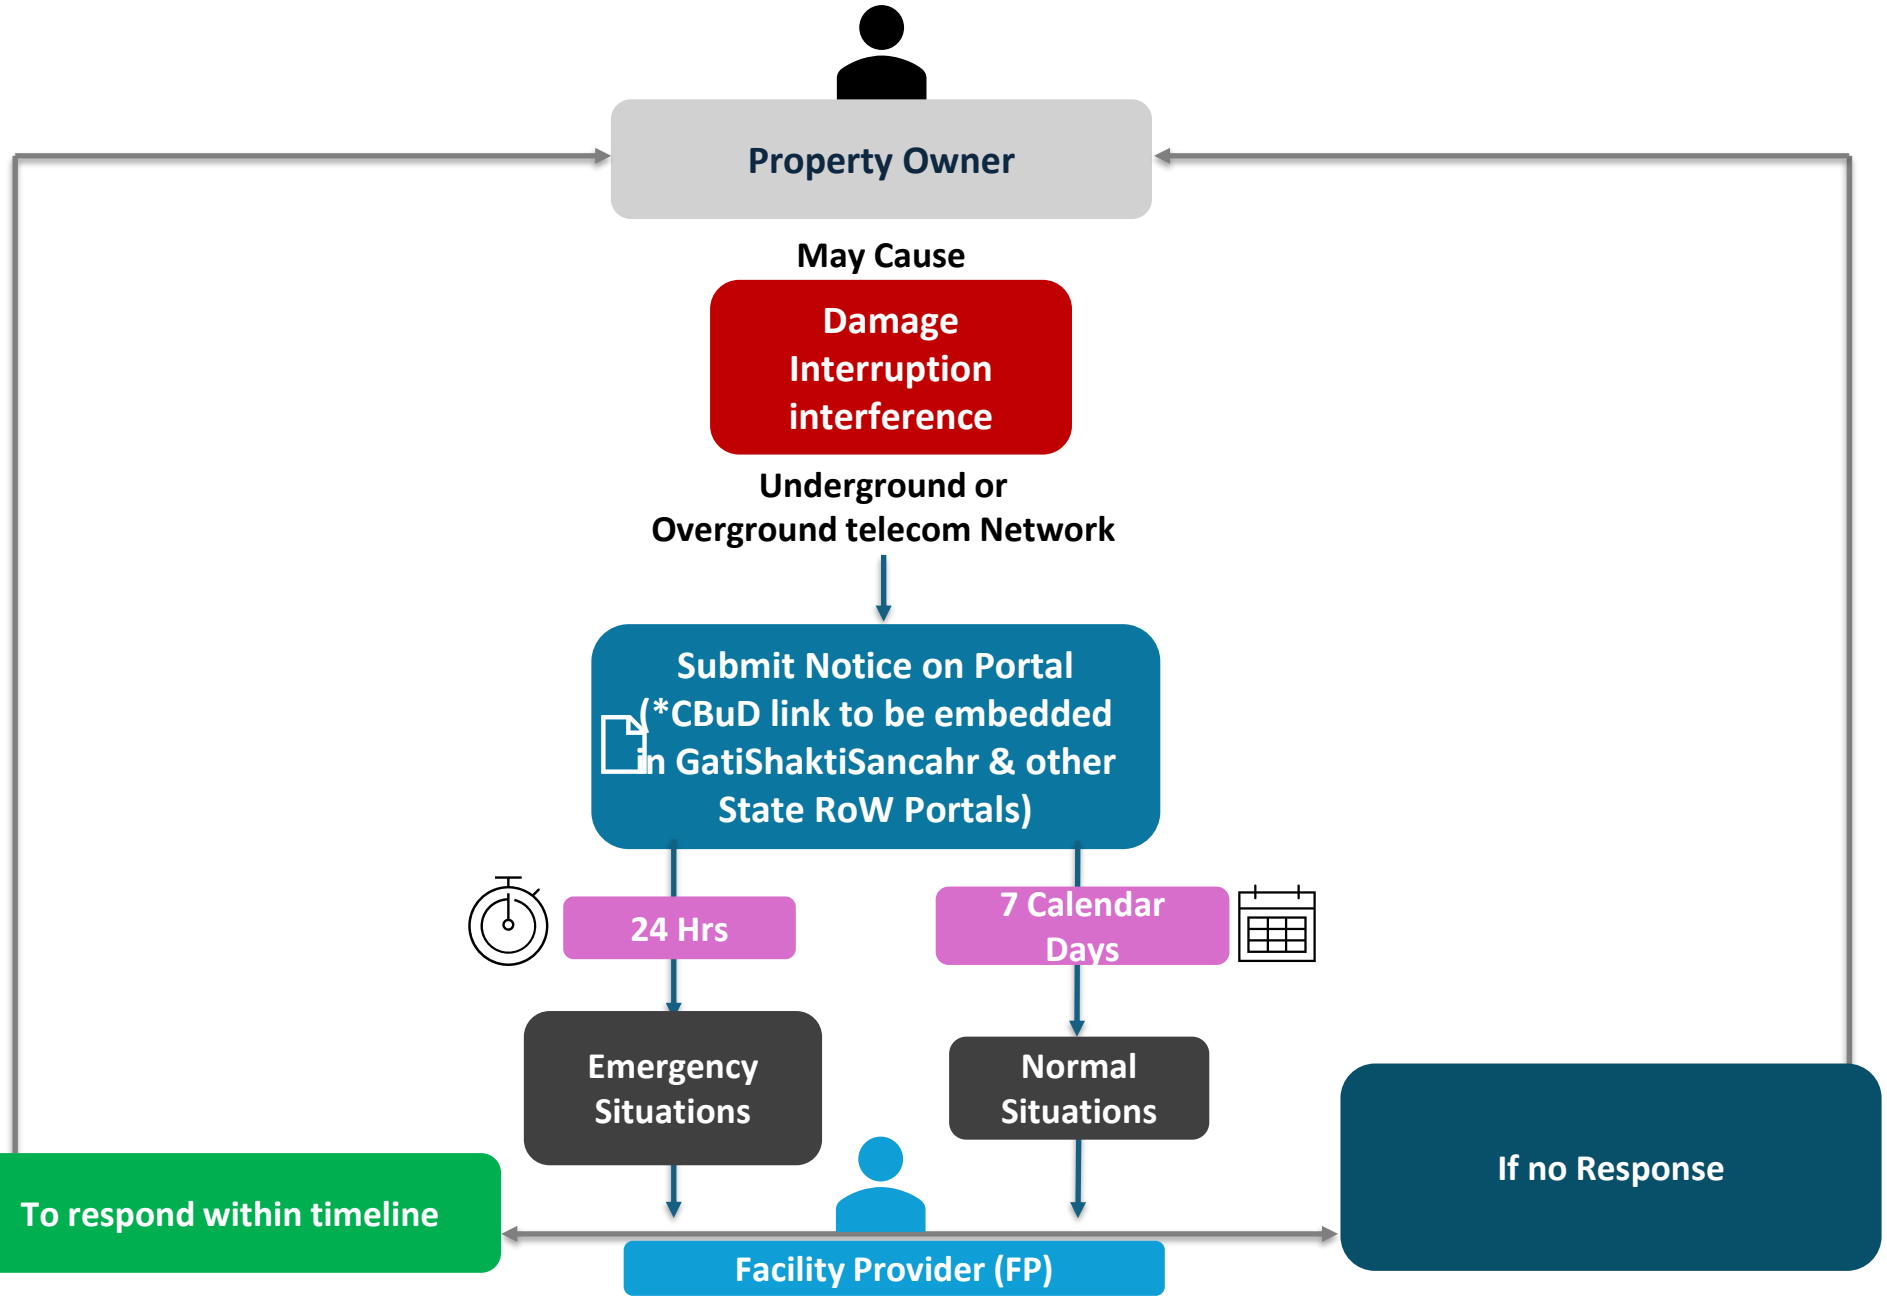
- Issue notice to FP for removal/ relocation
- Within 30 days FP to submit plan
- **FP to**
  - Ensure removal/ relocation within 90 days
  - Bear responsibility and liability including the cost for removal
  - The person issuing notice shall defray such expenses from the compensation, if any, that such person may have received from the F.P

To cause damage/ interrupt/ interfere with Overground/Underground network

- Upload on portal (*CBuD) notice to exercise legal right including presence of emergency, if any
- FP shall provide network details falling under/ over or along the property with precautionary measures to be taken
  - Within 24 hrs. for emergency case
  - In other situation, period of 7 days

*CBuD- Call Before u Dig

How to deal with property having Telecom Infra? (Rule-19, 20)



GET IT ON Google Play

Download on the App Store

*CBuD- Call Before u Dig

- In case of damage, pay damages.
- Quantum of compensation = expenses incurred in repair+restoration
- In case of dispute - **District Judge**
- Sec. 42 (1) of the chapter IX prescribes- whoever causes damage to critical telecommunication infrastructure shall be **punishable with imprisonment for a term which may extend to 3 years,** or **with fine which may extend up to 2 crore** rupees, or with both

Summary Takeaways

- State having their own portal to modify their portal by 31.12.2024
- PE shall **not levy any fee, charge, rent, annuity, or compensation or entry fee,** for access, or seek any other financial contribution in any Form
- Permission to be granted on non-discriminatory and non-exclusive basis
- The telecommunication network installed shall not be subject to any claims, encumbrances, liquidation or the like, relating to such property
- No property tax, levy, cess, fees or duties to be taken for the Telecommunication network
- No coercive action, such as sealing, preventing access, or forcible shutdown of the telecommunication network [Act- 14(4)]

To

All LSA Heads

Subject: Conduct of Licensee Inspections through Virtual/Online Mode to Supplement to Physical Inspections – regarding.

Sir/Madam,

As per existing instructions, inspections of the licensees/ registration holders are to be carried out by the LSAs as under:

(i) **For new ISP licensees**: Inspection to be carried out within one year of commencement of operations, irrespective of category.

(ii) **For existing ISPs**:

Category ‘A’: Annually
Category ‘B’: Once in two years
Category ‘C’: Once in three years

(iii) **For ILD and NLD licensees**: Inspection to be conducted annually.

(iv) **Access Services**: Inspection to be conducted annually.

(v) **Infrastructure Provider -I (IP-I) registrants**: Annually.

2. During interactions with the LSAs, some larger LSAs wherein number of inspections to be conducted is significantly high, have expressed difficulty in achieving the targets due to constraints of manpower and other operational limitations.

3. In this context, considering the difficulties being faced by the LSAs, it has been decided that in cases where it is not becoming feasible to achieve the prescribed inspection targets solely through **physical** inspections, LSAs may supplement physical inspections with **virtual/online** inspections, as an alternative measure. Such virtual inspections may be conducted by obtaining the duly filled inspection proforma from the concerned licensees and examining the same through virtual mode, ensuring that all critical compliance parameters are adequately verified.

4. It is however, emphasized that LSAs should endeavour to maximize the physical inspections to the extent feasible, strictly in accordance with the extant inspection target. Further, LSAs may ensure that at least the number of inspections as provided in ranking framework issued vide letter dated 31.12.2025 are conducted by physical mode only.

5. Also, only active licensees (licensees providing services) should be inspected and the licensees which have not yet started the services may not be inspected. IP-I registrants may be treated at par with ISP-C category licensees, and their inspection may be done once in every three years.

6. All LSAs are requested to complete 100% of their inspection targets (as per para 1 and para 5 above and not limited to LSA ranking framework) for the current financial year by 31.03.2026.

7. This issues with the approval of the competent authority.

Assistant Director General (Technology)

सत्यमेव जयते

The Make in India logo is derived from India's national emblem. The wheel denotes peaceful progress and dynamism – a sign from India's enlightened past, pointing the way to a vibrant future. The prowling lion stands for strength, courage, tenacity and wisdom – values that are every bit as Indian today as they have ever been.
